See notes to condensed consolidated financial statements

Unless otherwise indicated in this Quarterly Report on Form 10-Q "the Company", "we", "us", "our" and similar terms refer to DaVita Inc. and its consolidated subsidiaries.

1. Condensed consolidated interim financial statements

The condensed consolidated interim financial statements included in this report are prepared by the Company without audit. In the opinion of management, all adjustments necessary for a fair presentation of the results of operations are reflected in these consolidated interim financial statements. All significant intercompany accounts and transactions have been eliminated. The preparation of these financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses. The most significant estimates and assumptions underlying these financial statements and accompanying notes generally involve revenue recognition and accounts receivable, contingencies, impairments of goodwill and other long-lived assets, fair value estimates, accounting for income taxes, variable compensation accruals, consolidation of variable interest entities, purchase accounting valuation estimates, long-term incentive program compensation and medical liability claims. The results of operations for the three months ended March 31, 2017 are not necessarily indicative of the operating results for the full year. The condensed consolidated interim financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2016. Prior year balances and amounts have been reclassified to conform to the current year presentation. The Company has evaluated subsequent events through the date these condensed consolidated financial statements were issued and has included all necessary adjustments and disclosures.

2. Earnings per share

Basic net income per share is calculated by dividing net income attributable to the Company, adjusted for any change in noncontrolling interests redemption rights in excess of fair value, by the weighted average number of common shares and vested stock units outstanding, net of shares held in escrow from the DaVita HealthCare Partner merger that under certain circumstances may be returned to the Company.

Diluted net income per share includes the dilutive effect of outstanding stock-settled stock appreciation rights and unvested stock units (under the treasury stock method) as well as contingently returnable shares held in escrow.

The reconciliations of the numerators and denominators used to calculate basic and diluted earnings per share are as follows:

	Three months ended March 31,	
	2017	**2016**
Basic:		
Net income attributable to DaVita Inc.	$ 447,697	$ 97,434
Weighted average shares outstanding during the period	194,571	206,561
Contingently returnable shares held in escrow from the DaVita HealthCare Partners merger	(2,194)	(2,194)
Weighted average shares for basic earnings per share calculation	192,377	204,367
Basic net income per share attributable to DaVita Inc.	$ 2.33	$ 0.48
Diluted:		
Net income attributable to DaVita Inc.	$ 447,697	$ 97,434
Weighted average shares outstanding during the period	194,571	206,561
Assumed incremental shares from stock plans	710	1,367
Weighted average shares for diluted earnings per share calculation	195,281	207,928
Diluted net income per share attributable to DaVita Inc.	$ 2.29	$ 0.47
Anti-dilutive potential common shares excluded from calculation[(1)]	3,427	2,273

(1) Shares associated with stock-settled stock appreciation rights that are excluded from the diluted denominator calculation because they are anti-dilutive under the treasury stock method.

3. Accounts receivable

Accounts receivable are reduced by an allowance for doubtful accounts. In evaluating the ultimate collectability of accounts receivable, the Company analyzes its historical cash collection experience and trends for each of its government payors and commercial payors to estimate the adequacy of the allowance for doubtful accounts and the amount of the provision for uncollectible accounts. Management regularly updates its analysis based upon the most recent information available to determine its current provision for uncollectible accounts and the adequacy of its allowance for doubtful accounts.

For receivables associated with dialysis patient services covered by Medicare, the Company receives 80% of the payment directly from Medicare as established under the government's bundled payment system and determines an appropriate allowance for doubtful accounts and provision for uncollectible accounts on the remaining balance due depending upon the Company's estimate of the amounts ultimately collectible from other secondary coverage sources or from the patients. For receivables associated with services to patients covered by commercial payors that are either based upon contractual terms or for non-contracted health plan coverage, the Company provides an allowance for doubtful accounts by recording a provision for uncollectible accounts based upon its historical collection experience, potential inefficiencies in its billing processes and for which collectability is determined to be unlikely.

For receivables associated with the Company's capitated health plans, the balances remain on the balance sheet for as long as the respective plan years are open, which varies by health plan, but is generally two years in length, with collections occurring on a periodic basis throughout the duration of the corresponding plan year.

Approximately 1% of the Company's net accounts receivable are associated with patient pay. The Company's policy is to reserve 100% of the outstanding accounts receivable balances for dialysis services when those amounts due have been outstanding for more than three months and to reserve 100% of the outstanding accounts receivable balances for DaVita Medical Group's (DMG, formerly known as HealthCare Partners or HCP) services when those amounts due have been outstanding for more than twelve months and when the amount is not subject to a payment plan.

During the three months ended March 31, 2017, the Company's allowance for doubtful accounts decreased by $9,594. This was primarily due to a decrease in outstanding balances and an increase in write-offs of aged balances related to the U.S. dialysis and related lab business. There were no unusual transactions impacting the allowance for doubtful accounts.

4. Investments in debt and equity securities

The Company classifies certain debt securities as held-to-maturity and records them at amortized cost based on the Company's intentions and strategy concerning those investments. Equity securities that have readily determinable fair values, and certain other financial instruments that have readily determinable fair values or redemption values, are classified as available-for-sale and recorded at fair value.

The Company's investments in these securities and certain other financial instruments consist of the following:

	March 31, 2017			December 31, 2016		
	Held to maturity	Available for sale	Total	Held to maturity	Available for sale	Total
Certificates of deposit, commercial paper and money market funds due within one year	$ 312,065	$ —	$ 312,065	$ 256,827	$ —	$ 256,827
Investments in mutual funds and common stock	—	48,124	48,124	50,000	47,404	97,404
Cash surrender value of life insurance policies	—	61,444	61,444	—	59,646	59,646
	$ 312,065	$ 109,568	$ 421,633	$ 306,827	$ 107,050	$ 413,877
Short-term investments	$ 312,065	$ 1,200	$ 313,265	$ 306,827	$ 3,371	$ 310,198
Long-term investments	—	108,368	108,368	—	103,679	103,679
	$ 312,065	$ 109,568	$ 421,633	$ 306,827	$ 107,050	$ 413,877

The cost of the certificates of deposit, commercial paper and money market funds at March 31, 2017 and December 31, 2016 approximates their fair value. As of March 31, 2017 and December 31, 2016, the available-for-sale investments included $5,585 and $3,701 of gross pre-tax unrealized gains, respectively. During the three months ended March 31, 2017, the Company recorded gross pre-tax unrealized gains of $2,113, or $1,559 after tax, in other comprehensive income associated with changes in the fair value of these investments. During the three months ended March 31, 2017, the Company sold investments in mutual funds and debt securities for net proceeds of $4,025 and recognized a pre-tax gain of $229, or $140 after-tax, which was previously recorded in other comprehensive income. During the three months ended March 31, 2016, the Company sold investments in mutual funds for net proceeds of $1,062 and recognized a pre-tax gain of $152, or $93 after-tax, which was previously recorded in other comprehensive income.

The investments in mutual funds classified as available-for-sale are held within a trust to fund existing obligations associated with several of the Company's non-qualified deferred compensation plans.

Investments in life insurance policies are carried at their cash surrender value, are held within trusts to fund existing obligations associated with certain of the Company's non-qualified deferred compensation plans, and are principally classified as long-term to correspond with the long-term classification of the related plan liabilities.

Certain DMG legal entities are required to maintain minimum cash balances in order to comply with regulatory requirements in conjunction with medical claim reserves. As of March 31, 2017, this minimum cash balance was approximately $61,567.

5. Equity investments

Equity investments that do not have readily determinable fair values are carried on the cost or equity method, as applicable. The Company maintains equity method investments in nonconsolidated investees in both its Kidney Care and DMG lines of business, as well as minor cost method investments in private securities of certain other healthcare businesses. The Company classifies its non-marketable cost- or equity-method investments as equity investments on its balance sheet.

Equity investments in nonconsolidated businesses were $521,848 and $502,389 at March 31, 2017 and December 31, 2016, respectively. The increase in equity investments was primarily due to an increase in the number of nonconsolidated entities. During the first quarters of 2017 and 2016, the Company recognized equity investment income of $3,935 and $1,387, respectively, relating to equity investments in nonconsolidated businesses under the equity method of accounting.

6. Goodwill

Changes in goodwill by reportable segments were as follows:

	U.S. dialysis and related lab services	DMG	Other-ancillary services and strategic initiatives	Consolidated total
Balance at January 1, 2016	$ 5,629,183	$ 3,398,264	$ 267,032	$ 9,294,479

The Company elected to early adopt ASU No. 2017-04, *Intangibles-Goodwill and Other (Topic 350): Simplifying the Test for Goodwill Impairment* effective for the quarter ended March 31, 2017. The amendments in this ASU simplify the test for goodwill impairment by eliminating the second step in the assessment. All goodwill impairment tests performed during the quarter ended March 31, 2017 were performed under this new guidance.

Each of the Company's operating segments described in Note 17 to these condensed consolidated financial statements represents an individual reporting unit for goodwill impairment testing purposes, except that each sovereign jurisdiction within the Company's international operating segments is considered a separate reporting unit.

Within the U.S. dialysis and related lab services operating segment, the Company considers each of its dialysis centers to constitute an individual business for which discrete financial information is available. However, since these dialysis centers have similar operating and economic characteristics, and the allocation of resources and significant investment decisions concerning these businesses are highly centralized and the benefits broadly distributed, the Company has aggregated these centers and deemed them to constitute a single reporting unit.

The Company has applied a similar aggregation to the DMG operations in each region, to the vascular access service centers in its vascular access reporting unit, to the physician practices in its physician services and direct primary care reporting units, and to the dialysis centers within each international reporting unit. For the Company's other operating segments, discrete business components below the operating segment level constitute individual reporting units.

Based on continuing developments at the Company's DMG and vascular access reporting units during the first quarter of 2017, the Company performed impairment assessments for certain at-risk reporting units.

The Company has recognized goodwill impairment charges as shown and discussed below:

	Three months ended	
Reporting unit	March 31, 2017	March 31, 2016
DMG Nevada	$ —	$ 77,000
Vascular access	24,198	—
Total	$ 24,198	$ 77,000

During the quarter ended December 31, 2016, the Company determined that circumstances indicated it had become more likely than not that the goodwill of its vascular access reporting unit had become impaired. These circumstances included changes in future governmental reimbursement and the Company's expected ability to mitigate them. Specifically, on November 2, 2016, the Centers for Medicare and Medicaid Services (CMS) released the 2017 Physician Fee Schedule Final Rule and the Ambulatory Surgical Center Payment Final Rule which reflected significant changes in reimbursement structure for this business unit. Accordingly, the Company performed the required valuations to estimate the fair value of the net assets and implied goodwill of this reporting unit and recognized a goodwill impairment charge of $28,415 in the fourth quarter of 2016.

During the quarter ended March 31, 2017, the Company recognized an incremental goodwill impairment charge of $24,198 at its vascular access reporting unit. This additional charge resulted primarily from changes in the Company's outlook since the fourth quarter of 2016. The Company's partners and operators have been evaluating potential changes in operations, including termination of their management services agreements and center closures, as a result of recent changes in Medicare reimbursement. These ongoing evaluations could lead to additional impairment charges in future quarters.

During the quarter ended March 31, 2016, the Company recognized goodwill impairment charges of $77,000 at its DMG Nevada reporting unit. This charge resulted primarily from changes in expectations concerning government reimbursement and the Company's expected ability to mitigate them, medical cost trends, and other market conditions.

Further reductions in reimbursement rates, increases in medical cost or utilization trends, or other significant adverse changes in expected future cash flows or valuation assumptions could result in goodwill impairment charges in the future for the following reporting units, which remain at risk of goodwill impairment:

			Sensitivities	
Reporting unit	Goodwill balance as of March 31, 2017	Carrying amount coverage[1]	Operating income[2]	Discount rate[3]
DMG Nevada	$ 261,204	14.0%	(2.7)%	(3.9)%
DMG Florida	$ 447,073	10.5%	(1.6)%	(2.8)%
DMG New Mexico	$ 70,926	4.9%	(1.5)%	(2.3)%
DMG Washington	$ 245,576	2.0%	(1.7)%	(3.0)%
Vascular Access	$ 10,498	0.0%	(1.7)%	(4.9)%

(1) Excess of estimated fair value of the reporting unit over carrying amount as of the latest assessment date.
(2) Potential impact on estimated fair value of a sustained, long-term reduction of 3% in operating income as of the latest assessment date.
(3) Potential impact on estimated fair value of an increase in discount rates of 100 basis points as of the latest assessment date.

Except as described above, none of the Company's various other reporting units were considered at risk of goodwill impairment as of March 31, 2017. Since the dates of the Company's last annual goodwill impairment tests, there have been certain developments, events, changes in operating performance and other changes in key circumstances that have affected the Company's businesses. However, except as further described above, these did not cause management to believe it is more likely than not that the fair value of any of its reporting units would be less than their carrying amounts.

7. Medical payables

The following table includes estimates for the cost of professional medical services provided by non-employed physicians and other providers, as well as inpatient and other ancillary costs, other than California's non-global risk contracts. The Company does not include inpatient and other ancillary costs for non-global risk contracts held in California, as state regulation does not allow medical group entities to assume risk for inpatient services. Healthcare costs payable are included in medical payables in the condensed consolidated balance sheet.

The following table shows the components of changes in health care costs payable for the three months ended March 31, 2017:

	Three months ended March 31, 2017
Healthcare costs payable, beginning of the period	$ 214,275
Add: Components of incurred health care costs	
Current year	467,683
Prior years	421
Total incurred health care costs	468,104
Less: Claims paid	
Current year	247,723
Prior years	172,693
Total claims paid	420,416
Healthcare costs payable, end of the period	$ 261,963

The Company's prior year estimates of healthcare costs payable resulted in medical claims being settled for different amounts than originally estimated. When significant increases (decreases) in prior-year health care cost estimates occur that the Company believes significantly impact its current year operating results, the Company discloses that amount as unfavorable (favorable) development of prior-year's health care cost estimates. Actual claim payments for prior year services have not been materially different from the Company's year-end estimates.

8. Income taxes

As of March 31, 2017, the Company's total liability for unrecognized tax benefits relating to tax positions that do not meet the more-likely-than-not threshold was $26,399, all of which would impact the Company's effective tax rate if recognized. This balance represents an increase of $2,333 from the December 31, 2016 balance of $24,066.

The Company recognizes accrued interest and penalties related to unrecognized tax benefits in its income tax expense. At March 31, 2017 and December 31, 2016, the Company had approximately $2,776 and $2,595, respectively, accrued for interest and penalties related to unrecognized tax benefits, net of federal tax benefits.

9. Long-term debt

Long-term debt was comprised of the following:

	March 31, 2017	December 31, 2016
Senior secured credit facilities:		
Term Loan A	$ 843,750	$ 862,500
Term Loan B	3,403,750	3,412,500
Senior notes	4,500,000	4,500,000
Acquisition obligations and other notes payable	120,952	117,547
Capital lease obligations	296,505	299,682
Total debt principal outstanding	9,164,957	9,192,229
Discount and deferred financing costs	(75,862)	(79,861)
	9,089,095	9,112,368
Less current portion	(170,217)	(165,041)
	$ 8,918,878	$ 8,947,327

Scheduled maturities of long-term debt at March 31, 2017 were as follows:

2017 (remainder of the year)	129,532
2018	167,855
2019	745,584
2020	70,157
2021	3,301,236
2022	1,277,759
Thereafter	3,472,834

During the first three months of 2017, the Company made mandatory principal payments under its senior secured credit facilities totaling $18,750 on Term Loan A and $8,750 on Term Loan B.

As of March 31, 2017, the Company maintains several active and forward interest rate cap agreements that have the economic effect of capping the Company's maximum exposure to LIBOR variable interest rate changes on specific portions of the Company's floating rate debt, as described below. The cap agreements are designated as cash flow hedges and, as a result, changes in the fair values of these cap agreements are reported in other comprehensive income. The amortization of the original cap premium is recognized as a component of debt expense on a straight-line basis over the term of the cap agreements. The cap agreements do not contain credit-risk contingent features.

As of March 31, 2017, the Company maintains several interest rate cap agreements that were entered into in November 2014 with notional amounts totaling $3,500,000. These cap agreements became effective September 30, 2016 and have the economic effect of capping the LIBOR variable component of the Company’s interest rate at a maximum of 3.50% on an equivalent amount of the Company’s debt. The cap agreements expire on June 30, 2018. As of March 31, 2017, the total fair value of these cap agreements was an asset of approximately $14. During the three months ended March 31, 2017, the Company recognized debt expense of $2,070 from these caps. During the three months ended March 31, 2017, the Company recorded a loss of $102 in other comprehensive income due to a decrease in the unrealized fair value of these cap agreements.

As of March 31, 2017, the Company also maintains several forward interest rate cap agreements that were entered into in October 2015 with notional amounts totaling $3,500,000. These forward cap agreements will become effective June 29, 2018 and will have the economic effect of capping the LIBOR variable component of the Company’s interest rate at a maximum of 3.50% on an equivalent amount of its debt. These cap agreements expire on June 30, 2020. As of March 31, 2017, the total fair value of these cap agreements was an asset of approximately $4,698. During the three months ended March 31, 2017, the Company recorded a loss of $5,115 in other comprehensive income due to a decrease in the unrealized fair value of these forward cap agreements.

The following table summarizes the Company's derivative instruments as of March 31, 2017 and December 31, 2016:

	March 31, 2017		December 31, 2016	
Derivatives designated as hedging instruments	**Balance sheet location**	**Fair value**	**Balance sheet location**	**Fair value**
Interest rate cap agreements	Other long-term assets	$ 4,712	Other long-term assets	$ 9,929

The following table summarizes the effects of the Company's interest rate cap and swap agreements for the three months ended March 31, 2017 and 2016:

	Amount of losses recognized in OCI on interest rate cap and swap agreements		Location of losses reclassified from accumulated OCI into income	Amount of losses reclassified from accumulated OCI into income	
	Three months ended March 31,			Three months ended March 31,	
Derivatives designated as cash flow hedges	**2017**	**2016**		**2017**	**2016**
Interest rate swap agreements	$ —	$ (692)	Debt expense	$ —	$ 151
Interest rate cap agreements	(5,217)	(8,259)	Debt expense	2,070	610
Tax benefit (expense)	2,029	3,482		(805)	(296)
Total	$ (3,188)	$ (5,469)		$ 1,265	$ 465

As of March 31, 2017, the interest rate on the Company's Term Loan B debt bears interest at LIBOR plus an interest rate margin of 2.75%. Term Loan B is subject to interest rate caps if LIBOR should rise above 3.50%. Term Loan A bears interest at LIBOR plus an interest rate margin of 2.00%. The capped portion of Term Loan A is $96,250. In addition, the uncapped portion of Term Loan A, which is subject to the variability of LIBOR, is $747,500. Interest rates on the Company's senior notes are fixed by their terms.

The Company's weighted average effective interest rate on the senior secured credit facilities at end of the quarter was 3.95%, based on the current margins in effect of 2.00% for Term Loan A and 2.75% for Term Loan B, as of March 31, 2017.

The Company's overall weighted average effective interest rate during the quarter ended March 31, 2017 was 4.55% and as of March 31, 2017 was 4.64%.

As of March 31, 2017, the Company's interest rates are fixed on approximately 53.1% of its total debt.

As of March 31, 2017, the Company had undrawn revolving credit facilities totaling $1,000,000, of which approximately $94,623 was committed for outstanding letters of credit. The remaining amount is unencumbered. In addition, the Company has approximately $1,286 of committed letters of credit outstanding related to DMG, which is backed by a certificate of deposit.

10. Contingencies

The majority of the Company's revenues are from government programs and may be subject to adjustment as a result of: (i) examination by government agencies or contractors, for which the resolution of any matters raised may take extended periods of time to finalize; (ii) differing interpretations of government regulations by different Medicare contractors or regulatory authorities; (iii) differing opinions regarding a patient's medical diagnosis or the medical necessity of services provided; and (iv) retroactive applications or interpretations of governmental requirements. In addition, the Company's revenues from commercial payors may be subject to adjustment as a result of potential claims for refunds, as a result of government actions or as a result of other claims by commercial payors.

The Company operates in a highly regulated industry and is a party to various lawsuits, claims, governmental investigations and audits (including investigations resulting from its obligation to self-report suspected violations of law) and other legal proceedings. The Company records accruals for certain legal proceedings and regulatory matters to the extent that the Company determines an unfavorable outcome is probable and the amount of the loss can be reasonably estimated. As of December 31, 2016 and March 31, 2017, the Company's total recorded accruals with respect to legal proceedings and

regulatory matters, net of anticipated third party recoveries, were approximately $69,300 for both periods. While these accruals reflect the Company's best estimate of the probable loss for those matters as of the dates of those accruals, the recorded amounts may differ materially from the actual amount of the losses for those matters, and any anticipated third party recoveries for any such losses may not ultimately be recoverable. Additionally, in some cases, no estimate of the possible loss or range of loss in excess of amounts accrued, if any, can be made because of the inherently unpredictable nature of legal proceedings and regulatory matters, which may be exacerbated by various factors, including that they may involve indeterminate claims for monetary damages or may involve fines, penalties or non-monetary remedies; present novel legal theories or legal uncertainties; involve disputed facts; represent a shift in regulatory policy; are in the early stages of the proceedings; or result in a change of business practices. Further, there may be various levels of judicial review available to the Company in connection with any such proceeding.

The following is a description of certain lawsuits, claims, governmental investigations and audits and other legal proceedings to which the Company is subject.

Inquiries by the Federal Government and Certain Related Civil Proceedings

Swoben Private Civil Suit: In April 2013, HealthCare Partners (HCP), now known as the Company's DMG subsidiary, was one of several defendants served with a civil complaint filed by a former employee of SCAN Health Plan (SCAN), an HMO. On July 13, 2009, pursuant to the *qui tam* provisions of the federal False Claims Act (FCA) and the California False Claims Act, James M. Swoben, as relator, filed his initial *qui tam* action in the United States District Court for the Central District of California purportedly on behalf of the United States of America and the State of California against SCAN, and certain other defendants whose identities were under seal. The allegations in the complaint relate to alleged overpayments received from government healthcare programs. In 2009 and 2010, the relator twice amended his complaint and added additional defendants, and in November 2011, he filed his Third Amended Complaint under seal alleging violations of the federal FCA and the California False Claims Act, and added additional defendants, including HCP and certain health insurance companies (the defendant HMOs). The allegations in the complaint against HCP relate to patient diagnosis coding to determine reimbursement in the Medicare Advantage (MA) program, referred to as HCC and RAF scores. The complaint sought monetary damages and civil penalties as well as costs and expenses. The U.S. Department of Justice (DOJ) reviewed these allegations and in January 2013 declined to intervene in the case. HCP and the other defendants filed motions to dismiss the Third Amended Complaint, and the court dismissed with prejudice the claims and judgment was entered in September 2013. Upon the plaintiff's appeal, a panel of the Ninth Circuit overturned the trial court's ruling and vacated the dismissal of the case. The Company, with certain defendants, petitioned the Ninth Circuit for a rehearing, but in December 2016, the Ninth Circuit rejected the petition and determined the relator should be given an opportunity to amend the complaint, and remanded the case back to district court. In March 2017, the relator filed his Fourth Amended Complaint alleging that HCP and certain health insurance companies employed one-way retrospective reviews that were designed only to identify additional diagnoses that would be submitted to CMS for risk adjustment purposes, and thereby drive higher risk scores that would increase the capitated payments made by the federal government under the MA program. The Company disputes the allegations and intends to defend accordingly.

2015 U.S. Attorney Transportation Investigation: In February 2015, the Company announced that it received six administrative subpoenas from the OIG for medical records from six different dialysis centers in southern California operated by the Company. Specifically, each subpoena sought the medical records of a single patient of each respective dialysis center. In February 2016, the Company received four additional subpoenas for four additional dialysis centers in southern California. The subpoenas were similarly limited in scope to the subpoenas received in 2015. On February 8, 2017, the Company was served with a *qui tam* complaint in the U.S. District Court for the Central District of California. The Company has been advised by an attorney with the United States Attorney's Office for the Central District of California that the *qui tam* is related to the investigation concerning the medical necessity of patient transportation, which was the basis for the subpoenas. The relator alleged that an ambulance company submitted false claims for patient transportation. Although the Company does not provide transportation nor does it bill for the transport of its dialysis patients, the relator alleged that two of its purported clinical staff caused the submission of a small number of those claims through improper certifications of medical necessity. The DOJ has declined to intervene. In April 2017, the court granted the Company's motion to dismiss the complaint without prejudice for failing to state a claim upon which relief can be granted.

2015 U.S. Office of Inspector General (OIG) Medicare Advantage Civil Investigation: In March 2015, JSA HealthCare Corporation (JSA), a subsidiary of DMG, received a subpoena from the Office of Inspector General (OIG) for the U.S.

Department of Health and Human Services (HHS). The Company has been advised by an attorney with the Civil Division of the DOJ in Washington, D.C. that the subpoena relates to an ongoing civil investigation concerning MA service providers' risk adjustment practices and data, including identification and verification of patient diagnoses and factors used in making the diagnoses. The subpoena requests documents and information for the period from January 1, 2008 through December 31, 2013, for certain MA plans for which JSA provided services. It also requests information regarding JSA's communications about patient diagnoses as they relate to certain MA plans generally, and more specifically as related to two Florida physicians with whom JSA previously contracted. The Company is producing the requested information and is cooperating with the government's investigation.

In addition to the subpoena described above, in June 2015, the Company received a subpoena from the OIG. This civil subpoena covers the period from January 1, 2008 through the present and seeks production of a wide range of documents relating to the Company's and its subsidiaries' (including DMG's and its subsidiary JSA's) provision of services to MA plans and related patient diagnosis coding and risk adjustment submissions and payments. The Company believes that the request is part of a broader industry investigation into MA patient diagnosis coding and risk adjustment practices and potential overpayments by the government. The information requested includes information relating to patient diagnosis coding practices for a number of conditions, including potentially improper historical DMG coding for a particular condition. With respect to that condition, the guidance related to that coding issue was discontinued following the Company's November 1, 2012 acquisition of DMG, and the Company notified CMS in April 2015 of the coding practice and potential overpayments. In that regard, the Company has identified certain additional coding practices which may have been problematic and is in discussions with the DOJ about the scope and nature of a review of claims relating to those practices. The Company is cooperating with the government and is producing the requested information. In addition, the Company is continuing to review other DMG coding practices to determine whether there were any improper coding issues. In connection with the DMG merger, the Company has certain indemnification rights against the sellers and an escrow was established as security for the indemnification. The Company has submitted an indemnification claim against the sellers secured by the escrow for any and all liabilities incurred relating to these matters and intends to pursue recovery from the escrow. However, the Company can make no assurances that the indemnification and escrow will cover the full amount of the Company's potential losses related to these matters.

2015 U.S. Department of Justice Vascular Access Investigation and Related *Qui Tam* Litigation: In November 2015, the Company announced that RMS Lifeline, Inc., a wholly-owned subsidiary of the Company that operates under the name Lifeline Vascular Access (Lifeline), received a Civil Investigative Demand (CID) from the DOJ. The CID relates to two vascular access centers in Florida that are part of Lifeline's vascular access business. The CID covers the period from January 1, 2008 through the present. The Company acquired these two centers in December 2012. Based on the language of the CID, the DOJ appeared to be looking at whether angiograms performed at the two centers were medically unnecessary and therefore whether related claims filed with federal healthcare programs possibly violated the FCA. Lifeline does not perform dialysis services but instead provides vascular access management services for dialysis patients. The Company cooperated with the government and produced the requested information. The DOJ investigation was initiated pursuant to a complaint brought under the *qui tam* provisions of the FCA (the Complaint). The Complaint was originally filed under seal in August 2014 in the U.S. District Court, Middle District of Florida, United States ex. rel James Spafford v. DaVita HealthCare Partners, Inc., et al., Case Number 6:14-cv-1251-Orl-41DAB, naming several doctors along with the Company as defendants. In December 2015, a First Amended Complaint was filed under seal. In May 2016, the First Amended Complaint was unsealed. The First Amended Complaint alleges violations of the FCA due to the submission of claims to the government for allegedly medically unnecessary angiograms and angiography procedures at the two vascular access centers as well as employment-related claims. The Complaint covers alleged conduct dating from July 2008, prior to the Company's acquisition of the centers, to the present. The DOJ declined to intervene. In January 2017, the Company finalized and executed a settlement agreement with the relator and the government for an immaterial amount, and in April 2017, the court dismissed the case with prejudice.

2016 U.S. Attorney Prescription Drug Investigation: In early February 2016, the Company announced that its pharmacy services' wholly-owned subsidiary, DaVita Rx, received a CID from the U.S. Attorney's Office for the Northern District of Texas. It appears the government is conducting an FCA investigation concerning allegations that DaVita Rx presented or caused to be presented false claims for payment to the government for prescription medications, as well as into the Company's relationship with pharmaceutical manufacturers. The CID covers the period from January 1, 2006 through the present. In the spring of 2015, the Company initiated an internal compliance review of DaVita Rx during which it identified potential billing and operational issues, including potential write-offs and discounts of patient co-payment obligations, and credits to payors for returns of prescription drugs related to DaVita Rx. The Company notified the government in September 2015 that it was conducting this review of DaVita Rx and began providing regular updates of its review. Upon completion of its review, the Company filed a self-disclosure with the OIG in early February 2016 and has been working to address and update the practices it identified in the self-disclosure, some of which overlap with information requested by the U.S. Attorney's Office. The Company does not know if the U.S. Attorney's Office, which is part of the DOJ, knew when it served the CID on the Company that it was already in the process of developing a self-disclosure to the OIG. The OIG informed the Company in February 2016 that its submission was not accepted. They indicated that the OIG is not expressing an opinion regarding the conduct disclosed or the Company's legal positions. The Company is cooperating with the government and is producing the requested information.

Solari Post-Acquisition Matter: In 2016, HCP Nevada disclosed to the OIG for the HHS that proper procedures for clinical and eligibility determinations may not have been followed by Las Vegas Solari Hospice (Solari), which was acquired in March 2013 and sold in September 2016 by HCP Nevada. In June 2016, the Company was notified by the OIG that the disclosure submission had been accepted into the OIG's Self Disclosure Protocol. HCP Nevada had previously made a disclosure and repayment of overpayments to National Government Services (NGS), the Medicare Administrative Contractor for HCP Nevada, for claims submitted by Solari to the federal government prior to DMG's acquisition of Solari and claims made to the government post-acquisition for which the sellers had certain responsibilities pursuant to a management services agreement. The Company is cooperating with the government in this matter.

2017 U.S. Attorney American Kidney Fund Investigation: On January 4, 2017, the Company was served with an administrative subpoena for records by the United States Attorney's Office, District of Massachusetts, relating to an investigation into possible federal health care offenses. The subpoena covers the period from January 1, 2007 through the present, and seeks documents relevant to charitable patient assistance organizations, particularly the American Kidney Fund, including documents related to efforts to provide patients with information concerning the availability of charitable assistance. The Company is cooperating with the government and is producing the requested information.

Although the Company cannot predict whether or when proceedings might be initiated or when these matters may be resolved (other than as described above), it is not unusual for inquiries such as these to continue for a considerable period of time through the various phases of document and witness requests and on-going discussions with regulators. In addition to the inquiries and proceedings specifically identified above, the Company is frequently subject to other inquiries by state or federal government agencies and/or private civil *qui tam* complaints filed by relators. Negative findings or terms and conditions that the Company might agree to accept as part of a negotiated resolution of pending or future government inquiries or relator proceedings could result in, among other things, substantial financial penalties or awards against the Company, substantial payments made by the Company, harm to the Company's reputation, required changes to the Company's business practices, exclusion from future participation in the Medicare, Medicaid and other federal health care programs and, if criminal proceedings were initiated against the Company, possible criminal penalties, any of which could have a material adverse effect on the Company.

Shareholder Claims

Peace Officers' Annuity and Benefit Fund of Georgia Securities Class Action Civil Suit: On February 1, 2017, the Peace Officers' Annuity and Benefit Fund of Georgia filed a putative federal securities class action complaint in the U.S. District Court for the District of Colorado against the Company and certain executives. The complaint covers the time period of August 2015 to October 2016 and alleges, generally, that the Company and its executives violated federal securities laws concerning the Company's financial results and revenue derived from patients who received charitable premium assistance from an industry-funded non-profit organization. The complaint further alleges that the process by which patients obtained commercial insurance and received charitable premium assistance was improper and "created a false impression of DaVita's business and

operational status and future growth prospects." The Company disputes these allegations and intends to defend this action accordingly.

Blackburn Shareholder Derivative Civil Suit: On February 10, 2017, Charles Blackburn filed a derivative shareholder lawsuit in the U.S. District Court for the District of Delaware against the Company, as nominal defendant, the Board of Directors and certain executives. The complaint covers the time period from 2015 to present and alleges, generally, breach of fiduciary duty, unjust enrichment and misrepresentations and/or failures to disclose certain information in violation of the federal securities laws in the Company's 2016 proxy statement in connection with an alleged practice to direct patients with government-subsidized health insurance into private health insurance plans to maximize the Company's profits. The Company disputes these allegations and intends to defend this action accordingly. On April 4, 2017, the court stayed this proceeding until the resolution of the Peace Officers' Annuity and Benefit Fund of Georgia Securities Class Action Civil Suit, whether by dismissal with prejudice or entry of final judgment.

Resolved Matters

Vainer Private Civil Suit: As previously disclosed, the Company received a subpoena for documents from the OIG relating to the pharmaceutical products Zemplar, Hectorol, Venofer, Ferrlecit and erythropoietin (EPO), as well as other related matters, covering the period from January 2003 to December 2008. The Company subsequently learned that the allegations underlying this inquiry were made as part of a civil complaint filed by relators, Daniel Barbir and Dr. Alon Vainer, pursuant to the *qui tam* provisions of the federal FCA. The relators also alleged that the Company's drug administration practices for the Company's dialysis operations for Vitamin D and iron agents from 2003 through 2010 fraudulently created unnecessary waste, which was billed to and paid for by the government. In June 2015, the Company finalized the terms of the settlement with plaintiffs, including a settlement amount of $450,000 and attorney fees and other costs of $45,000 which was paid in 2015.

2011 U.S. Attorney Medicaid Investigation: In October 2011, the Company announced that it would be receiving a request for documents, which could include an administrative subpoena from the OIG. Subsequent to the Company's announcement of this 2011 U.S. Attorney Medicaid Investigation, the Company received a request for documents in connection with the inquiry by the U.S. Attorney's Office for the Eastern District of New York. The request related to payments for infusion drugs covered by Medicaid composite payments for dialysis. The Company cooperated with the government and produced the requested documents. In April 2014, the Company reached an agreement in principle with the government. In March 2016, the Company finalized and executed settlement agreements with the State of New York and the DOJ, including a settlement payment of an immaterial amount.

Other Proceedings

In addition to the foregoing, from time to time the Company is subject to other lawsuits, claims, governmental investigations and audits and legal proceedings that arise due to the nature of its business, including contractual disputes, such as with payors, suppliers and others, employee-related matters and professional and general liability claims.

From time to time, the Company initiates litigation or other legal proceedings as a plaintiff arising out of contracts or other matters. In that regard, the Company had a pending lawsuit in the U.S. Court of Federal Claims against the federal government which was originally filed in May 2011. The lawsuit related to the U.S. Department of Veterans Affairs (VA) underpayment of dialysis services the Company provided from 2005 through 2011 to veterans pursuant to VA regulations. In the first quarter of 2017, we received a payment of $538,000 related to the settlement with the VA. Our consolidated entities recognized a net gain of $527,000 on this settlement. Our nonconsolidated and managed entities recognized a gain of $9,000, of which our equity investment share was $3,000. The net effect was a net increase of $530,000 to the Company's operating income.

* * *

Other than as described above, the Company cannot predict the ultimate outcomes of the various legal proceedings and regulatory matters to which the Company is or may be subject from time to time, including those described in this Note 10, or the timing of their resolution or the ultimate losses or impact of developments in those matters, which could have a material adverse effect on the Company's revenues, earnings and cash flows. Further, any legal proceedings or regulatory matters involving the Company, whether meritorious or not, are time consuming, and often require management's attention and result in

significant legal expense, and may result in the diversion of significant operational resources, or otherwise harm the Company's business, financial results or reputation.

11. Noncontrolling interests subject to put provisions and other commitments

The Company has potential obligations to purchase the noncontrolling interests held by third parties in several of its majority-owned and other nonconsolidated entities. These obligations are in the form of put provisions and are exercisable at the third-party owners' discretion within specified periods as outlined in each specific put provision. If these put provisions were exercised, the Company would be required to purchase the third-party owners' equity interests at either the appraised fair market value or a predetermined multiple of earnings or cash flow attributable to the equity interests put to the Company, which is intended to approximate fair value. The methodology the Company uses to estimate the fair values of noncontrolling interests subject to put provisions assumes the higher of either a liquidation value of net assets or an average multiple of earnings, based on historical earnings, patient mix and other performance indicators that can affect future results, as well as other factors. The estimated fair values of the noncontrolling interests subject to put provisions is a critical accounting estimate that involves significant judgments and assumptions and may not be indicative of the actual values at which the noncontrolling interests may ultimately be settled, which could vary significantly from the Company's current estimates. The estimated fair values of noncontrolling interests subject to put provisions can fluctuate and the implicit multiple of earnings at which these noncontrolling interest obligations may be settled could vary significantly depending upon market conditions including potential purchasers' access to the capital markets, which can impact the level of competition for dialysis and non-dialysis related businesses, the economic performance of these businesses and the restricted marketability of the third-party owners' equity interests. The amount of noncontrolling interests subject to put provisions that employ a contractually predetermined multiple of earnings rather than fair value are immaterial.

The Company has certain other potential commitments to provide operating capital to several dialysis centers that are wholly-owned by third parties or businesses in which the Company maintains a noncontrolling equity interest as well as to physician-owned vascular access clinics or medical practices that the Company operates under management and administrative services agreements of approximately $3,441.

Certain consolidated joint ventures are originally contractually scheduled to dissolve after terms ranging from 10 to 50 years. Accordingly, the noncontrolling interests in these partnerships are considered mandatorily redeemable instruments, for which the classification and measurement requirements have been indefinitely deferred. Future distributions upon dissolution of these entities would be valued below the related noncontrolling interest carrying balances in the consolidated balance sheet.

12. Long-term incentive compensation

Long-term incentive program (LTIP) compensation includes both stock-based awards (principally stock-settled stock appreciation rights, restricted stock units, and performance stock units) as well as long-term performance-based cash awards. Long-term incentive compensation expense, which was primarily general and administrative in nature, was attributed to the Company's U.S. dialysis and related lab services business, DMG business, corporate administrative support, and the other ancillary services and strategic initiatives.

The Company's stock-based compensation awards are measured at their estimated fair values on the date of grant if settled in shares or at their estimated fair values at the end of each reporting period if settled in cash. The value of stock-based awards so measured is recognized as compensation expense on a cumulative straight-line basis over the vesting terms of the awards, adjusted for expected forfeitures.

During the three months ended March 31, 2017, the Company granted 244 stock-settled stock appreciation rights with an aggregate grant-date fair value of $3,453 and a weighted average expected life of approximately 4.1 years, and also granted 54 stock-settled restricted stock units with an aggregate grant-date fair value of $3,679 and a weighted-average expected life of approximately 2.5 years.

For the three months ended March 31, 2017 and 2016, the Company recognized $17,166 and $24,745, respectively, in total LTIP expense, of which $9,601 and $13,097, respectively, represented stock-based compensation expense for stock appreciation rights, restricted stock units, and discounted employee stock plan purchases, which are primarily included in general and administrative expense. The estimated tax benefits recorded for stock-based compensation for the three months ended March 31, 2017 and 2016 was $3,300 and $4,539, respectively. As of March 31, 2017, the Company had $91,479 of total

estimated but unrecognized compensation expense for outstanding LTIP awards, including $60,244 related to stock-based compensation arrangements under the Company's equity compensation and employee stock purchase plans. The Company expects to recognize the performance-based cash component of these LTIP costs over a weighted average remaining period of 1.0 year and the stock-based component of these LTIP costs over a weighted average remaining period of 1.3 years.

For the three months ended March 31, 2017 and 2016, the Company received $1,091 and $8,668, respectively, in actual tax benefits upon the exercise of stock awards.

The reclassification of net cap and swap realized losses into income are recorded as debt expense in the corresponding consolidated statements of income. See Note 9 to these condensed consolidated financial statements for further details.

The reclassification of net investment realized gains into income are recorded in other income in the corresponding consolidated statements of income. See Note 4 to these condensed consolidated financial statements for further details.

14. Acquisitions and divestitures

Other routine acquisitions

During the three months ended March 31, 2017, the Company acquired dialysis and other businesses consisting of 12 dialysis centers located in the U.S., three dialysis centers located outside the U.S., and two other medical businesses for a total of $77,236 in net cash, $2,205 in deferred purchase price obligations, and $1,495 in earn-outs and liabilities assumed. The assets and liabilities for all of these acquisitions were recorded at their estimated fair values at the dates of the acquisitions and are included in the Company's condensed consolidated financial statements, as are their operating results, from the designated effective dates of the acquisitions. Certain income tax amounts are pending final evaluation and quantification of any pre-acquisition tax contingencies. In addition, valuation of medical claims liabilities and certain other working capital items relating to these acquisitions are pending final quantification.

The following table summarizes the assets acquired and liabilities assumed in these transactions and recognized at their acquisition dates at estimated fair values:

Current assets	$	1,123
Property and equipment		5,604
Amortizable intangible and other long-term assets		6,173
Goodwill		78,729
Noncontrolling interests assumed		(8,052)
Deferred income taxes		(2,194)
Liabilities assumed		(447)
Aggregate purchase price	$	80,936

Amortizable intangible assets acquired during the first three months of 2017 had weighted-average estimated useful lives of five years. The majority of the intangible assets acquired during the first three months of 2017 relate to non-compete agreements having a weighted-average useful life and amortization period of five years. The total amount of goodwill deductible for tax purposes associated with these acquisitions was approximately $69,691.

Contingent earn-out obligations

The Company has several contingent earn-out obligations associated with acquisitions that could result in the Company paying the former owners of acquired companies a total of up to $13,754 if certain EBITDA, operating income performance targets or quality margins are met primarily over the next one to seven years.

Contingent earn-out obligations are remeasured to fair value at each reporting date until the contingencies are resolved with changes in the liability due to the re-measurement recorded in earnings. See Note 16 to these condensed consolidated financial statements for further details. As of March 31, 2017, the Company has estimated the fair value of these contingent earn-out obligations to be $8,565, of which a total of $4,653 is included in other liabilities and the remaining $3,912 is included in other long-term liabilities in the Company's condensed consolidated balance sheet.

The following is a reconciliation of changes in the contingent earn-out obligations for the three months ended March 31, 2017:

Beginning balance, January 1, 2017	$	9,977
Contingent earn-out obligations associated with acquisitions		1,053
Remeasurement of fair value for contingent earn-out obligations		102
Payments on contingent earn-out obligations		(2,567)
	$	8,565

15. Variable interest entities

The Company relies on the operating activities of certain legal entities that it does not directly own or control, but over which it has indirect influence and of which it is considered the primary beneficiary. These entities are subject to the consolidation guidance applicable to variable interest entities (VIEs).

Under U.S. generally accepted accounting principles (GAAP), VIEs typically include entities for which (i) the entity's equity is not sufficient to finance its activities without additional subordinated financial support; (ii) the equity holders as a group lack the power to direct the activities that most significantly influence the entity's economic performance, the obligation to absorb the entity's expected losses, or the right to receive the entity's expected returns; or (iii) the voting rights of some investors are not proportional to their obligations to absorb the entity's losses.

The Company has determined that substantially all of the legal entities it is associated with that qualify as VIEs must be included in its consolidated financial statements. The Company manages these entities and provides operating and capital funding as necessary for these entities to accomplish their operational and strategic objectives. A number of these entities are

subject to nominee ownership transfer restriction agreements that effectively transfer the majority of the economic risks and rewards of their ownership to the Company. In other cases, the Company's management agreements with these entities include both financial terms and protective and participating rights to the entities' operating, strategic and non-clinical governance decisions which transfer substantial powers over and economic responsibility for the entities to the Company. In some cases, such entities are subject to broad exclusivity or noncompetition restrictions that benefit the Company. Further, in some cases, the Company has contractual arrangements with the nominee owners that effectively indemnify these parties from the economic losses from, or entitle the Company to the economic benefits of, these entities.

The analyses upon which these consolidation determinations rest are complex, involve uncertainties, and require significant judgment on various matters, some of which could be subject to different interpretations. At March 31, 2017, these condensed consolidated financial statements include total assets of VIEs of $751,805 and total liabilities and noncontrolling interests of VIEs to third parties of $411,822.

The Company also sponsors certain deferred compensation plans whose trusts qualify as VIEs and the Company consolidates each of these plans as their primary beneficiary. The assets of these plans are recorded in short-term or long-term investments with matching offsetting liabilities recorded in accrued compensation and benefits and other long-term liabilities. See Note 4 to these condensed consolidated financial statements for disclosures on the assets of these consolidated non-qualified deferred compensation plans.

16. Fair value of financial instruments

The Company measures the fair value of certain assets, liabilities and noncontrolling interests subject to put provisions (temporary equity) based upon certain valuation techniques that include observable or unobservable inputs and assumptions that market participants would use in pricing these assets, liabilities, temporary equity and commitments. The Company also has classified certain assets, liabilities and temporary equity that are measured at fair value into the appropriate fair value hierarchy levels as defined by the Financial Accounting Standards Board (FASB).

The following table summarizes the Company's assets, liabilities and temporary equity measured at fair value on a recurring basis as of March 31, 2017:

	Total	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Assets				
Available-for-sale securities	$ 48,124	$ 48,124	$ —	$ —
Cash surrender value of life insurance policies	$ 61,444	$ —	$ 61,444	$ —
Interest rate cap agreements	$ 4,712	$ —	$ 4,712	$ —
Funds on deposit with third parties	$ 79,459	$ 79,459	$ —	$ —
Liabilities				
Contingent earn-out obligations	$ 8,565	$ —	$ —	$ 8,565
Temporary equity				
Noncontrolling interests subject to put provisions	$ 979,848	$ —	$ —	$ 979,848

Available-for-sale securities represent investments in various open-ended registered investment companies, or mutual funds, and are recorded at estimated fair value based upon quoted prices reported by each mutual fund. See Note 4 to these condensed consolidated financial statements for further discussion.

Investments in life insurance policies are carried at their cash surrender value which approximates their fair value. See Note 4 to these condensed consolidated financial statements for further discussion.

The interest rate cap agreements are recorded at fair value estimated from valuation models utilizing the income approach and commonly accepted valuation techniques that use inputs from closing prices for similar assets and liabilities in active markets as well as other relevant observable market inputs at quoted intervals such as current interest rates, forward yield curves, implied volatility and credit default swap pricing. The Company does not believe the ultimate amount that could be

realized upon settlement of these interest rate cap agreements would be materially different from the fair value estimates currently reported. See Note 9 to these condensed consolidated financial statements for further discussion.

The funds on deposit with third parties represent funds held with various third parties as required by regulation or contract and invested by those parties in various investments, which are measured at estimated fair value based primarily on quoted market prices.

The estimated fair value measurements of contingent earn-out obligations are primarily based on unobservable inputs including projected EBITDA, estimated probability of achieving gross margins or quality margins of certain medical procedures and the estimated probability of earn-out payments being made using an option pricing technique and a simulation model for expected EBITDA and operating income. In addition, a probability adjusted model was used to estimate the fair value amounts of the quality margins. The estimated fair value of these contingent earn-out obligations are remeasured as of each reporting date and could fluctuate based upon any significant changes in key assumptions, such as changes in the Company credit risk adjusted rate that is used to discount obligations to present value.

See Note 11 to these condensed consolidated financial statements for a discussion of the Company's methodology for estimating the fair value of noncontrolling interests subject to put obligations.

Other financial instruments consist primarily of cash, accounts receivable, accounts payable, other accrued liabilities and debt. The balances of the non-debt financial instruments are presented in the condensed consolidated financial statements at March 31, 2017 at their approximate fair values due to the short-term nature of their settlements.

The carrying balance of the Company's senior secured credit facilities totaled $4,171,638 as of March 31, 2017, and the fair value was approximately $4,300,460 based upon quoted market prices, a level 2 input.

The carrying balance of the Company's senior notes was $4,500,000 as of March 31, 2017 and their fair value was approximately $4,568,650, based upon quoted market prices, a level 2 input.

17. Segment reporting

The Company operates two major divisions, DaVita Kidney Care (Kidney Care) and DaVita Medical Group (DMG). The Kidney Care division is comprised of the Company's U.S. dialysis and related lab services business, various ancillary services and strategic initiatives, including its international operations, and the Company's corporate administrative support. The Company's U.S. dialysis and related lab services business is its largest line of business, and is a leading provider of kidney dialysis services in the U.S. for patients suffering from chronic kidney failure, also known as ESRD. The Company's DMG division is a patient- and physician-focused integrated healthcare delivery and management company with over two decades of providing coordinated outcomes-based medical care in a cost-effective manner.

The Company's ancillary services and strategic initiatives consist primarily of pharmacy services, disease management services, vascular access services, clinical research programs, physician services, direct primary care and the Company's international dialysis operations.

The Company's operating segments have been defined based on the separate financial information that is regularly produced and reviewed by the Company's chief operating decision maker in making decisions about allocating resources to and assessing the financial performance of the Company's various operating lines of business. The chief operating decision maker for the Company is its Chief Executive Officer.

The Company's separate operating segments include its U.S. dialysis and related lab services business, its DMG operations in each region, each of its ancillary services and strategic initiatives, and its consolidated international kidney care and other healthcare operations in the European and Middle Eastern, Latin America, and Asia Pacific markets, and under the Saudi Ministry of Health charter. The U.S. dialysis and related lab services business and the DMG business each qualify as separately reportable segments, and all of the other ancillary services and strategic initiatives operating segments, including the international operating segments, have been combined and disclosed in the other segments category.

The Company's operating segment financial information included in this report is prepared on the internal management reporting basis that the chief operating decision maker uses to allocate resources and assess the financial performance of the operating segments. For internal management reporting, segment operations include direct segment operating expenses but

exclude corporate administrative support costs, which consist primarily of indirect labor, benefits and long-term incentive based compensation of certain departments which provide support to all of the Company's various operating lines of business. These corporate administrative support costs are reduced by internal management fees received from the Company's ancillary lines of businesses.

The following is a summary of segment net revenues, segment operating margin (loss), and a reconciliation of segment operating margin to consolidated income before income taxes:

Summary of assets by reportable segment is as follows:

Subsequent to issuance of the Company's fiscal year 2016 consolidated financial statements and their inclusion in its Annual Report on Form 10-K filed with the Securities and Exchange Commission on February 24, 2017 (the "2016 10-K"), the Company determined that it had misstated its disclosure of segment assets at December 31, 2016 in Note 25 to those consolidated financial statements. This misstatement resulted in an overstatement of "U.S. dialysis and related lab services" segment assets of $338,963 and a corresponding understatement of "Other - ancillary services and strategic initiatives" segment assets of the same amount. The Company performed an assessment of the materiality of this misstatement and concluded that this misstatement as originally disclosed was not materially misleading in its 2016 consolidated financial statements taken as a whole. The Company therefore has not amended its financial statements filed on its 2016 10-K to correct this misstatement, but has provided the corrected disclosure here.

19. New accounting standards

In May 2014, the FASB issued ASU No. 2014-09, *Revenue from Contracts with Customers*, which requires an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. In July 2015, the FASB issued ASU 2015-14, *Revenue from Contracts with Customers (Topic* 606): *Deferral of Effective Date*. This guidance approves a one-year deferral of the effective date of ASU 2014-09. The ASU now permits the Company to adopt this standard effective January 1, 2018. Early application is permitted as of January 1, 2017. In March, April, and May 2016, the FASB issued ASU 2016-08, ASU 2016-10, ASU 2016-11, and ASU 2016-12, *Revenue from Contracts with Customers (Topic 606)*, each of which amends the guidance in ASU 2014-09. When they become effective, these ASUs will replace most existing revenue recognition guidance in GAAP. The Company has assembled an internal revenue task force that meets regularly to discuss and evaluate the overall impact this guidance will have on various revenue streams in the condensed consolidated financial statements and related disclosures. The Company is continuing to evaluate the impact this guidance will have on its consolidated financial statements. The Company expects to adopt these ASU's effective January 1, 2018 retrospectively with the cumulative effect of initially applying it recognized at the date of initial application (the cumulative effect method).

In January 2016, the FASB issued ASU No. 2016-01, *Financial Statements - Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities.* The amendments in this ASU revise accounting related to (i) the classification and measurement of investments in equity securities and (ii) the presentation of certain fair value changes for financial liabilities at fair value. The amendments in this ASU are effective for the Company beginning on January 1, 2018 and are to be applied through a cumulative effect adjustment to the statement of financial position. Early adoption is permitted under certain circumstances. The adoption of this ASU is not expected to have a material impact on the Company's condensed consolidated financial statements when adopted on January 1, 2018.

In February 2016, the FASB issued ASU No. 2016-02, *Leases (Topic 842)*. The amendments in this ASU revise the accounting related to lessee accounting. Under the new guidance, lessees will be required to recognize a lease liability and a right-of-use asset for substantially all leases with lease terms in excess of twelve months. The new lease guidance also simplifies the accounting for sale and leaseback transactions primarily because lessees must recognize lease assets and lease liabilities. The amendments in this ASU are effective for the Company beginning on January 1, 2019 and are to be applied through a modified retrospective transition approach for leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements. Early adoption is permitted. The Company has assembled an internal lease task force that meets regularly to discuss and evaluate the overall impact of this guidance on its condensed consolidated financial statements and related disclosures, as well as the expected timing of adoption. The Company believes that the new standard will have a material impact on its condensed consolidated balance sheet but will not have a material impact on its results of operations or liquidity. The Company expects to adopt this ASU on January 1, 2019, and continues to evaluate the effect that the implementation of this ASU will have on its condensed consolidated financial statements and related disclosures.

In March 2016, the FASB issued ASU No. 2016-07, *Investments - Equity Method and Joint Ventures (Topic 323): Simplifying the Transition to the Equity Method of Accounting.* The amendments in this ASU eliminate the requirement that when an investment qualifies for use of the equity method as a result of an increase in the level of ownership interest or degree

of influence, an investor must adjust the investment, results of operations, and retained earnings retroactively on a step-by-step basis as if the equity method had been in effect during all previous periods that the investment had been held. The amendments in this ASU were effective for the Company beginning on January 1, 2017 and was applied prospectively. The adoption of this ASU did not have a material impact on the Company's condensed consolidated financial statements.

In March 2016, the FASB issued ASU No. 2016-09, *Compensation - Stock Compensation (Topic 718): Improvements to Employee Share-Based Payment Accounting*. The changes required by this ASU involve several aspects of the accounting for share-based payment transactions, including income tax consequences, classification of awards as either equity or liabilities, classification on the statement of cash flows, and an election on estimating forfeitures. The amendments in this ASU were effective for the Company beginning January 1, 2017. The method of adoption differs for each of the topics covered by the ASU. The primary effect of this ASU for the Company is the presentation of excess tax benefits or deficiencies as a component of income tax expense within the Company's condensed consolidated statement of income rather than within additional paid-in capital on its condensed consolidated balance sheet. In addition, these excess tax benefits or deficiencies are presented as an operating activity on the condensed consolidated statement of cash flows rather than as a financing activity.

The Company elected to apply the presentation requirements for cash flows related to excess tax benefits prospectively. Additionally, the Company has elected to continue to estimate forfeitures expected to occur in determining the amount of compensation cost to be recognized each period.

The new standard may cause volatility in the Company's effective tax rates and diluted earnings per share due to the tax effects related to share-based payments being recorded within the Company's condensed consolidated statement of income, including a potential increase in the Company's provision for income taxes if a significant number of outstanding stock awards are exercised at recent levels of the Company's stock price.

In August 2016, the FASB issued ASU No. 2016-15, *Statement of Cash Flows (Topic 230): Classification of Certain Cash Receipts and Cash Payments*. The amendments in this ASU clarify how certain cash receipts and cash payments should be classified on the statement of cash flows. The new standard is effective for the Company beginning January 1, 2018 and should be applied retrospectively to all periods presented. The Company has not yet determined the effect that adoption of this ASU will have on its condensed consolidated financial statements.

In October 2016, the FASB issued ASU No. 2016-16, *Income Taxes (Topic 740): Intra-Entity Transfers of Assets Other Than Inventory*. The amendments in this ASU allow entities to recognize the income tax consequences of an intra-entity transfer of an asset other than inventory when the transfer occurs. The current guidance does not allow recognition until the asset has been sold to an outside party. The amendments in this ASU are effective for the Company beginning on January 1, 2018 and are to be applied on a modified retrospective basis. The Company has not yet determined the effect that adoption of this ASU will have on its condensed consolidated financial statements.

In January 2017, the FASB issued ASU No. 2017-04, *Intangibles-Goodwill and Other (Topic 350): Simplifying the Test for Goodwill Impairment*. The amendments in this ASU simplify the test for goodwill impairment by eliminating the second step in testing for goodwill impairment. The amendments in this new ASU are effective for the Company January 1, 2020 and are to be applied on a prospective basis. Early adoption is permitted after January 1, 2017. The Company early adopted this ASU as of January 1, 2017.

20. Condensed consolidating financial statements

The following information is presented in accordance with Rule 3-10 of Regulation S-X. The operating and investing activities of the separate legal entities included in the Company's condensed consolidated financial statements are fully interdependent and integrated. Revenues and operating expenses of the separate legal entities include intercompany charges for management and other administrative services. The Company's senior notes are guaranteed by substantially all of its domestic subsidiaries. The subsidiary guarantors have guaranteed the senior notes on a joint and several basis. However, a subsidiary guarantor will be released from its obligations under its guarantee of the senior notes and the indentures governing the senior notes if, in general, there is a sale or other disposition of all or substantially all of the assets of such subsidiary guarantor, including by merger or consolidation, or a sale or other disposition of all of the equity interests in such subsidiary guarantor held by the Company and its restricted subsidiaries, as defined in the indentures; such subsidiary guarantor is designated by the Company as an unrestricted subsidiary, as defined in the indentures, or otherwise ceases to be a restricted subsidiary of the Company, in each case in accordance with the indentures; or such subsidiary guarantor no longer guarantees any other indebtedness, as defined in the indentures, of the Company or any of its restricted subsidiaries, except for guarantees that are contemporaneously released. The senior notes are not guaranteed by certain of the Company's domestic subsidiaries, any of the Company's foreign subsidiaries, or any entities that do not constitute subsidiaries within the meaning of the indentures, such as corporations in which the Company holds capital stock with less than a majority of the voting power, joint ventures and partnerships in which the Company holds less than a majority of the equity or voting interests, non-owned entities and third parties.

22. Subsequent events

On May 1, 2017, the Company completed its acquisition of 100% of the interest in Colorado-based Renal Ventures Management, LLC (Renal Ventures) for approximately $360,000 in cash, subject to certain post-closing adjustments. Renal Ventures operates 38 outpatient dialysis centers in six states. As a part of this transaction, the Company was required to divest seven outpatient dialysis centers.

Item 2. *Management's Discussion and Analysis of Financial Condition and Results of Operations.*

Forward-looking statements

This Management's Discussion and Analysis of Financial Condition and Results of Operations contains statements that are forward-looking statements within the meaning of the federal securities laws. All statements that do not concern historical facts are forward-looking statements and include, among other things, statements about our expectations, beliefs, intentions and/or strategies for the future. These forward-looking statements include statements regarding our future operations, financial condition and prospects, including the expected impact of the policy change for Medicaid patients seeking Affordable Care Act (ACA) plans, including on our future operating income and other impacts of this policy change, expectations for treatment growth rates, revenue per treatment, expense growth, levels of the provision for uncollectible accounts receivable, operating income, cash flow, operating cash flow, estimated tax rates, estimated charges and accruals, capital expenditures, the development of new dialysis centers and dialysis center acquisitions, government and commercial payment rates, revenue estimating risk and the impact of our level of indebtedness on our financial performance, and including earnings per share. These statements involve substantial known and unknown risks and uncertainties that could cause our actual results to differ materially from those described in the forward-looking statements, including risks resulting from the concentration of profits generated by higher-paying commercial payor plans for which there is continued downward pressure on average realized payment rates, and a reduction in the number of patients under such plans, which may result in the loss of revenues or patients, and the extent to which the ongoing implementation of healthcare exchanges or changes in regulations or enforcement of regulations, including among other things those regarding the exchanges results in a reduction in reimbursement rates for our services from and/or the number of patients enrolled in higher-paying commercial plans, a reduction in government payment rates under the Medicare ESRD program or other government-based programs, the impact of the Medicare Advantage benchmark structure, risks arising from potential federal and/or state legislation or regulation that could have an adverse effect on our operations and profitability, the impact of the 2016 Congressional and Presidential elections on the current health care marketplace and on our business, including with respect to the future of the ACA, the exchanges, and many other core aspects of the current health care marketplace, changes in pharmaceutical or anemia management practice patterns, payment policies, or pharmaceutical pricing, legal compliance risks, including our continued compliance with complex government regulations and the provisions of our current Corporate Integrity Agreement (CIA), and current or potential investigations by various government entities and related government or private-party proceedings, the restrictions on our business and operations required by the CIA and other settlement terms, and the financial impact thereof, continued increased competition from large- and medium-sized dialysis providers that compete directly with us, our ability to maintain contracts with physician medical directors, changing affiliation models for physicians, and the emergence of new models of care introduced by the government or private sector that may erode our patient base and reimbursement rates such as Accountable Care Organizations (ACOs), independent practice associations (IPAs) and integrated delivery systems, our ability to complete acquisitions, mergers or dispositions that we might be considering or announce, or to integrate and successfully operate any business we may acquire or have acquired, including DaVita Medical Group (DMG), or to expand our operations and services to markets outside the U.S., or to businesses outside of dialysis and DMG's business, the variability of our cash flows, the risk that we might invest material amounts of capital and incur significant costs in connection with the growth and development of our international operations, yet we might not be able to operate them profitably anytime soon, if at all, risks arising from the use of accounting estimates, judgments and interpretations in our financial statements, the risk that laws regulating the corporate practice of medicine could restrict the manner in which DMG conducts its business, the risk that the cost of providing services under DMG's agreements may exceed our compensation, the risk that reductions in reimbursement rates, including Medicare Advantage rates, and future regulations may negatively impact DMG's business, revenue and profitability, the risk that DMG may not be able to successfully establish a presence in new geographic regions or successfully address competitive threats that could reduce its profitability, the risk that a disruption in DMG's healthcare provider networks could have an adverse effect on DMG's business operations and profitability, the risk that reductions in the quality ratings of health maintenance organization plan customers of DMG could have an adverse effect on DMG's business, or the risk that health plans that acquire health maintenance organizations may not be willing to contract with DMG or may be willing to contract only on less favorable terms, and the other risk factors set forth in Part II, Item 1A. of this Quarterly Report on Form 10-Q. We base our forward-looking statements on information currently available to us, and we undertake no obligation to update or revise any forward-looking statements, whether as a result of changes in underlying factors, new information, future events or otherwise.

The following should be read in conjunction with our condensed consolidated financial statements.

Consolidated results of operations

We operate two major divisions, DaVita Kidney Care (Kidney Care) and DaVita Medical Group (DMG, formerly known as HealthCare Partners or HCP). Our Kidney Care division is comprised of our U.S. dialysis and related lab services business, our ancillary services and strategic initiatives, including our international dialysis operations, and our corporate administrative support. Our DMG division is comprised of our integrated healthcare business.

Our largest major line of business is our U.S. dialysis and related lab services, which is a leading provider of kidney dialysis services in the U.S. for patients suffering from ESRD. Our other major line of business, DMG, is a patient- and physician-focused integrated health care delivery and management company. All references to dialysis and related lab services refer only to U.S. dialysis and related lab services business.

The following is a summary of our consolidated operating results for the first quarter of 2017 compared with the prior sequential quarter and the same quarter of 2016.

(1) For the three months ended March 31, 2017, we have excluded the adjustment to the gain of $6 million on changes in ownership interest resulting from the formation of the Asia Pacific dialysis joint venture (APAC JV), the net gain on the settlement with the VA of $530 million, a goodwill impairment charge of $24 million related to our vascular access reporting unit, and an asset impairment of $15 million related to the restructuring of our pharmacy business. For the three months ended December 31, 2016, we have excluded the goodwill impairment charge of $28 million related to our vascular access reporting unit, an impairment of $15 million related to a minority equity investment, estimated accruals for legal matters of $16 million, and an adjustment to reduce a receivable associated with the DMG acquisition escrow provision relating to an income tax item of $4 million. For the three months ended March 31, 2016, we have excluded a goodwill impairment charge of $77 million related to a DMG reporting unit and an estimated accrual for legal matters of $16 million. These are non-GAAP measures and are not intended as substitutes for the GAAP equivalent measures. We have presented these adjusted amounts because management believes that these presentations enhance a user's understanding of our normal consolidated operating income by excluding certain items which we do not believe are indicative of our ordinary results of operations. As a result, adjusting for these amounts allows for comparison to our normal prior period results.

Consolidated net revenues

Consolidated net revenues for the first quarter of 2017 decreased by approximately $19 million, or 0.5%, as compared to the fourth quarter of 2016. The decrease in consolidated net revenues was primarily due to a decrease of approximately $52 million in U.S. dialysis and related lab services' net revenues, principally due to a decrease in our average revenue per treatment of approximately $3 and a decrease in treatments due to two less treatment days during the three months ended March 31, 2017, as discussed below. Consolidated net revenues benefited from an increase of $50 million in DMG net revenues. The increase in revenues was primarily driven by the conversion of existing contracts from shared risk to global risk, an increase in senior capitated revenues, and an increase in fee-for-service (FFS) revenues from acquisitions, as described below. In addition, consolidated net revenues were negatively impacted by a decrease of $18 million in our ancillary and strategic initiatives net revenues, primarily related to a decrease in volume related to our pharmaceutical business, partially offset by an increase in VillageHealth special needs plans revenues, and growth in our international operations.

Consolidated net revenues for the first quarter of 2017 increased by approximately $116 million, or 3.2%, as compared to the first quarter of 2016. The increase in consolidated net revenues was due to an increase of $44 million in the U.S. dialysis and related lab services' net revenues, primarily as a result of higher volume from acquired and non-acquired treatment growth, partially offset by a decrease in our average dialysis revenue per treatment of approximately $2, as discussed below. The increase in consolidated net revenues also resulted from an increase in DMG net revenues of $98 million, primarily due to acquisition related growth, the conversion of existing contracts from shared risk to global risk, and an increase in senior capitated revenues, as described below. Consolidated net revenues was negatively impacted by a decrease of approximately $13 million in our ancillary services and strategic initiatives net revenues, primarily due to a decrease in volume in our pharmaceutical business, partially offset by an increase in VillageHealth special needs plans revenues, and growth in our international operations.

Consolidated operating income

Consolidated operating income for the first quarter of 2017, which includes an adjustment to the gain on the APAC JV ownership change of $6 million, a net gain on settlement of $530 million, a goodwill impairment charge of $24 million related to our vascular access reporting unit, and an asset impairment of $15 million related to the restructuring of our pharmacy business, as discussed below, increased by approximately $507 million as compared to the fourth quarter of 2016, which included goodwill and impairment charges of $28 million related to our vascular access reporting unit, an impairment of $15 million related to a minority equity investment, estimated accruals for legal matters of $16 million, and an adjustment to reduce receivables associated with the DMG acquisition escrow provision relating to an income tax item of $4 million. Excluding these items from their respective quarters, adjusted consolidated operating income for the first quarter of 2017 would have decreased by $53 million. Adjusted consolidated operating income decreased due to a decrease in adjusted operating income in U.S. dialysis and related lab services of $21 million, a decrease in operating income of $10 million related to DMG and an increase in adjusted operating losses in our ancillary and strategic initiatives of $11 million, as described below.

Consolidated operating income for the first quarter of 2017, which includes an adjustment to the gain on the APAC JV ownership change of $6 million and a net gain on settlement of $530 million, a goodwill impairment charge of $24 million related to our vascular access reporting unit, and an asset impairment of $15 million related to the restructuring of our pharmacy business, as discussed below, increased by $523 million as compared to the first quarter in 2016, which included a goodwill impairment charge related to a DMG reporting unit of $77 million and an estimated accrual for legal matters of $16 million. Excluding these items from their respective quarters, adjusted consolidated operating income for the first quarter of 2017 would have decreased by $66 million. Adjusted consolidated operating income decreased due to a decrease in adjusted operating income in U.S. dialysis and related lab services of $25 million, a decrease in adjusted operating income of $24 million related to DMG and an increase in adjusted operating losses in our ancillary and strategic initiatives of $14 million, as described below.

(1) For the three months ended March 31, 2017, we have excluded the net gain on the settlement with the VA of $530 million. This is a non-GAAP measure and is not intended as a substitute for the GAAP equivalent measure. We have presented this adjusted amount because management believes that this presentation enhances a user's understanding of our normal operating income by excluding an item which we do not believe is indicative of our ordinary results of operations. As a result, adjusting for this amount allows for a more meaningful comparison to our prior period results.

Net revenues

Dialysis and related lab services' net revenues for the first quarter of 2017 decreased by approximately $52 million, or 2.2%, as compared to the fourth quarter of 2016. The decrease in dialysis and related lab services' net revenues was due to a decrease in the number of treatments and a decrease in our average revenue per treatment of approximately $3. The decrease in the number of treatments was primarily due to two less treatment days during the three months ended March 31, 2017, as compared to the prior quarter. The decrease in our average dialysis revenue per treatment was primarily due to a decrease in our commercial payor mix, including exchange payors.

Dialysis and related lab services' net revenues for the first quarter of 2017 increased by approximately $44 million, or 2.0%, as compared to the first quarter of 2016. The increase in net revenues was principally due to volume growth from additional treatments, partially offset by a decrease in our average dialysis revenue per treatment of approximately $2. The increase in the number of treatments was primarily attributable to acquired and non-acquired treatment growth, partially offset by one less treatment day during the three months ended March 31, 2017, as compared to the three months ended March 31,

2016. The decrease in our average dialysis revenue per treatment was primarily due to a decrease in our commercial payor mix, including exchange payors.

Provision for uncollectible accounts. The provision for uncollectible accounts receivable for dialysis and related lab services was 4.5% for the first quarter of 2017 and the fourth and first quarters of 2016. Based upon our historical cash collection experience and trends, we assess the provision for uncollectible accounts and adjust the provision as necessary as a result of changes in our cash collections.

Operating expenses and charges

Patient care costs. Dialysis and related lab services' patient care costs of approximately $227 per treatment for the first quarter of 2017 decreased by approximately $1 per treatment as compared to the fourth quarter of 2016. The decrease was primarily attributable to a decrease in pharmaceutical costs due to a reduction in price and a decrease in profit sharing expense, partially offset by an increase in pharmaceutical intensity, an increase in labor and benefits costs due to a decrease in productivity and an increase in other direct operating expenses associated with our dialysis centers.

Dialysis and related lab services' patient care costs per treatment for the first quarter of 2017 increased by approximately $2 per treatment as compared to the first quarter of 2016. The increase was primarily attributable to an increase in other direct operating expenses associated with our dialysis centers and an increase in labor and benefits costs due to a decrease in productivity. These increases were partially offset by a decrease in pharmaceutical costs and intensity, and a decrease in profit sharing expense.

General and administrative expenses. Dialysis and related lab services' general and administrative expenses of approximately $188 million in the first quarter of 2017 decreased by approximately $11 million as compared to the fourth quarter of 2016. The decrease in general and administrative expenses was primarily due to a decrease in management meeting and travel expenses. In addition, long-term incentive compensation expense and profit sharing expense decreased. These decreases were partially offset by an increase in labor and benefits costs.

Dialysis and related lab services' general and administrative expenses for the first quarter of 2017 increased by approximately $9 million as compared to the first quarter of 2016. This increase was primarily due to an increase in labor and benefits costs, occupancy and legal costs, partially offset by a decrease in long-term incentive compensation expense and profit sharing expense.

Depreciation and amortization. Depreciation and amortization for dialysis and related lab services was approximately $125 million for the first quarter of 2017, $124 million for the fourth quarter of 2016, and $116 million for the first quarter of 2016. The increase in depreciation and amortization in the first quarter of 2017, as compared to the fourth and the first quarters of 2016, was primarily due to growth in newly developed centers and from acquired centers, as well as technology investments in our clinical network.

Equity investment income. Equity investment income for dialysis and related lab services was approximately $8 million for the first quarter of 2017 and $4 million the first and fourth quarters of 2016, as well as the first quarter of 2016. The increase was primarily due to an increase in profitability of certain joint ventures and the equity investment income recognized related to the gain on settlement with the VA of approximately $3 million.

Gain on settlement, net. During first quarter of 2017 we reached an agreement with the government for amounts owed to us for dialysis services provided from 2005 through 2011 to patients covered by the VA. As a result of this settlement we recognized a one time net gain of $527 million.

Accounts receivable

Our dialysis and related lab services' accounts receivable balances, net of the provision for uncollectible accounts, were $1.335 billion and $1.358 billion at March 31, 2017 and December 31, 2016, respectively, which represented approximately 54 days and 55 days, respectively. Our day sales outstanding (DSO) decreased one day due to improvements in our cash collections, as compared to the fourth quarter of 2016. Our DSO calculation is based on the current quarter's average revenues per day. There were no significant changes during the first quarter of 2017 from the fourth quarter of 2016 in the amount of unreserved accounts receivable over one year old or the amounts pending approval from third-party payors.

Segment operating income

Dialysis and related lab services' operating income for the first quarter of 2017, which includes a net gain on the settlement with the VA of $530 million, increased by approximately $509 million as compared to the fourth quarter of 2016. Excluding the net gain on the settlement with the VA, operating income would have decreased by $21 million. The decrease in operating income was primarily due to a decrease in our average dialysis revenue per treatment of approximately $3 due to a decline in our commercial payor mix and a decrease in treatments due to two less treatment days in the three months ended March 31, 2017, compared to the prior quarter. Operating income was also negatively impacted by an increase in pharmaceutical intensity, labor and benefits costs and other direct operating expenses associated with our dialysis centers. Operating income benefited from a decrease in management meeting and travel expenses, a reduction in long-term incentive compensation expense, as well as, in profit sharing expense, and a decrease in pharmaceutical costs, as discussed above.

Dialysis and related lab services' operating income for the first quarter of 2017, which includes a net gain on the settlement with the VA of $530 million, increased by approximately $505 million as compared to the first quarter of 2016. Excluding the net gain on the settlement with the VA, operating income would have decreased by $25 million. This decrease in adjusted operating income was due to a decrease in our average dialysis revenue per treatment of approximately $2 due to a decline in our commercial payor mix and one less treatment day during the three months ended March 31, 2017, as compared to the three months ended March 31, 2016. Operating income also was negatively impacted by an increase in other direct operating expenses associated with our dialysis centers, higher labor and benefits costs and increased occupancy and legal costs. Operating income benefited from an increase in volume growth from additional treatments, a decrease in pharmaceutical costs and intensity, as well as, a decrease in profit sharing expense and in long-term incentive compensation expense.

(1) For the three months ended March 31, 2016, we have excluded the goodwill impairment charges of $77 million and an estimated accrual for legal matters of $16 million. These are non-GAAP measures and are not intended as substitutes for

the GAAP equivalent measures. We have presented these adjusted amounts because management believes that these presentations enhance a user's understanding of our normal operating income by excluding certain items which we do not believe are indicative of our ordinary results of operations. As a result, adjusting for these amounts allows for comparison to our normal prior period results.

Capitated membership information

The following table provides (i) the total number of capitated members to whom DMG provided healthcare services and (ii) the aggregate member months. Member months represent the aggregate number of months of healthcare services DMG has provided to capitated members during a period of time:

	Members at			Member months for Three months ended		
	March 31, 2017	December 31, 2016	March 31, 2016	March 31, 2017	December 31, 2016	March 31, 2016
Payor classification:						
Senior	306,600	305,200	325,800	920,200	913,300	975,300
Commercial	329,000	338,300	347,300	995,900	1,018,400	1,048,600
Medicaid	99,800	105,800	114,000	305,200	318,800	342,500
	735,400	749,300	787,100	2,221,300	2,250,500	2,366,400

In addition to the members above, DMG provided healthcare services to members in two of its nonconsolidated operating joint ventures that are accounted for as equity investments. These joint ventures provided healthcare services for approximately 157,000, 148,700, and 140,900 members as of March 31, 2017, December 31, 2016 and March 31, 2016, respectively, and for approximately 465,500, 452,200, and 416,800 member months for the quarters ended March 31, 2017, December 31, 2016 and March 31, 2016, respectively. The increase in members and member months was due to an increase in enrollment of members related to Tandigm Health (Tandigm) joint venture.

Members and member months for the first quarter of 2017 decreased from the fourth quarter of 2016 primarily due to a decrease in commercial members as employers shift to less expensive options for medical services for their employees. The decline in Medicaid is due to the non-renewal of certain Medicaid contracts and a decline in Medicaid membership. In addition, senior members increased due to non-acquired growth, partially offset by a decrease in affiliate relationships.

Members and member months for the first quarter of 2017 decreased from the first quarter of 2016 primarily due to the sale of our Arizona business, which impacted senior members, as well as the decreases described above. These decreases were partially offset by increased senior members resulting from new acquisitions and non-acquired growth.

Revenues

The following table summarizes DMG's revenue by source:

	Three months ended		
	March 31, 2017	December 31, 2016	March 31, 2016
	(dollars rounded to nearest millions)

Net revenues

DMG's net revenue for the first quarter of 2017 increased by approximately $50 million, or 4.8%, as compared to the fourth quarter of 2016. The increase in revenues was primarily driven by the conversion of existing contracts from shared risk to global risk, which is associated with a change in presentation of both senior and commercial revenues and patient care costs from a net basis to a gross basis. In addition, senior capitated revenues increased due to an increase in the number of senior capitated members during the quarter attributable to non-acquired growth and increased per member per month (PMPM) funding due to the mix of patients, as well as an increase in FFS revenues from acquisitions. These increases were partially offset by decreases due to an increase in shared risk utilization throughout the first quarter, a decrease in commercial and Medicaid members to whom DMG provides health care services, and a decrease in Medicare Advantage rates, as described below.

DMG's net revenue for the first quarter of 2017 increased by approximately $98 million, or 9.9%, as compared to the first quarter of 2016, primarily due to an increase in FFS revenues due to a full quarter of revenue from the acquisition of The Everett Clinic Medical Group (TEC) compared to only one month in the first quarter of 2016 and other acquisition related growth. The increase was also due to the conversion of existing contracts from shared risk to global risk, as described above, and an increase in senior capitated revenues, as described above. These increases were partially offset by a decrease in senior capitated revenues from the sale of our DMG Arizona business, a decrease in commercial and Medicaid members to whom DMG provides health care services, and a decrease in Medicare Advantage rates.

On April 3, 2017, CMS issued final guidance for 2018 Medicare Advantage benchmark payment rates (Rate Announcement). Based upon our preliminary analysis of the final rule, we estimate that the change in 2018 rates, including adjustments for benchmark county rates and qualifying bonuses, will result in nearly flat Medicare Advantage rates to DMG. This compares, according to CMS, to an industry average rate increase of approximately 0.45%. The difference in Medicare Advantage rates for DMG compared to the industry average are largely driven by DMG's higher mix of Medicare Advantage patients in counties that will receive a lower-than-average benchmark rate increase. The previously mentioned numbers does not take in account for the elimination of the Health Insurer Fee.

Operating expenses

Patient care costs. DMG's patient care costs of approximately $892 million for the first quarter of 2017 increased by approximately $58 million as compared to the fourth quarter of 2016, primarily attributable to the conversion of existing contracts from shared risk to global risk, which is associated with a change in presentation of both revenues and expenses from a net basis to a gross basis, as described above, an increase in utilization, rate increases, an increase in senior capitated members from non-acquired growth, increased labor costs due to payroll taxes and headcount, and other acquisition related growth. The increase in costs was partially offset by the decreases due to the true-up of risk share arrangements, a decrease in commercial and Medicaid members to whom DMG provides healthcare services, and a decrease in medical malpractice expenses.

DMG's patient care costs for the first quarter of 2017 increased by approximately $98 million as compared to the first quarter of 2016, primarily attributable to a full quarter of operations from the acquisition of TEC, the contract conversion to global risk and resulting change in presentation from a net to a gross basis, as described above, an increase in utilization, an increase in labor costs, an increase in senior capitated members from non-acquired growth, and other acquisition related growth. This increase in costs was partially offset by the true-up of risk share arrangements, a decrease due to a full quarter without our DMG Arizona business, and a decrease in commercial and Medicaid members to whom DMG provides healthcare services.

General and administrative expenses. DMG's general and administrative expenses of approximately $129 million for the first quarter of 2017 increased by approximately $6 million as compared to the fourth quarter of 2016. The increase was primarily attributable to increased labor costs due to payroll taxes and headcount, partially offset by a decrease in professional fees.

DMG's general and administrative expenses for the first quarter of 2017 increased by $2 million as compared to the first quarter of 2016, which includes an estimated accrual for legal matters of $16 million in the first quarter of 2016. Excluding this item from the first quarter of 2016, adjusted general and administrative expenses would have increased by $18 million. This is primarily attributable to a full quarter of operations from the TEC acquisition and other acquisition related growth, and an increase in corporate administrative support expenses due to increased labor costs and costs associated with growth initiatives. These increases in costs were partially offset by a decrease due to the sale of our DMG Arizona business.

Depreciation and amortization. DMG's depreciation and amortization was approximately $57 million for the first quarter of 2017, $58 million for the fourth quarter of 2016 and $46 million for the first quarter of 2016. As of September 1, 2016, we committed to a plan to change HCP-related trade names to DMG. As a result of this decision we began to accelerate the amortization of the remaining carrying value of HCP-related trade names, which will continue through first quarter of 2019, the remaining expected life of this asset.

Depreciation and amortization decreased by approximately $1 million as compared to the fourth quarter of 2016. Depreciation and amortization increased $11 million over the three months ended March 31, 2016 due to an increase in amortization related to the acceleration of the HCP-related trade names of approximately $7 million, the acquisition of TEC, and an increase in technology and property investments as part of our growth initiatives.

Equity investment (income) losses. DMG's equity investment income of approximately $3 million for the first quarter of 2017 increased approximately $3 million as compared to the fourth quarter of 2016. The increase was primarily attributable to an increase in profitability of certain joint ventures, as well as the sale of our Fullwell minority ownership interest during the fourth quarter of 2016, which resulted in a reduced share of equity investment losses from this investment.

DMG's equity investment income increased by approximately $5 million as compared to the first quarter of 2016. The increase was primarily attributable to the sale of a portion of our Tandigm ownership interest effective June 30, 2016, reducing our ownership from 50% to 19%, which resulted in a reduced share of equity investment losses during the first quarter of 2017, an increase in profitability of certain joint ventures, as well as the sale of our Fullwell ownership interest during the fourth quarter of 2016, as described above.

Goodwill impairment charges. During the first quarter of 2016, we recognized goodwill impairment charges of $77 million at our DMG Nevada reporting unit. This charge resulted primarily from changes in expectations concerning government reimbursement and our expected ability to mitigate them, medical cost trends, and other market conditions.

While we did not recognize any goodwill impairments at our DMG reporting units during the fourth quarter of 2016 or the first quarter of 2017, various DMG reporting units remain at risk of goodwill impairment as of March 31, 2017. See further discussion under "Corporate-level charges" below.

Segment operating income

DMG's operating income for the first quarter of 2017 decreased by approximately $10 million as compared to the fourth quarter of 2016. The decrease in DMG operating income was primarily attributable to an increase in utilization throughout the first quarter of 2017, a decrease in commercial and Medicaid members to whom DMG provides health care services, increased labor costs, and a decrease in Medicare Advantage rates. These decreases were partially offset by the true-up of risk share arrangements, an increase in senior capitated members from non-acquired growth, and an increase in equity investment income.

DMG's operating results for the first quarter of 2017 increased by approximately $69 million as compared to the first quarter of 2016, which included a goodwill impairment charge of $77 million and an estimated accrual for legal matters of $16 million. Excluding these items from the first quarter of 2016, DMG adjusted operating income for the first quarter of 2017 would have decreased by $24 million compared to the first quarter of 2016. The decrease in adjusted operating income was primarily attributable to an increase in utilization, an increase in depreciation and amortization related to the HCP trade names acceleration, an increase related to increased labor costs and growth initiatives, a decrease in commercial and Medicaid members to whom DMG provides health care services, and a decrease in Medicare Advantage rates. These decreases were offset by the true up of risk share arrangements and an increase in senior capitated revenues from acquired and non-acquired growth.

Other—Ancillary services and strategic initiatives business

Our other operations include ancillary services and strategic initiatives which are primarily aligned with our core business of providing dialysis services to our network of patients. As of March 31, 2017, these consisted primarily of pharmacy services, disease management services, vascular access services, clinical research programs, physician services, direct primary care and our international dialysis operations. The ancillary services and strategic initiatives generated approximately $378 million of net revenues in the first quarter of 2017, representing approximately 9.8% of our consolidated net revenues. We currently expect to continue to invest in our ancillary services and strategic initiatives, including our continued expansion into certain international markets as we work to develop successful new business operations in the U.S. and internationally. However, any significant change in market conditions, business performance or the regulatory environment may impact the economic viability of any of these strategic initiatives. Any unfavorable changes in these strategic initiatives could result in a write-off or an impairment of some or all of our investments, including goodwill, and could also result in significant termination costs if we were to exit a certain line of business or one or more of our international markets.

As of March 31, 2017, we provided dialysis and administrative services to a total of 162 outpatient dialysis centers located in 11 countries outside of the U.S. The total net revenues generated from our international operations are provided below.

The following table reflects the results of operations for the ancillary services and strategic initiatives:

(1) For the three months ended March 31, 2017, we have excluded an adjustment to the gain on the APAC JV ownership changes of $6 million, a goodwill impairment charge of $24 million related to our vascular access reporting unit, and an asset impairment of $15 million related to the restructuring of our pharmacy business. For the three months ended December 31, 2016, we have excluded a goodwill impairment charge of $28 million related to our vascular access reporting unit, an estimated accrual for legal matters of $16 million, and an impairment on a minority equity investment of $15 million. These are non-GAAP measures and are not intended as substitutes for the GAAP equivalent measures. We have presented these adjusted amounts because management believes that these presentations enhance a user's understanding of our normal operating income by excluding certain items which we do not believe are indicative of our ordinary results of operations. As a result, adjusting for these amounts allows comparison to our normal prior period results.

Net revenues

The ancillary services and strategic initiatives net revenues for the first quarter of 2017 decreased by approximately $18 million, or 4.5%, as compared to the fourth quarter of 2016. The decrease is primarily attributable to a decrease in our pharmacy services volume and a decrease in other pharmacy services revenue, partially offset by an increase in VillageHealth special needs plans revenues, and an increase in net revenues from our international expansion.

The ancillary services and strategic initiatives net revenues for the first quarter of 2017 decreased by approximately $13 million, or 3.3%, as compared to the first quarter of 2016. The decrease is primarily attributable to a decrease in our pharmacy services volume and a decrease in other pharmacy services revenues. Net revenues were positively impacted by our

VillageHealth special needs plans revenues, an increase in pharmaceutical rates and an increase in net revenues from our international expansion.

Operating and general expenses

Ancillary services and strategic initiatives operating expenses for the first quarter of 2017 decreased by approximately $23 million from the fourth quarter of 2016, which included an estimated accrual for legal matters of $16 million. Excluding this item from the fourth quarter of 2016, adjusted operating expenses would have decreased by approximately $7 million. The decrease in adjusted operating expenses was primarily related to a decrease in pharmaceutical costs due to decreased volume in our pharmacy business.

Ancillary services and strategic initiatives operating expenses for the first quarter of 2017, increased by approximately $1 million, as compared to the first quarter of 2016, primarily due to higher labor costs and additional expenses associated with our international expansion, partially offset by a decrease in pharmaceutical costs due to decreased volume in our pharmacy business.

Goodwill and other asset impairment charges. During the first quarter of 2017, we recognized an incremental goodwill impairment charge of $24 million at our vascular access reporting unit. This additional charge resulted primarily from changes in our outlook since the fourth quarter of 2016. Our partners and operators have been evaluating potential changes in operations, including termination of their management services agreements and center closures, as a result of recent changes in Medicare reimbursement. These ongoing evaluations could lead to additional impairment charges in future quarters.

During the fourth quarter of 2016, we determined that circumstances indicated it had become more likely than not that the goodwill of our vascular access reporting unit had become impaired. These circumstances included the changes in future governmental reimbursement announced by CMS on November 2, 2016 and our expected ability to mitigate them. Accordingly, we performed the required valuations to estimate the fair value of the net assets and implied goodwill of this reporting unit and recognized a goodwill impairment charge of $28 million in the fourth quarter of 2016.

In addition, during the first quarter of 2017, we recognized an asset impairment charge of $15 million related to the restructuring of our pharmacy business.

In the fourth quarter of 2016, we also recorded an impairment of $15 million related to a minority equity investment in one of our international reporting units.

Gain on changes in ownership interests in Asia Pacific joint venture (APAC JV)

As a result of our agreement with Khazanah Nasional Berhad (Khazanah) and Mitsui and Co., Ltd (Mitsui), we recorded an additional $6 million non-cash gain during the quarter ended March 31, 2017 related to a change in estimate of pending post-closing adjustments for the formation of the APAC JV.

Segment operating losses

Ancillary services and strategic initiatives operating loss for the first quarter of 2017, which includes an adjustment to the gain on the APAC JV ownership changes of $6 million, a goodwill impairment charge of $24 million related to our vascular access reporting unit, and an asset impairment of $15 million related to the restructuring of our pharmacy business, decreased by approximately $15 million from the fourth quarter of 2016, which included a goodwill impairment charge of $28 million related to our vascular access reporting unit, an estimated accrual for legal matters of $16 million, and an impairment on a minority equity investment of $15 million. Excluding these items from their respective periods, adjusted operating losses increased by $11 million compared to the fourth quarter of 2016, primarily related to a decrease in volume in our pharmacy services business and an increase in our international operating losses from foreign exchange losses, partially offset by an increase in VillageHealth special needs plans revenues.

Ancillary services and strategic initiatives operating loss for the first quarter of 2017, which includes an adjustment to the gain on the APAC JV ownership changes of $6 million, a goodwill impairment charge of $24 million related to our vascular access reporting unit, and an asset impairment of $15 million related to the restructuring of our pharmacy business, increased by approximately $47 million from the first quarter of 2016. Excluding these items from the first quarter of 2017, adjusted operating losses increased by $14 million, primarily related to a decrease in volume in our pharmacy services business, and an increase in labor costs and additional expenses associated with our international expansion, partially offset by an increase in VillageHealth special needs plans revenues.

Corporate-level charges

Debt expense. Debt expense was $104 million in both the first quarter of 2017 and the fourth quarter of 2016 and $103 million in the first quarter of 2016. Debt expense increased $1 million in the first quarter of 2017 as compared to the first quarter of 2016 primarily due to an increase in our average interest rate, partially offset by a decrease in our average outstanding balance.

Corporate administrative support. Corporate administrative support consists primarily of labor, benefits and long-term incentive compensation expense, as well as professional fees for departments which provide support to all of our various operating lines of business. This is offset by internal management fees charged to our other lines of business. These expenses are included in our consolidated general and administrative expenses.

Corporate administrative support was approximately $11 million in the first quarter of 2017, $4 million in the fourth quarter of 2016, which included the adjustment to reduce a receivable associated with the DMG acquisition escrow provision relating to an income tax item of $4 million, and $7 million in first quarter of 2016. The increase in corporate administrative support in the first quarter of 2017 as compared to the fourth quarter of 2016 was primarily due to an increase in long-term incentive compensation expense and a decrease in internal management fees paid by our ancillary lines of business. The increase in corporate administrative support in the first quarter of 2017 as compared to the first quarter of 2016 was primarily due to a decrease in internal management fees paid by our ancillary lines of business, partially offset by a decrease in long-term incentive compensation.

In connection with the acquisition of DMG, we recorded a receivable against the acquisition escrow balance to offset specific potential tax liabilities. Certain of these potential tax liabilities expired, resulting in the reduction of this asset during the fourth quarter of 2016. This negatively impacted our corporate administrative support cost by $4 million. This cost was directly offset by a corresponding reduction in income tax expense due to the expiration of the corresponding tax liability.

Other income. Other income was $4 million for the first quarter of 2017, $1 million for the fourth quarter of 2016, and $3 million in the first quarter of 2016. The increase in other income for the first quarter of 2017 as compared to the fourth quarter of 2016 was primarily related to an increase in foreign exchange rates affecting certain accounts. The increase in other income for the first quarter of 2017 as compared to the first quarter of 2016 was primarily related to an increase in interest income.

Noncontrolling interests

Net income attributable to noncontrolling interests was $53 million for the first quarter of 2017 compared to $31 million for the fourth quarter of 2016 and $41 million for the first quarter of 2016. The increase in net income attributable to noncontrolling interest in the first quarter of 2017 compared to the fourth quarter of 2016 was primarily due to additional noncontrolling interests recognized related to the net gain on settlement with the VA of $24 million and an increase in the overall number of joint ventures, offset by a decrease in profitability of certain joint ventures. The increase in net income attributable to noncontrolling interest in the first quarter of 2017 compared to the first quarter of 2016 was due to the net gain on settlement with the VA and an increase in the overall number of joint ventures, offset by a $7 million decrease to noncontrolling interest from goodwill impairment charges related to our vascular access reporting unit in the first quarter of 2017 and a decrease in profitability of certain joint ventures.

Accounts receivable

Our consolidated total accounts receivable balances at March 31, 2017 and December 31, 2016 were $1.901 billion and $1.917 billion, respectively, which is net of the provision for uncollectible accounts. The decrease in accounts receivable was due to the decrease in revenue in the first quarter of 2017.

Outlook

These forward-looking measures and the underlying assumptions involve significant risks and uncertainties, including those described below, and actual results may vary significantly from these current forward-looking measures. We do not provide guidance for consolidated operating income, Kidney Care operating income or effective tax rate on a GAAP basis nor a reconciliation of those forward-looking non-GAAP financial measures to the most directly comparable GAAP financial measures on a forward-looking basis because we are unable to predict certain items contained in the GAAP measures without unreasonable efforts. These non-GAAP financial measures do not include certain items, including the net gain related to the VA settlement, goodwill and asset impairment charges, and the gain on the APAC JV ownership change. Please read the cautionary notice regarding forward-looking statements in Item 2 of Part 1 of this report under the heading “Management’s Discussion and

Analysis of Financial Condition and Results of Operations". See page 36 for further details regarding our forward-looking statements.

We still expect our adjusted consolidated operating income guidance for 2017 to be in the range of $1.635 billion to $1.775 billion.

We still expect our adjusted operating income guidance for Kidney Care for 2017 to be in the range of $1.525 billion to $1.625 billion.

We still expect our operating income guidance for DMG for 2017 to be in the range of $110 million to $150 million.

We still expect our consolidated operating cash flow for 2017 to be in the range of $1.750 billion to $1.950 billion, which includes the net benefit of the VA settlement.

Liquidity and capital resources

Cash flow from operations during the first quarter of 2017 was $865 million, compared to $429 million during the first quarter of 2016. The increase in cash flow from operations in the first quarter of 2017 was primarily due to the payment received from the settlement with the VA. Non-operating cash outflows for the first quarter of 2017 included capital asset expenditures of $215 million, including $127 million for new center developments and relocations and $88 million for maintenance and information technology. In addition, we spent $77 million for acquisitions and also paid distributions to noncontrolling interests of $43 million. Non-operating cash outflows for the first quarter of 2016 included capital asset expenditures of $173 million, including $100 million for new center developments and relocations and $73 million for maintenance and information technology. In addition, we spent $405 million for acquisitions, including the acquisition of TEC. We paid distributions to noncontrolling interests of $50 million and we repurchased a total of 3,689,738 shares of our common stock for $249 million during the first quarter of 2016. In addition, we settled $25 million related to fourth quarter 2015 repurchases.

During the first quarter of 2017, our U.S. dialysis and related lab services business opened 24 dialysis centers, acquired 12 dialysis centers and closed three dialysis centers. In addition, our international dialysis operations acquired three dialysis centers and opened five dialysis centers. During the first quarter of 2016, our U.S. dialysis and related lab services business opened 30 dialysis centers and closed and merged four centers. In addition, our international dialysis operations acquired one dialysis center and opened five dialysis centers.

During the first quarter of 2017, our DMG business acquired one private medical practice and one primary care physician practice. During the first quarter of 2016, DMG acquired one private medical practice and one primary care physician practice, including the purchase of TEC.

On May 1, 2017, we completed our acquisition of 100% of the interest in Colorado-based Renal Ventures Management, LLC (Renal Ventures) for approximately $360 million in cash, subject to certain post-closing adjustments. Renal Ventures operates 38 outpatient dialysis centers in six states. As a part of this transaction we were required to divest seven outpatient dialysis centers.

During the first three months of 2017, we made mandatory principal payments under our senior secured credit facilities totaling $18.8 million on Term Loan A and $8.8 million on Term Loan B.

Cap agreements

As of March 31, 2017, we maintained several interest rate cap agreements that were entered into in November 2014 with notional amounts totaling $3.5 billion. These cap agreements became effective September 30, 2016 and have the economic effect of capping the LIBOR variable component of our interest rate at a maximum of 3.50% on an equivalent amount of our debt. The cap agreements expire on June 30, 2018. As of March 31, 2017, the total fair value of these cap agreements was an asset of approximately $0.01 million. During the three months ended March 31, 2017, we recognized debt expense of $2.1 million from these caps. During the three months ended March 31, 2017, we recorded a loss of $0.1 million in other comprehensive income due to a decrease in the unrealized fair value of these cap agreements.

As of March 31, 2017, we also maintained several forward interest rate cap agreements that were entered into in October 2015 with notional amounts totaling $3.5 billion. These forward cap agreements will become effective June 29, 2018 and will have the economic effect of capping the LIBOR variable component of our interest rate at a maximum of 3.50% on an equivalent amount of our debt. These cap agreements expire on June 30, 2020. As of March 31, 2017, the total fair value of

these cap agreements was an asset of approximately $4.7 million. During the three months ended March 31, 2017, we recorded a loss of $5.1 million in other comprehensive income due to a decrease in the unrealized fair value of these forward cap agreements.

Other items

As of March 31, 2017, the interest rate on our Term Loan B debt bears interest at LIBOR plus an interest rate margin of 2.75%. Term Loan B is subject to interest rate caps if LIBOR should rise above 3.50%. Term Loan A bears interest at LIBOR plus an interest rate margin of 2.00%. The capped portion of Term Loan A is $96.3 million. In addition, the uncapped portion of Term Loan A, which is subject to the variability of LIBOR, is $747.5 million. Interest rates on our senior notes are fixed by their terms.

Our weighted average effective interest rate on the senior secured credit facilities at end of the quarter was 3.95%, based on the current margins in effect of 2.00% for Term Loan A and 2.75% for Term Loan B, as of March 31, 2017.

Our overall weighted average effective interest rate during the quarter ended March 31, 2017 was 4.55% and as of March 31, 2017 was 4.64%.

As of March 31, 2017, our interest rates are fixed on approximately 53.1% of our total debt.

As of March 31, 2017, we had undrawn revolving credit facilities totaling $1.0 billion, of which approximately $94.6 million was committed for outstanding letters of credit. The remaining amount is unencumbered. In addition, we have approximately $1.3 million of committed letters of credit outstanding related to DMG, which is backed by a certificate of deposit.

We believe that we will generate significant operating cash flows and will have sufficient liquidity to fund our scheduled debt service and other obligations for the foreseeable future, including the next 12 months, under the terms of our debt agreements. Our primary sources of liquidity are cash from operations and cash from borrowings.

Goodwill

We elected to early adopt ASU No. 2017-04, *Intangibles-Goodwill and Other (Topic 350): Simplifying the Test for Goodwill Impairment* in the first quarter of 2017. The amendments in this ASU simplify the test for goodwill impairment by eliminating the second step in testing for goodwill impairment. All goodwill impairment tests performed during the quarter were performed under this new guidance.

During the first quarter of 2017, we recognized an incremental goodwill impairment charge of $24 million at our vascular access reporting unit. This additional charge resulted primarily from changes in our outlook since the fourth quarter of 2016. Our partners and operators have been evaluating potential changes in operations, including termination of their management services agreements and center closures, as a result of recent changes in Medicare reimbursement. These ongoing evaluations could lead to additional impairment charges in future quarters.

During the fourth quarter of 2016, we determined that circumstances indicated it had become more likely than not that the goodwill of our vascular access reporting unit had become impaired. These circumstances included changes in future governmental reimbursement announced by CMS on November 2, 2016 and our expected ability to mitigate them. Accordingly, we performed the required valuations to estimate the fair value of the net assets and implied goodwill of this reporting unit and recognized a goodwill impairment charge of $28 million in the fourth quarter of 2016.

During the first quarter of 2016, we recognized goodwill impairment charges of $77 million at our DMG Nevada reporting unit. This charge resulted primarily from changes in expectations concerning government reimbursement and our expected ability to mitigate them, medical cost trends, and other market conditions.

As a result of the assessments described above, we have recognized the goodwill impairment charges below:

	Three months ended		
Reporting unit	March 31, 2017	December 31, 2016	March 31, 2016
DMG Nevada	$ —	$ —	$ 77,000
Vascular access	24,198	28,415	—
Total	$ 24,198	$ 28,415	$ 77,000

Further reductions in reimbursement rates, increases in medical cost or utilization trends, or other significant adverse changes in expected future cash flows or valuation assumptions could result in goodwill impairment charges in the future for the following reporting units, which remain at risk of goodwill impairment as of March 31, 2017:

Reporting unit	Goodwill balance as of March 31, 2017	Carrying amount coverage[1]	Sensitivities	
			Operating income[2]	Discount rate[3]
DMG Nevada	$ 261,204	14.0%	(2.7)%	(3.9)%
DMG Florida	$ 447,073	10.5%	(1.6)%	(2.8)%
DMG New Mexico	$ 70,926	4.9%	(1.5)%	(2.3)%
DMG Washington	$ 245,576	2.0%	(1.7)%	(3.0)%
Vascular Access	$ 10,498	0.0%	(1.7)%	(4.9)%

(1) Excess of estimated fair value of the reporting unit over carrying amount as of the latest assessment date.
(2) Potential impact on estimated fair value of a sustained, long-term reduction of 3% in operating income as of the latest assessment date.
(3) Potential impact on estimated fair value of an increase in discount rates of 100 basis points as of the latest assessment date.

Except as described above, none of our various other reporting units were considered at risk of goodwill impairment as of March 31, 2017. Since the dates of our last annual goodwill impairment tests, there have been certain developments, events, changes in operating performance and other changes in key circumstances that have affected our businesses. However, except as further described above, these did not cause management to believe it is more likely than not that the fair value of any of its other reporting units would be less than their carrying amount.

Long-term incentive compensation

Long-term incentive program (LTIP) compensation includes both stock-based awards (principally stock-settled stock appreciation rights, restricted stock units and performance stock units) as well as long-term performance-based cash awards. Long-term incentive compensation expense, which was primarily general and administrative in nature, was attributed among our U.S. dialysis and related lab services business, DMG business, corporate administrative support, and the other ancillary services and strategic initiatives.

Our stock-based compensation awards are measured at their estimated fair values on the date of grant if settled in shares or at their estimated fair values at the end of each reporting period if settled in cash. The value of stock-based awards so measured is recognized as compensation expense on a cumulative straight-line basis over the vesting terms of the awards, adjusted for expected forfeitures.

During the three months ended March 31, 2017, we granted 243,661 stock-settled stock appreciation rights with an aggregate grant-date fair value of $3.5 million and a weighted-average expected life of approximately 4.1 years. We also granted 54,029 stock units with an aggregate grant-date fair value of $3.7 million and a weighted-average expected life of approximately 2.5 years.

Long-term incentive compensation expense of $17.2 million in the first quarter of 2017 increased by approximately $4.9 million as compared to the fourth quarter of 2016. This increase in long-term incentive compensation was primarily due to the cumulative revaluation of liability-based awards in the fourth quarter of 2016 for changes in estimated ultimate payouts that did not repeat in the first quarter of 2017 and expense from new awards that were granted recently.

Long-term incentive compensation expense decreased by approximately $7.6 million as compared to the first quarter of 2016 primarily due to the final vesting of a prior year broad grant in the first quarter of 2016 that is no longer contributing expense.

As of March 31, 2017, there was $91.5 million in total estimated but unrecognized compensation expense for LTIP awards outstanding, including $60.2 million relating to stock-based arrangements under our equity compensation and employee stock purchase plans. We expect to recognize the performance-based cash component of these LTIP costs over a weighted average remaining period of 1.0 year and the stock-based component of these LTIP costs over a weighted average remaining period of 1.3 years.

Off-balance sheet arrangements and aggregate contractual obligations

In addition to the debt obligations reflected on our balance sheet, we have commitments associated with operating leases and letters of credit, as well as potential obligations associated with our equity investments in nonconsolidated businesses and to dialysis centers that are wholly-owned by third parties. Substantially all of our U.S. dialysis facilities are leased. We have potential obligations to purchase the noncontrolling interests held by third parties in several of our majority-owned entities and other nonconsolidated legal entities. These obligations are in the form of put provisions and are exercisable at the third-party owners' discretion within specified periods as outlined in each specific put provision. If these put provisions were exercised, we would be required to purchase the third-party owners' noncontrolling interests at either the appraised fair market value or a predetermined multiple of earnings or cash flow attributable to the noncontrolling interests put to us, which is intended to approximate fair value. The methodology we use to estimate the fair values of noncontrolling interests subject to put provisions assumes the higher of either a liquidation value of net assets or an average multiple of earnings, based on historical earnings, patient mix and other performance indicators that can affect future results, as well as other factors. The estimated fair values of the noncontrolling interests subject to put provisions is a critical accounting estimate that involves significant judgments and assumptions and may not be indicative of the actual values at which the noncontrolling interests may ultimately be settled, which could vary significantly from our current estimates. The estimated fair values of noncontrolling interests subject to put provisions can fluctuate and the implicit multiple of earnings at which these noncontrolling interest obligations may be settled could vary significantly depending upon market conditions including potential purchasers' access to the capital markets, which can impact the level of competition for dialysis and non-dialysis related businesses, the economic performance of these businesses and the restricted marketability of the third-party owners' noncontrolling interests. The amount of noncontrolling interests subject to put provisions that employ a contractually predetermined multiple of earnings rather than fair value are immaterial. For additional information see Note 11 to the condensed consolidated financial statements.

We also have certain other potential commitments to provide operating capital to several dialysis centers that are wholly-owned by third parties or businesses in which we maintain a noncontrolling equity interest as well as to physician-owned vascular access clinics or medical practices that we operate under management and administrative services agreements of approximately $3.4 million.

The following is a summary of these contractual obligations and commitments as of March 31, 2017 (in millions):

	Remainder of 2017	1-3 years	4-5 years	After 5 years	Total
Scheduled payments under contractual obligations:					
Long-term debt	$ 115	$ 918	$ 4,538	$ 3,297	$ 8,868
Interest payments on the senior notes	156	710	473	367	1,706
Interest payments on Term Loan B[(1)]	97	378	61	—	536
Interest payments on Term Loan A[(2)]	19	32	—	—	51
Capital lease obligations	15	65	41	176	297
Operating leases	367	1,287	636	1,156	3,446
	$ 769	$ 3,390	$ 5,749	$ 4,996	$ 14,904
Potential cash requirements under existing commitments:					
Letters of credit	$ 96	$ —	$ —	$ —	$ 96
Noncontrolling interests subject to put provisions	564	225	84	107	980
Non-owned and minority owned put provisions	34	—	24	—	58
Operating capital advances	1	1	1	1	4
	$ 695	$ 226	$ 109	$ 108	$ 1,138

(1) Assuming no changes to LIBOR-based interest rates as Term Loan B currently bears interest at LIBOR plus an interest rate margin of 2.75%.
(2) Based upon current LIBOR-based interest rates in effect at March 31, 2017 plus an interest rate margin of 2.00% for Term Loan A.

In addition to the above commitments, we have committed to purchase a certain amount of our hemodialysis products and supplies at fixed prices through 2018 from Baxter Healthcare Corporation (Baxter) in connection with a purchase

agreement. We also have an agreement with Fresenius Medical Care (Fresenius), currently extended through December 31, 2017, which commits us to purchase a certain amount of dialysis equipment, parts and supplies.

Our total expenditures for the three months ended March 31, 2017 on such products for Fresenius was approximately 3% and for Baxter was 2% of our total U.S. dialysis and related lab services operating costs. The actual amount of purchases in future years will depend upon a number of factors, including the operating requirements of our centers, the number of centers we acquire and growth of our existing centers.

In January 2017, we entered into a six year sourcing and supply agreement with Amgen USA Inc. that expires on December 31, 2022. Under the terms of this agreement, we will purchase EPO in amounts necessary to meet no less than 90% of our requirements for erythropoiesis stimulating agents (ESAs). The actual amount of EPO that we will purchase from Amgen will depend upon the amount of EPO administered during dialysis as prescribed by physicians and the overall number of patients that we serve.

Settlements of approximately $31 million of existing income tax liabilities for unrecognized tax benefits, including interest, penalties and other long-term tax liabilities, are excluded from the above table as reasonably reliable estimates of their timing cannot be made.

Supplemental Information Concerning Certain Physician Groups and Unrestricted Subsidiaries

The following information is presented as supplemental data as required by the indentures governing our senior notes.

We provide services to certain physician groups that, while consolidated in our financial statements for financial reporting purposes, are not subsidiaries of or owned by us, do not constitute Subsidiaries as defined in the indentures governing our outstanding senior notes, and which do not guarantee those senior notes. In addition, we have entered into management agreements with these physician groups pursuant to which we receive management fees from them.

As of March 31, 2017, if these physician groups were not consolidated in our financial statements, our consolidated indebtedness would have been approximately $9.165 billion excluding the debt discount associated with our Term Loan B, our consolidated other liabilities (excluding indebtedness) would have been approximately $3.653 billion, and our consolidated assets would have been approximately $18.968 billion. If these physician groups were not consolidated in our financial statements for the three months ended March 31, 2017, our consolidated total net revenues (including approximately $186 million of management fees payable to us), consolidated operating income, and consolidated net income would be reduced by approximately $338 million, $24 million, and $4 million, respectively.

In addition, we own a 67% equity interest in California Medical Group Insurance (CMGI). CMGI is an Unrestricted Subsidiary as defined in the indentures governing our outstanding senior notes, and does not guarantee those senior notes. Our equity interest in CMGI is accounted for under the equity method of accounting, meaning that although CMGI is not consolidated in our financial statements for financial reporting purposes, our consolidated income statements reflect our pro rata share of CMGI's net earnings as equity investment income.

For the three months ended March 31, 2017, our equity investment income attributable to CMGI was approximately $166 thousand, and for the three months ended March 31, 2017, excluding our equity investment income attributable to CMGI, our consolidated operating income and consolidated net income would decrease by approximately $166 thousand and $100 thousand, respectively. See Note 21, Supplemental Data, to the condensed consolidated financial statements for further details.

New Accounting Standards

See discussion of new accounting standards in Note 19 to the condensed consolidated financial statements included in Part I, Item 1 of this report.

Item 3. *Quantitative and Qualitative Disclosures about Market Risk*

Interest rate sensitivity

The tables below provide information about our financial instruments that are sensitive to changes in interest rates. The table below presents principal repayments and current weighted average interest rates on our debt obligations as of March 31, 2017. The variable rates presented reflect the weighted average LIBOR rates in effect for all debt tranches plus interest rate margins in effect as of March 31, 2017. Term Loan A currently bears interest at LIBOR plus an interest margin of 2.00%. Term Loan A and the revolving line of credit are subject to adjustment depending upon changes in certain of our financial ratios, including a leverage ratio. Term Loan B currently bears interest at LIBOR plus an interest rate margin of 2.75%.

	Expected maturity date								Average interest	Fair
	2017	2018	2019	2020	2021	2022	Thereafter	Total	rate	value

		2017	2018	2019	2020	2021	Pay fixed	Receive variable	
	(dollars in millions)								
Cap agreements	$ 7,000	$ —	$ 3,500	$ —	$ 3,500	$ —		LIBOR above 3.5%	$ 5

Our senior secured credit facilities, which include Term Loan A and Term Loan B, consist of various individual tranches of debt that can range in maturity from one month to twelve months (currently, all tranches are one month in duration). For Term Loan A and Term Loan B, each tranche bears interest at a LIBOR rate that is determined by the duration of such tranche plus an interest rate margin. The LIBOR variable component of the interest rate for each tranche is reset as such tranche matures and a new tranche is established. LIBOR can fluctuate significantly depending upon conditions in the credit and capital markets.

As of March 31, 2017, our Term Loan A bears interest at LIBOR plus an interest rate margin of 2.00% and our Term Loan B debt bears interest at LIBOR plus an interest rate margin of 2.75%. LIBOR was greater than the 0.75% embedded LIBOR floor on Term Loan B, resulting in Term Loan B being subject to LIBOR-based interest rate volatility on the LIBOR variable component of our interest rate as of March 31, 2017. The LIBOR based interest component is limited to a maximum LIBOR rate of 3.50% on the outstanding principal debt on Term Loan B and $96.3 million on Term Loan A as a result of the interest rate cap agreements, as described below.

As of March 31, 2017, we maintained several interest rate cap agreements that were entered into in November 2014 with notional amounts totaling $3.5 billion. These cap agreements became effective September 30, 2016 and have the economic effect of capping the LIBOR variable component of our interest rate at a maximum of 3.50% on an equivalent amount of our debt. The cap agreements expire on June 30, 2018. As of March 31, 2017, the total fair value of these cap agreements was an asset of approximately $0.01 million. During the three months ended March 31, 2017, we recognized debt expense of $2.1 million from these caps. During the three months ended March 31, 2017, we recorded a loss of $0.1 million in other comprehensive income due to a decrease in the unrealized fair value of these cap agreements.

As of March 31, 2017, we also maintained several forward interest rate cap agreements that were entered into in October 2015 with notional amounts totaling $3.5 billion. These forward cap agreements will become effective June 29, 2018 and will have the economic effect of capping the LIBOR variable component of our interest rate at a maximum of 3.50% on an equivalent amount of our debt. These cap agreements expire on June 30, 2020. As of March 31, 2017, the total fair value of these cap agreements was an asset of approximately $4.7 million. During the three months ended March 31, 2017, we recorded a loss of $5.1 million in other comprehensive income due to a decrease in the unrealized fair value of these forward cap agreements.

Our weighted average effective interest rate on the senior secured credit facilities at end of the quarter was 3.95%, based on the current margins in effect of 2.00% for Term Loan A and 2.75% for Term Loan B, as of March 31, 2017.

As of March 31, 2017, our Term Loan B debt bears interest at LIBOR plus an interest rate margin of 2.75%. Term Loan B is also subject to interest rate caps if LIBOR should rise above 3.50%. Term Loan A bears interest at LIBOR plus an interest rate margin of 2.00%. The capped portion of Term Loan A is $96.3 million. In addition, the uncapped portion of Term Loan A, which is subject to the variability of LIBOR, is $747.5 million. Interest rates on our senior notes are fixed by their terms.

Our overall weighted average effective interest rate during the three months ended March 31, 2017 was 4.55% and as of March 31, 2017 was 4.64%.

As of March 31, 2017, we had undrawn revolving credit facilities totaling $1.0 billion of which approximately $94.6 million was committed for outstanding letters of credit. The remaining amount is unencumbered. In addition, we have approximately $1.3 million of committed letters of credit outstanding related to DMG, which is backed by a certificate of deposit.

Exchange rate sensitivity

While our business is predominantly conducted in the U.S. we have developing operations in 11 other countries as well. For financial reporting purposes, the U.S. dollar is our reporting currency. However, the functional currencies of our operating businesses in other countries are typically those of the countries in which they operate. Therefore, changes in the rate of exchange between the U.S. dollar and the local currencies in which our international operations are conducted affect our results of operations and financial position as reported in our consolidated financial statements.

We have consolidated the balance sheets of our non-U.S. dollar denominated operations into U.S. dollars at the exchange rates prevailing at the balance sheet date and have translated their revenues and expense at the average exchange rates for the period. Additionally, our individual subsidiaries are exposed to transactional risks mainly resulting from intercompany transactions between and among subsidiaries with different functional currencies. This exposes the subsidiaries to fluctuations in the rate of exchange between the invoicing or obligation currencies and the currency in which their local operations are conducted.

Item 4. *Controls and Procedures*

Management has established and maintains disclosure controls and procedures designed to ensure that information required to be disclosed in the reports that it files or submits pursuant to the Securities Exchange Act of 1934, as amended, or Exchange Act, is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and that such information is accumulated and communicated to the Company's management, including its Chief Executive Officer and Chief Financial Officer, as appropriate to allow for timely decisions regarding required disclosures.

At the end of the period covered by this report, we carried out an evaluation, under the supervision and with the participation of the Company's Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures in accordance with the Exchange Act requirements. Based upon that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures are effective for timely identification and review of material information required to be included in the Company's Exchange Act reports, including this report. Management recognizes that these controls and procedures can provide only reasonable assurance of desired outcomes, and that estimates and judgments are still inherent in the process of maintaining effective controls and procedures.

There has not been any change in the Company's internal control over financial reporting that was identified during the evaluation that occurred during the fiscal quarter covered by this report that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II.
OTHER INFORMATION

Item 1. *Legal Proceedings*

We operate in a highly regulated industry and are a party to various lawsuits, claims, governmental investigations and audits (including investigations resulting from our obligation to self-report suspected violations of law) and other legal proceedings. We record accruals for certain legal proceedings and regulatory matters to the extent that we determine an unfavorable outcome is probable and the amount of the loss can be reasonably estimated. As of December 31, 2016 and March 31, 2017, our total recorded accruals with respect to legal proceedings and regulatory matters, net of anticipated third party recoveries, were approximately $69 million for both periods. While these accruals reflect our best estimate of the probable loss for those matters as the dates of those accruals, the recorded amounts may differ materially from the actual amount of the losses for those matters, and any anticipated third party recoveries for any such losses may not ultimately be recoverable.

Additionally, in some cases, no estimate of the possible loss or range of loss in excess of amounts accrued, if any, can be made because of the inherently unpredictable nature of legal proceedings and regulatory matters, which may be exacerbated by various factors, including that they may involve indeterminate claims for monetary damages or may involve fines, penalties or non-monetary remedies; present novel legal theories or legal uncertainties; involve disputed facts; represent a shift in regulatory policy; are in the early stages of the proceedings; or result in a change of business practices. Further, there may be various levels of judicial review available to us in connection with any such proceeding.

The following is a description of certain lawsuits, claims, governmental investigations and audits and other legal proceedings to which we are subject.

Inquiries by the Federal Government and Certain Related Civil Proceedings

Swoben Private Civil Suit: In April 2013, HealthCare Partners (HCP), now known as our DMG subsidiary, was one of several defendants served with a civil complaint filed by a former employee of SCAN Health Plan (SCAN), an HMO. On July 13, 2009, pursuant to the *qui tam* provisions of the federal FCA and the California False Claims Act, James M. Swoben, as relator, filed his initial *qui tam* action in the United States District Court for the Central District of California purportedly on behalf of the United States of America and the State of California against SCAN, and certain other defendants whose identities were under seal. The allegations in the complaint relate to alleged overpayments received from government healthcare programs. In 2009 and 2010, the relator twice amended his complaint and added additional defendants, and in November 2011, he filed his Third Amended Complaint under seal alleging violations of the federal FCA and the California False Claims Act, and added additional defendants, including HCP and certain health insurance companies (the defendant HMOs). The allegations in the complaint against HCP relate to patient diagnosis coding to determine reimbursement in the Medicare Advantage (MA) program, referred to as HCC and RAF scores. The complaint sought monetary damages and civil penalties as well as costs and expenses. The U.S. Department of Justice (DOJ) reviewed these allegations and in January 2013 declined to intervene in the case. HCP and the other defendants filed motions to dismiss the Third Amended Complaint, and the court dismissed with prejudice the claims and judgment was entered in September 2013. Upon the plaintiff's appeal, a panel of the Ninth Circuit overturned the trial court's ruling and vacated the dismissal of the case. Together with certain defendants, we petitioned the Ninth Circuit for a rehearing, but in December 2016, the Ninth Circuit rejected the petition and determined the relator should be given an opportunity to amend the complaint, and remanded the case back to district court. In March 2017, the relator filed his Fourth Amended Complaint alleging that HCP and certain health insurance companies employed one-way retrospective reviews that were designed only to identify additional diagnoses that would be submitted to CMS for risk adjustment purposes, and thereby drive higher risk scores that would increase the capitated payments made by the federal government under the MA program. We dispute the allegations and intend to defend accordingly.

2015 U.S. Attorney Transportation Investigation: In February 2015, we announced that we received six administrative subpoenas from the OIG for medical records from six different dialysis centers in southern California operated by us. Specifically, each subpoena sought the medical records of a single patient of each respective dialysis center. In February 2016, we received four additional subpoenas for four additional dialysis centers in southern California. The subpoenas were similarly limited in scope to the subpoenas received in 2015. On February 8, 2017, we were served with a *qui tam* complaint in the U.S. District Court for the Central District of California. We have been advised by an attorney with the United States Attorney's Office for the Central District of California that the *qui tam* is related to the investigation concerning the medical necessity of patient transportation, which was the basis for the subpoenas. The relator alleged that an ambulance company submitted false claims for patient transportation. Although we do not provide transportation ourselves nor do we bill for the transport of our

dialysis patients, the relator alleged that two of our purported clinical staff caused the submission of a small number of those claims through improper certifications of medical necessity. The DOJ has declined to intervene. In April 2017, the court granted our motion to dismiss the complaint without prejudice for failing to state a claim upon which relief can be granted.

2015 U.S. Office of Inspector General (OIG) Medicare Advantage Civil Investigation: In March 2015, JSA HealthCare Corporation (JSA), a subsidiary of DMG, received a subpoena from the Office of Inspector General (OIG) for the U.S. Department of Health and Human Services (HHS). We have been advised by an attorney with the Civil Division of the DOJ in Washington, D.C. that the subpoena relates to an ongoing civil investigation concerning MA service providers' risk adjustment practices and data, including identification and verification of patient diagnoses and factors used in making the diagnoses. The subpoena requests documents and information for the period from January 1, 2008 through December 31, 2013, for certain MA plans for which JSA provided services. It also requests information regarding JSA's communications about patient diagnoses as they relate to certain MA plans generally, and more specifically as related to two Florida physicians with whom JSA previously contracted. We are producing the requested information and are cooperating with the government's investigation.

In addition to the subpoena described above, in June 2015, we received a subpoena from the OIG. This civil subpoena covers the period from January 1, 2008 through the present and seeks production of a wide range of documents relating to our and our subsidiaries' (including DMG's and its subsidiary JSA's) provision of services to MA plans and related patient diagnosis coding and risk adjustment submissions and payments. We believe that the request is part of a broader industry investigation into MA patient diagnosis coding and risk adjustment practices and potential overpayments by the government. The information requested includes information relating to patient diagnosis coding practices for a number of conditions, including potentially improper historical DMG coding for a particular condition. With respect to that condition, the guidance related to that coding issue was discontinued following our November 1, 2012 acquisition of DMG, and we notified CMS in April 2015 of the coding practice and potential overpayments. In that regard, we have identified certain additional coding practices which may have been problematic and are in discussions with the DOJ about the scope and nature of a review of claims relating to those practices. We are cooperating with the government and are producing the requested information. In addition, we are continuing to review other DMG coding practices to determine whether there were any improper coding issues. In connection with the DMG merger, we have certain indemnification rights against the sellers and an escrow was established as security for the indemnification. We have submitted an indemnification claim against the sellers secured by the escrow for any and all liabilities incurred relating to these matters and intend to pursue recovery from the escrow. However, we can make no assurances that the indemnification and escrow will cover the full amount of our potential losses related to these matters.

2015 U.S. Department of Justice Vascular Access Investigation and Related *Qui Tam* Litigation: In November 2015, we announced that RMS Lifeline, Inc., a wholly-owned subsidiary of ours that operates under the name Lifeline Vascular Access (Lifeline), received a Civil Investigative Demand (CID) from the DOJ. The CID relates to two vascular access centers in Florida that are part of Lifeline's vascular access business. The CID covers the period from January 1, 2008 through the present. We acquired these two centers in December 2012. Based on the language of the CID, the DOJ appeared to be looking at whether angiograms performed at the two centers were medically unnecessary and therefore whether related claims filed with federal healthcare programs possibly violated the FCA. Lifeline does not perform dialysis services but instead provides vascular access management services for dialysis patients. We cooperated with the government and produced the requested information. The DOJ investigation was initiated pursuant to a complaint brought under the *qui tam* provisions of the FCA (the Complaint). The Complaint was originally filed under seal in August 2014 in the U.S. District Court, Middle District of Florida, United States ex. rel James Spafford v. DaVita HealthCare Partners, Inc., et al., Case Number 6:14-cv-1251-Orl-41DAB, naming several doctors with us as defendants. In December 2015, a First Amended Complaint was filed under seal. In May 2016, the First Amended Complaint was unsealed. The First Amended Complaint alleges violations of the FCA due to the submission of claims to the government for allegedly medically unnecessary angiograms and angiography procedures at the two vascular access centers as well as employment-related claims. The Complaint covers alleged conduct dating from July 2008, prior to our acquisition of the centers, to the present. The DOJ declined to intervene. In January 2017, we finalized and executed a settlement agreement with the relator and the government for an immaterial amount, and in April 2017, the court dismissed the case with prejudice.

2016 U.S. Attorney Prescription Drug Investigation: In early February 2016, we announced that our pharmacy services' wholly-owned subsidiary, DaVita Rx, received a CID from the U.S. Attorney's Office for the Northern District of Texas. It appears the government is conducting an FCA investigation concerning allegations that DaVita Rx presented or caused to be presented false claims for payment to the government for prescription medications, as well as into our relationship with pharmaceutical manufacturers. The CID covers the period from January 1, 2006 through the present. In the spring of 2015, we initiated an internal compliance review of DaVita Rx during which we identified potential billing and operational issues, including potential write-offs and discounts of patient co-payment obligations, and credits to payors for returns of prescription drugs related to DaVita Rx. We notified the government in September 2015 that we were conducting this review of DaVita Rx and began providing regular updates of our review. Upon completion of our review, we filed a self-disclosure with the OIG in

early February 2016 and we have been working to address and update the practices we identified in the self-disclosure, some of which overlap with information requested by the U.S. Attorney's Office. We do not know if the U.S. Attorney's Office, which is part of the DOJ, knew when it served the CID on us that we were already in the process of developing a self-disclosure to the OIG. The OIG informed us in February 2016 that our submission was not accepted. They indicated that the OIG is not expressing an opinion regarding the conduct disclosed or our legal positions. We are cooperating with the government and are producing the requested information.

2017 U.S. Attorney American Kidney Fund Investigation. On January 4, 2017, we were served with an administrative subpoena for records by the United States Attorney's Office, District of Massachusetts, relating to an investigation into possible federal health care offenses. The subpoena covers the period from January 1, 2007 through the present, and seeks documents relevant to charitable patient assistance organizations, particularly the American Kidney Fund, including documents related to efforts to provide patients with information concerning the availability of charitable assistance. We are cooperating with the government and are producing the requested information.

Although we cannot predict whether or when proceedings might be initiated or when these matters may be resolved (other than as described above), it is not unusual for inquiries such as these to continue for a considerable period of time through the various phases of document and witness requests and on-going discussions with regulators. In addition to the inquiries and proceedings specifically identified above, we are frequently subject to other inquiries by state or federal government agencies and/or private civil *qui tam* complaints filed by relators. Negative findings or terms and conditions that we might agree to accept as part of a negotiated resolution of pending or future government inquiries or relator proceedings could result in, among other things, substantial financial penalties or awards against us, substantial payments made by us, harm to our reputation, required changes to our business practices, exclusion from future participation in the Medicare, Medicaid and other federal health care programs and, if criminal proceedings were initiated against us, possible criminal penalties, any of which could have a material adverse effect on us.

Shareholder Claims

Peace Officers' Annuity and Benefit Fund of Georgia Securities Class Action Civil Suit: On February 1, 2017, the Peace Officers' Annuity and Benefit Fund of Georgia filed a putative federal securities class action complaint in the U.S. District Court for the District of Colorado against us and certain executives. The complaint covers the time period of August 2015 to October 2016 and alleges, generally, that we and our executives violated federal securities laws concerning our financial results and revenue derived from patients who received charitable premium assistance from an industry-funded non-profit organization. The complaint further alleges that the process by which patients obtained commercial insurance and received charitable premium assistance was improper and "created a false impression of DaVita's business and operational status and future growth prospects." We dispute these allegations and intend to defend this action accordingly.

Blackburn Shareholder Derivative Civil Suit: On February 10, 2017, Charles Blackburn filed a derivative shareholder lawsuit in the U.S. District Court for the District of Delaware against us, as nominal defendant, the Board of Directors and certain executives. The complaint covers the time period from 2015 to present and alleges, generally, breach of fiduciary duty, unjust enrichment and misrepresentations and/or failures to disclose certain information in violation of the federal securities laws in our 2016 proxy statement in connection with an alleged practice to direct patients with government-subsidized health insurance into private health insurance plans to maximize our profits. We dispute these allegations and intend to defend this action accordingly. On April 4, 2017, the court stayed this proceeding until the resolution of the Peace Officers' Annuity and Benefit Fund of Georgia Securities Class Action Civil Suit, whether by dismissal with prejudice or entry of final judgment.

Other Proceedings

In addition to the foregoing, from time to time we are subject to other lawsuits, claims, governmental investigations and audits and legal proceedings that arise due to the nature of our business, including contractual disputes, such as with payors, suppliers and others, employee-related matters and professional and general liability claims.

From time to time, we initiate litigation or other legal proceedings as a plaintiff arising out of contracts or other matters. In that regard, we had a pending lawsuit in the U.S. Court of Federal Claims against the federal government which was originally filed in May 2011. The lawsuit related to the U.S. Department of Veterans Affairs (VA) underpayment of dialysis services that we provided from 2005 through 2011 to veterans pursuant to VA regulations. In the first quarter of 2017, we received a payment of $538 million related to the settlement with the VA. Our consolidated entities recognized a net gain of $527 million on this settlement. Our nonconsolidated and managed entities recognized a gain of $9 million, of which our equity investment share was $3 million. The net effect was a net increase of $530 million to our operating income.

Other than as described above, we cannot predict the ultimate outcomes of the various legal proceedings and regulatory matters to which we are or may be subject from time to time, including those described in this "Item 1. Legal Proceedings," in Part II of this report or the timing of their resolution or the ultimate losses or impact of developments in those matters, which could have a material adverse effect on our revenues, earnings and cash flows. Further, any legal proceedings or regulatory matters we are involved in, whether meritorious or not, are time consuming, and often require management's attention and result in significant legal expense, and may result in the diversion of significant operational resources, or otherwise harm our business, financial results or reputation.

Item 1A. *Risk Factors*

An updated description of the risk factors associated with our business is set forth below. This description includes any material changes to and supersedes the description of the risk factors previously disclosed in Part I, Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2016. The risks discussed below are not the only ones facing our business. Please read the cautionary notice regarding forward-looking statements in Item 2 of Part 1 of this Quarterly Report on Form 10-Q under the heading "Management's Discussion and Analysis of Financial Condition and Results of Operations".

Risk factors related to our overall business:

If we fail to adhere to all of the complex government regulations that apply to our business, we could suffer severe consequences that could have a material adverse effect on our business, results of operations, financial condition and stock price.

Our operations are subject to extensive federal, state and local government regulations, including Medicare and Medicaid payment rules and regulations, federal and state anti-kickback laws, the Stark Law and analogous state self-referral prohibition statutes, Federal Acquisition Regulations, the False Claims Act (FCA), the Civil Monetary Penalty statute, the Foreign Corrupt Practices Act (FCPA) and federal and state laws regarding the collection, use and disclosure of patient health information (e.g., Health Insurance Portability and Accountability Act of 1996 (HIPAA)) and the storage, handling and administration of pharmaceuticals. The Medicare and Medicaid reimbursement rules impose complex and extensive requirements upon dialysis providers as well. Moreover, additional laws and regulations potentially affecting providers continue to be promulgated. For example, on December 13, 2016, the 21st Century Cures Act was signed into law and, among other provisions, authorizes the Office of Inspector General (OIG) to impose penalties on providers that engage in information blocking where there is knowledge that such practice is unreasonable and likely to interfere with, prevent, or materially discourage access, exchange, or use of electronic health information. A violation or departure from any of these legal requirements may result in government audits, lower reimbursements, significant fines and penalties, the potential loss of certification, recoupment efforts or voluntary repayments.

We endeavor to comply with all legal requirements; however, there is no guarantee that we will be able to adhere to all of the complex government regulations that apply to our business. We further endeavor to structure all of our relationships with physicians to comply with state and federal anti-kickback and physician self-referral laws. We utilize considerable resources to monitor the laws and implement necessary changes. However, the laws and regulations in these areas are complex and often subject to varying interpretations. For example, if an enforcement agency were to challenge the level of compensation that we pay our medical directors or the number of medical directors whom we engage, we could be required to change our practices, face criminal or civil penalties, pay substantial fines or otherwise experience a material adverse effect on our business, results of operations and financial condition as a result of a challenge to these arrangements.

In addition, failure to report and return overpayments within 60 days of when the overpayment was identified and quantified can lead to a violation of the FCA and associated penalties, as described in further detail below, and exclusion and penalties under the federal Civil Monetary Penalty statute, including civil monetary penalties of up to $10,000 (adjusted for inflation) for each item or service for which a person received an identified overpayment and failed to report and return such overpayment. These obligations to report and return overpayments could subject our procedures for identifying and processing overpayments to greater scrutiny. We have made significant investments in resources to decrease the time it takes to identify and process overpayments, and we may be required to make additional investments in the future. From time to time we may conduct internal compliance reviews, the results of which may involve the identification of overpayments or other liabilities. In that regard, in the spring of 2015, we initiated an internal compliance review of our pharmacy business during which we identified potential billing and operational issues, including potential write-offs and discounts of patient co-payment obligations, and credits to payors for returns of prescriptions drugs, related to our pharmacy business. We have disclosed the results of this ongoing review to the government. An acceleration in our ability to identify and process overpayments could result in us refunding overpayments to government and other payors more rapidly than we have in the past which could have a material adverse effect on our operating cash flows. Overpayments subject us to refunds and related damages and potential liabilities.

Additionally, the federal government has used the FCA to prosecute a wide variety of alleged false claims and fraud allegedly perpetrated against Medicare and state health care programs. Moreover, amendments to the federal Anti-Kickback Statute in the health reform law make claims tainted by anti-kickback violations potentially subject to liability under the FCA, including *qui tam* or whistleblower suits. The penalties for a violation of the FCA range from $5,500 to $11,000 (adjusted for inflation) for each false claim plus three times the amount of damages caused by each such claim which generally means the amount received directly or indirectly from the government. On February 3, 2017, the Department of Justice (DOJ) issued a

final rule announcing adjustments to FCA penalties, under which the per claim penalty range increases to $10,957 to $21,916 for penalties assessed after February 3, 2017, so long as the underlying conduct occurred after November 2, 2015. Given the high volume of claims processed by our various operating units, the potential is high for substantial penalties in connection with any alleged FCA violations.

In addition to the provisions of the FCA, which provide for civil enforcement, the federal government can use several criminal statutes to prosecute persons who are alleged to have submitted false or fraudulent claims for payment to the federal government.

The civil investigative demand received by our wholly-owned pharmacy services subsidiary, DaVita Rx, LLC, specifically references that it is in connection with an FCA investigation concerning allegations that this subsidiary presented or caused to be presented false claims for payment to the government for prescription medications, as well as into our relationship with pharmaceutical manufacturers. See “Item 1. Legal Proceedings” in Part II of this report and Note 10 to the condensed consolidated financial statements included in this report for further details.

We are subject to a Corporate Integrity Agreement (CIA) which, for our domestic dialysis business, requires us to report probable violations of criminal, civil or administrative laws applicable to any federal health care program for which penalties or exclusions may be authorized under applicable healthcare laws and regulations. See “If we fail to comply with our Corporate Integrity Agreement, we could be subject to substantial penalties and exclusion from participation in federal healthcare programs that could have a material adverse effect on our business, results of operations and financial condition."

If any of our operations are found to violate these or other government regulations, we could suffer severe consequences that would have a material adverse effect on our business, results of operations, financial condition and stock price, including:

- Suspension or termination of our participation in government payment programs;
- Refunds of amounts received in violation of law or applicable payment program requirements;
- Loss of required government certifications or exclusion from government payment programs;
- Loss of licenses required to operate healthcare facilities or administer pharmaceuticals in some of the states in which we operate;
- Reductions in payment rates or coverage for dialysis and ancillary services and related pharmaceuticals;
- Criminal or civil liability, fines, damages or monetary penalties for violations of healthcare fraud and abuse laws, including the federal Anti-Kickback Statute, Stark Law violations, FCA or other failures to meet regulatory requirements;
- Enforcement actions by governmental agencies and/or state claims for monetary damages by patients who believe their protected health information (PHI) has been used, disclosed or not properly safeguarded in violation of federal or state patient privacy laws, including HIPAA and the Privacy Act of 1974;
- Mandated changes to our practices or procedures that significantly increase operating expenses;
- Imposition of and compliance with corporate integrity agreements that could subject us to ongoing audits and reporting requirements as well as increased scrutiny of our billing and business practices which could lead to potential fines;
- Termination of relationships with medical directors; and
- Harm to our reputation which could impact our business relationships, affect our ability to obtain financing and decrease access to new business opportunities, among other things.

We are, and may in the future be, a party to various lawsuits, claims, governmental investigations and audits (including investigations resulting from our obligation to self-report suspected violations of law) and other legal proceedings, any of which could result in, among other things, substantial financial penalties or awards against us, substantial payments made by us, harm to our reputation, required changes to our business practices, exclusion from future participation in the Medicare, Medicaid and other federal healthcare programs and possible criminal penalties, any of which could have a material adverse effect on our business, results of operations and financial condition.

We are the subject of a number of investigations and audits by the federal government. We have received subpoenas or other requests for documents from the federal government in connection with the Swoben private civil suit, the 2015 U.S. Attorney Transportation Investigation, the investigations underlying the two subpoenas regarding patient diagnosis coding

received by DMG and its JSA subsidiary, the 2016 U.S. Attorney Prescription Drug Investigation and the 2017 U.S. Attorney American Kidney Fund Investigation. In addition to the foregoing inquiries and proceedings, we are frequently subject to other investigations and audits by state or federal government agencies and/or private civil *qui tam* complaints filed by relators and other lawsuits, claims and legal proceedings.

Responding to subpoenas, investigations and other lawsuits, claims and legal proceedings as well as defending ourselves in such matters will continue to require management's attention and cause us to incur significant legal expense. Negative findings or terms and conditions that we might agree to accept as part of a negotiated resolution of pending or future government inquiries or relator proceedings could result in, among other things, substantial financial penalties or awards against us, substantial payments made by us, harm to our reputation, required changes to our business practices, exclusion from future participation in the Medicare, Medicaid and other federal healthcare programs and, in certain cases, criminal penalties, any of which could have a material adverse effect on us. It is possible that criminal proceedings may be initiated against us in connection with investigations by the federal government. To our knowledge, no such proceedings have been initiated by the federal government against us at this time. Other than as described in "Item 1. Legal Proceedings" in Part II of this report and Note 10 to the condensed consolidated financial statements included in this report, we cannot predict the ultimate outcomes of the various legal proceedings and regulatory matters to which we are or may be subject from time to time, including those described in the aforementioned sections of this report, or the timing of their resolution or the ultimate losses or impact of developments in those matters, which could have a material adverse effect on our business results of operations and financial condition. See "Item 1. Legal Proceedings" in Part II of this report and Note 10 to the condensed consolidated financial statements included in this report for further details regarding these and other matters.

Disruptions in federal government operations and funding create uncertainty in our industry and could have a material adverse effect on our business, results of operations and financial condition.

A substantial portion of our revenues is dependent on federal healthcare program reimbursement, and any disruptions in federal government operations could have a material adverse effect on our business, results of operations and financial condition. If the U.S. government defaults on its debt, there could be broad macroeconomic effects that could raise our cost of borrowing funds, and delay or prevent our future growth and expansion. Any future federal government shutdown, U.S. government default on its debt and/or failure of the U.S. government to enact annual appropriations could have a material adverse effect on our business, results of operations and financial condition. Additionally, disruptions in federal government operations may negatively impact regulatory approvals and guidance that are important to our operations, and create uncertainty about the pace of upcoming healthcare regulatory developments.

Healthcare reform could have a material adverse effect on our business, financial condition and results of operations.

We cannot predict how employers, private payors or persons buying insurance might react to the changes brought on by federal and state healthcare reform legislation or what form many of these regulations will take before implementation.

The federal healthcare reform legislation, enacted in 2010, introduced healthcare insurance exchanges which provide a marketplace for eligible individuals and small employers to purchase healthcare insurance. The business and regulatory environment continues to evolve as the exchanges mature, and regulations are challenged, changed and enforced. If commercial payor participation in the exchanges continues to decrease, it could have a material adverse effect on our business, results of operations and financial condition. Although we cannot predict the short- or long-term effects of these factors, we believe the healthcare insurance exchanges could result in a reduction in ESRD patients covered by traditional commercial insurance policies and an increase in the number of patients covered through the exchanges under more restrictive commercial plans with lower reimbursement rates or higher deductibles and co-payments that patients may not be able to pay. To the extent that the ongoing implementation of such exchanges or changes in regulations or enforcement of regulations regarding the exchanges results in a reduction in reimbursement rates for our services from commercial and/or government payors, it could have a material adverse effect on our business, results of operations and financial condition.

The 2010 healthcare reform legislation also added several new tax provisions that, among other things, impose various fees and excise taxes, and limit compensation deductions for health insurance providers and their affiliates. These rules could negatively impact our cash flow and tax liabilities. In addition, the 2010 healthcare reform legislation broadened the potential for penalties under the FCA for the knowing and improper retention of overpayments collected from government payors and reduced the timeline to file Medicare claims. As a result, we made significant investments in new resources to accelerate the time it takes us to identify and process overpayments and we deployed significant resources to reduce our timeline and improve our claims processing methods to ensure that our Medicare claims are filed in a timely fashion. However, we may be required to make additional investments in the future. Failure to timely identify and return overpayments may result in significant penalties, which could have a material effect on our business, results of operations and financial condition. Failure to file a

claim within the one year window could result in payment denials, adversely affecting our business, results of operations and financial condition.

With the 2010 healthcare reform legislation, new models of care emerge and evolve and other initiatives in the government or private sector may arise, which could adversely impact our business. For example, the CMS Innovation Center (Innovation Center) is currently working with various healthcare providers to develop, refine and implement Accountable Care Organizations (ACOs) and other innovative models of care for Medicare and Medicaid beneficiaries, including Bundled Payments for Care Improvement Initiative, CEC Model (which includes the development of ESRD Seamless Care Organizations), the Comprehensive Primary Care Initiative, the Duals Demonstration, and other models. We are currently participating in the CEC Model with the Innovation Center, including with organizations in Arizona, Florida, and adjacent markets in New Jersey and Pennsylvania. Our U.S. dialysis business may choose to participate in additional models either as a partner with other providers or independently. Even in areas where we are not directly participating in these or other Innovation Center models, some of our patients may be assigned to an ACO, another ESRD Care Model, or another program, in which case the quality and cost of care that we furnish will be included in an ACO's, another ESRD Care Model's, or other program's calculations. Additionally, CMS instituted new screening procedures, as required by the 2010 federal healthcare reform legislation, which we expect will delay the Medicare contractor approval process, potentially causing a delay in reimbursement. We anticipate the new screening and enrollment requirements will require additional personnel and financial resources and will potentially delay the enrollment and revalidation of our centers which in turn will delay payment. These delays could adversely affect our business, results of operations and financial condition.

Other reform measures allow CMS to place a moratorium on new enrollment of providers and to suspend payment to providers upon a credible allegation of fraud from any source. These types of reform measures, as well as other measures, could adversely affect our business, results of operations and financial condition depending upon the scope and breadth of the implementing regulations.

There is also a considerable amount of uncertainty as to the prospective implementation of the 2010 federal healthcare reform legislation and what similar measures might be enacted at the state level. There have been multiple attempts through legislative action and legal challenges to repeal or amend the Affordable Care Act (ACA). In addition, the 2016 Presidential and Congressional elections have caused the future state of the exchanges and other ACA reforms to be unclear. While it does appear likely that there will be significant changes to the healthcare environment in the future, the specific changes and their timing are not yet apparent. As a result, there is considerable uncertainty regarding the future with respect to the exchanges, and, indeed, many core aspects of the current health care marketplace. Previously enacted reforms as well as future legislative changes could have a material adverse effect on our results of operations, including lowering our reimbursement rates and increasing our expenses.

In addition, CMS published an interim final rule that establishes new Conditions for Coverage standards for dialysis facilities that require any facility making payments of premiums for individual market health plans to notify patients of potential coverage options and educate them about the benefits of each option. The interim final rule requires facilities to ensure that insurers are informed of and have agreed to accept the payments. On January 25, 2017, a federal district court in Texas issued a preliminary injunction on CMS' interim final rule. At this time CMS has not appealed the court's ruling and we await the final decision from the court. This and any other law, rule or guidance issued by CMS limiting or prohibiting the use of charitable premium assistance and/or the ability of patients with access to alternative coverage from selecting a marketplace plan on or off exchange could have a material adverse effect on our business, results of operations and financial condition.

Federal and state privacy and information security laws are complex, and if we fail to comply with applicable laws, regulations and standards, including with respect to third-party service providers that utilize sensitive personal information on our behalf, or if we fail to properly maintain the integrity of our data, protect our proprietary rights to our systems or defend against cybersecurity attacks, we may be subject to government or private actions due to privacy and security breaches, any of which could have a material adverse effect on our business, financial condition and results of operations or harm our reputation.

We must comply with numerous federal and state laws and regulations governing the collection, dissemination, access, use, security and privacy of PHI, including HIPAA and its implementing privacy, security, and related regulations, as amended by the federal Health Information Technology for Economic and Clinical Health Act (HITECH) and collectively referred to as HIPAA. If we fail to comply with applicable privacy and security laws, regulations and standards, including with respect to third-party service providers that utilize sensitive personal information, including PHI, on our behalf, properly maintain the integrity of our data, protect our proprietary rights to our systems, or defend against cybersecurity attacks, it could harm our reputation or have a material adverse effect on our business, results of operations and financial condition.

Information security risks have significantly increased in recent years in part because of the proliferation of new technologies, the use of the Internet and telecommunications technologies to conduct our operations, and the increased sophistication and activities of organized crime, hackers, terrorists and other external parties, including foreign state agents. Our operations rely on the secure processing, transmission and storage of confidential, proprietary and other information in our computer systems and networks.

We are continuously implementing multiple layers of security measures through technology, processes, and our people. We utilize current security technologies and our defenses are monitored and routinely tested internally and by external parties. Despite these efforts, our facilities and systems and those of our third-party service providers may be vulnerable to privacy and security incidents; security attacks and breaches; acts of vandalism or theft; computer viruses and other malicious code; coordinated attacks by activist entities; emerging cybersecurity risks; misplaced or lost data; programming and/or human errors; or other similar events that could impact the security, reliability, and availability of our systems. Emerging and advanced security threats, including coordinated attacks, require additional layers of security which may disrupt or impact efficiency of operations. Cybersecurity requires ongoing investment and diligence against evolving threats.

Any security breach involving the misappropriation, loss or other unauthorized disclosure or use of confidential information, including PHI, financial data, competitively sensitive information, or other proprietary data, whether by us or a third party, could have a material adverse effect on our business, financial condition, and results of operations and harm our reputation. We may be required to expend significant additional resources to modify our protective measures, to investigate and remediate vulnerabilities or other exposures, or to make required notifications. The occurrence of any of these events could result in interruptions, delays, the loss or corruption of data, cessations in the availability of systems or liability under privacy and security laws, all of which could have a material adverse effect on our business, financial condition or results of operations, harm our reputation and trigger regulatory actions and private party litigation. If we are unable to protect the physical and electronic security and privacy of our databases and transactions, we could be subject to potential liability and regulatory action, our reputation and relationships with our patients and vendors would be harmed, and our business, results of operations and financial condition could be materially and adversely affected. Failure to adequately protect and maintain the integrity of our information systems (including our networks) and data, or to defend against cybersecurity attacks, could subject us to monetary fines, civil suits, civil penalties or criminal sanctions and requirements to disclose the breach publicly, and could further result in a material adverse effect on our business, results of operations and financial condition or harm our reputation. As malicious cyber activity escalates, including activity that originates outside of the United States, the risks we face relating to transmission of data and our use of service providers outside of our network, as well as the storing or processing of data within our network, intensify. There have been increased federal and state HIPAA and other privacy and security enforcement efforts and we expect this trend to continue. While we maintain cyber liability insurance, this insurance may not cover us for all losses and may not be sufficient to protect us against all losses.

We may engage in acquisitions, mergers, joint ventures or dispositions, which may affect our results of operations, debt-to-capital ratio, capital expenditures or other aspects of our business, and if businesses we acquire have liabilities we are not aware of, we could suffer severe consequences that would have a material adverse effect on our business, results of operations and financial condition.

Our business strategy includes growth through acquisitions of dialysis centers and other businesses, as well as entry into joint ventures. We may engage in acquisitions, mergers, joint ventures, dispositions or new business models, which may affect our results of operations, debt-to-capital ratio, capital expenditures or other aspects of our business. There can be no assurance that we will be able to identify suitable acquisition targets or merger partners or that, if identified, we will be able to acquire these targets on acceptable terms or agree to terms with merger partners. There can also be no assurance that we will be successful in completing any acquisitions, mergers or dispositions that we announce, executing new business models or integrating any acquired business into our overall operations. There is no guarantee that we will be able to operate acquired businesses successfully as stand-alone businesses, or that any such acquired business will operate profitably or will not otherwise have a material adverse effect on our business, results of operations and financial condition. Further, we cannot be certain that key talented individuals at the business being acquired will continue to work for us after the acquisition or that they will be able to continue to successfully manage or have adequate resources to successfully operate any acquired business.

Businesses we acquire may have unknown or contingent liabilities or liabilities that are in excess of the amounts that we originally estimated, and may have other issues, including those related to internal controls over financial reporting or issues that could affect our ability to comply with healthcare laws and regulations and other laws applicable to our expanded business. As a result, we cannot make any assurances that the acquisitions we consummate will be successful. Although we generally seek indemnification from the sellers of businesses we acquire for matters that are not properly disclosed to us, we are not always successful. In addition, even in cases where we are able to obtain indemnification, we may discover liabilities greater than the contractual limits, the amounts held in escrow for our benefit (if any), or the financial resources of the indemnifying

party. In the event that we are responsible for liabilities substantially in excess of any amounts recovered through rights to indemnification or alternative remedies that might be available to us, or any applicable insurance, we could suffer severe consequences that could have a material adverse effect on our business, results of operations and financial condition.

Additionally, joint ventures, including our Asia Pacific Joint Venture (APAC JV), and minority investments inherently involve a lesser degree of control over business operations, thereby potentially increasing the financial, legal, operational and/or compliance risks associated with the joint venture or minority investment. In addition, we may be dependent on joint venture partners, controlling shareholders or management who may have business interests, strategies or goals that are inconsistent with ours. Business decisions or other actions or omissions of the joint venture partner, controlling shareholders or management may adversely affect the value of our investment, result in litigation or regulatory action against us, result in reputational harm to us or adversely affect the value of our investment or partnership.

If we are not able to continue to make acquisitions, or maintain an acceptable level of non-acquired growth, or if we face significant patient attrition to our competitors or a reduction in the number of our medical directors or associated physicians, it could adversely affect our business, results of operations and financial condition.

Acquisitions, patient retention and medical director and physician retention are an important part of our growth strategy. We face intense competition from other companies for acquisition targets. In our U.S. dialysis business, we continue to face increased competition from large and medium-sized providers, which compete directly with us for acquisition targets as well as for individual patients and medical directors. In addition, as we continue our international dialysis expansion into various international markets, we will face competition from large and medium-sized providers for these acquisition targets as well. Because of the ease of entry into the dialysis business and the ability of physicians to be medical directors for their own centers, competition for growth in existing and expanding markets is not limited to large competitors with substantial financial resources. Occasionally, we have experienced competition from former medical directors or referring physicians who have opened their own dialysis centers. In addition, FMC, our largest competitor, manufactures a full line of dialysis supplies and equipment in addition to owning and operating dialysis centers. This may give it cost advantages over us because of its ability to manufacture its own products. If we are not able to continue to make acquisitions, continue to maintain acceptable levels of non-acquired growth, or if we face significant patient attrition to our competitors or a reduction in the number of our medical directors or associated physicians, it could adversely affect our business, results of operations and financial condition.

Our ability to effectively provide the services we offer could be negatively impacted if certain of our suppliers do not meet our needs, if there are material price increases, or if we are unable to effectively access new technology, which could have a material adverse effect on our business, results of operations and financial condition.

We have significant suppliers that are either the sole or primary source of products critical to the services we provide, including Amgen, Baxter, FMC, NxStage Medical, Inc. and others or to which we have committed obligations to make purchases. If any of these suppliers do not meet our needs for the products they supply, including in the event of a product recall, shortage or dispute, and we are not able to find adequate alternative sources, if we experience material price increases from these suppliers that we are unable to mitigate, or if some of the drugs that we purchase are not reimbursed or not adequately reimbursed by commercial payors or through the bundled payment rate by Medicare, our business, results of operations and financial condition could be materially reduced. In addition, the technology related to the products critical to the services we provide is subject to new developments and may result in superior products. If we are not able to access superior products on a cost-effective basis or if suppliers are not able to fulfill our requirements for such products, we could face patient attrition which could have a material adverse effect on our business, results of operations and financial condition.

DMG operates in a different line of business from our historical business, and we face challenges managing DMG and may not realize anticipated benefits.

DMG operates in a different line of business from our historical business. We may not have the expertise, experience and resources to pursue all of our businesses at once, and we may be unable to successfully operate all businesses in the combined company. The administration of DMG requires implementation of appropriate operations, management, and financial reporting systems and controls. We experience difficulties in effectively implementing these and other systems. The management of DMG requires and will continue to require the focused attention of our management team, including a significant commitment of its time and resources. The need for management to focus on these matters could have a material adverse effect on our business, results of operations and financial condition. If the DMG operations are less profitable than we currently anticipate or we do not have the experience, the appropriate expertise or the resources to pursue all businesses in the combined company, our results of operations and financial condition may be materially and adversely affected, and in that regard, we have taken goodwill impairment charges of $442 million in total and may continue incurring additional impairment charges.

The level of our current and future debt could have an adverse impact on our business and our ability to generate cash to service our indebtedness depends on many factors beyond our control.

We have substantial debt outstanding, we incurred a substantial amount of additional debt in connection with the DMG transaction and we may incur additional indebtedness in the future. Our substantial indebtedness could have important consequences to you, for example, it could:

- make it difficult for us to make payments on our debt securities;
- increase our vulnerability to general adverse economic and industry conditions;
- require us to dedicate a substantial portion of our cash flow from operations to payments on our indebtedness, thereby reducing the availability of our cash flow to fund working capital, capital expenditures, acquisitions and investments and other general corporate purposes;
- limit our flexibility in planning for, or reacting to, changes in our business and the markets in which we operate;
- expose us to interest rate volatility that could adversely affect our business, results of operations and financial condition, and our ability to service our indebtedness;
- place us at a competitive disadvantage compared to our competitors that have less debt; and
- limit our ability to borrow additional funds.

In addition, we may incur substantial additional indebtedness in the future. The terms of the indentures governing our senior notes and the agreement governing our senior secured credit facilities will allow us to incur substantial additional debt. If new debt is added to current debt levels, the related risks described above could intensify.

Our ability to make payments on our indebtedness and to fund planned capital expenditures and expansion efforts, including any strategic acquisitions we may make in the future, will depend on our ability to generate cash. This, to a certain extent, is subject to general economic, financial, competitive, regulatory and other factors that are beyond our control.

We cannot provide assurance that our business will generate sufficient cash flow from operations in the future or that future borrowings will be available to us in an amount sufficient to enable us to service our indebtedness or to fund other liquidity needs. If we are unable to generate sufficient funds to service our outstanding indebtedness, we may be required to refinance, restructure, or otherwise amend some or all of such obligations, sell assets, or raise additional cash through the sale of our equity. We cannot make any assurances that we would be able to obtain such refinancing on terms as favorable as our existing financing terms or that such restructuring activities, sales of assets, or issuances of equity can be accomplished or, if accomplished, would raise sufficient funds to meet these obligations.

The borrowings under our senior secured credit facilities are guaranteed by a substantial portion of our direct and indirect wholly-owned domestic subsidiaries and are secured by a substantial portion of our and our subsidiaries' assets.

We may be subject to liability claims for damages and other expenses that are not covered by insurance or exceed our existing insurance coverage that could have a material adverse effect on our business, results of operations and financial condition.

Our operations and how we manage our Company may subject us, as well as our officers and directors to whom we owe certain defense and indemnity obligations, to litigation and liability for damages. Our business, profitability and growth prospects could suffer if we face negative publicity or we pay damages or defense costs in connection with a claim that is outside the scope or limits of coverage of any applicable insurance coverage, including claims related to adverse patient events, contractual disputes, professional and general liability and directors' and officers' duties. In addition, we have received several notices of claims from commercial payors and other third parties, as well as subpoenas and CIDs from the federal government, related to our business practices, including our historical billing practices and the historical billing practices of acquired businesses. Although the ultimate outcome of these claims cannot be predicted, an adverse result with respect to one or more of these claims could have a material adverse effect on our business, results of operations and financial condition. We currently maintain insurance coverage for those risks we deem are appropriate to insure against and make determinations about whether to self-insure as to other risks or layers of coverage. However, a successful claim, including a professional liability, malpractice or negligence claim which is in excess of any applicable insurance coverage, or that is subject to our self-insurance retentions, could have a material adverse effect on our business, results of operations and financial condition. Additionally, as a result of the broad scope of our DMG division's medical practice, we are exposed to medical malpractice claims, as well as claims for damages and other expenses, that may not be covered by insurance or for which adequate limits of insurance coverage may not be available.

In addition, if our costs of insurance and claims increase, then our earnings could decline. Market rates for insurance premiums and deductibles have been steadily increasing. Our business, results of operations and financial condition could be materially and adversely affected by any of the following:

- the collapse or insolvency of our insurance carriers;
- further increases in premiums and deductibles;
- increases in the number of liability claims against us or the cost of settling or trying cases related to those claims; or
- an inability to obtain one or more types of insurance on acceptable terms, if at all.

If we fail to successfully maintain an effective internal control over financial reporting, the integrity of our financial reporting could be compromised, which could have a material adverse effect on our ability to accurately report our financial results and the market's perception of our business and our stock price.

The integration of DMG into our internal control over financial reporting has required and will continue to require significant time and resources from our management and other personnel and will increase our compliance costs. Failure to maintain an effective internal control environment could have a material adverse effect on our ability to accurately report our financial results and the market's perception of our business and our stock price.

Deterioration in economic conditions and further disruptions in the financial markets could have a material adverse effect on our business, results of operations and financial condition.

Deterioration in economic conditions could have a material adverse effect on our business, results of operations and financial condition. Among other things, the potential decline in federal and state revenues that may result from such conditions may create additional pressures to contain or reduce reimbursements for our services from Medicare, Medicaid and other government sponsored programs. Increases in job losses in the U.S. as a result of adverse economic conditions has and may continue to result in a smaller percentage of our patients being covered by an employer group health plan and a larger percentage being covered by lower paying Medicare and Medicaid programs. Employers may also select more restrictive commercial plans with lower reimbursement rates. To the extent that payors are negatively impacted by a decline in the economy, we may experience further pressure on commercial rates, a further slowdown in collections and a reduction in the amounts we expect to collect. In addition, uncertainty in the financial markets could adversely affect the variable interest rates payable under our credit facilities or could make it more difficult to obtain or renew such facilities or to obtain other forms of financing in the future, if at all. Any or all of these factors, as well as other consequences of a deterioration in economic conditions which cannot currently be anticipated, could have a material adverse effect on our business, results of operations and financial condition.

Expansion of our operations to and offering our services in markets outside of the U.S. subjects us to political, economic, legal, operational and other risks that could have a material adverse effect on our business, results of operations and financial condition.

We are continuing to expand our operations by offering our services outside of the U.S., which increases our exposure to the inherent risks of doing business in international markets. Depending on the market, these risks include those relating to:

- changes in the local economic environment;
- political instability, armed conflicts or terrorism;
- social changes;
- intellectual property legal protections and remedies;
- trade regulations;
- procedures and actions affecting approval, production, pricing, reimbursement and marketing of products and services;
- foreign currency;
- repatriating or moving to other countries cash generated or held abroad, including considerations relating to tax-efficiencies and changes in tax laws;
- export controls;
- lack of reliable legal systems which may affect our ability to enforce contractual rights;

- changes in local laws or regulations;
- potentially longer ramp-up times for starting up new operations and for payment and collection cycles;
- financial and operational, and information technology systems integration; and
- failure to comply with U.S. laws, such as the FCPA, or local laws that prohibit us, our partners, or our partners' or our intermediaries from making improper payments to foreign officials for the purpose of obtaining or retaining business.

Issues relating to the failure to comply with any of the above may impact our domestic business and/or raise scrutiny on our domestic practices.

Additionally, some factors that will be critical to the success of our international business and operations will be different than those affecting our domestic business and operations. For example, conducting international operations requires us to devote significant management resources to implement our controls and systems in new markets, to comply with local laws and regulations and to overcome the numerous new challenges inherent in managing international operations, including those based on differing languages, cultures and regulatory environments, and those related to the timely hiring, integration and retention of a sufficient number of skilled personnel to carry out operations in an environment with which we are not familiar.

We anticipate expanding our international operations through acquisitions of varying sizes or through organic growth, which could increase these risks. Additionally, though we might invest material amounts of capital and incur significant costs in connection with the growth and development of our international operations, there is no assurance that we will be able to operate them profitably anytime soon, if at all. As a result, we would expect these costs to be dilutive to our earnings over the next several years as we start-up or acquire new operations.

These risks could have a material adverse effect on our business, results of operations and financial condition.

Risk factors related to our U.S. dialysis and related lab services, ancillary services and strategic initiatives:

If patients in commercial plans are subject to restriction in plan designs or the average rates that commercial payors pay us decline significantly, it would have a material adverse effect on our business, results of operations and financial condition.

Approximately 33% of our dialysis services revenues for the three months ended March 31, 2017 were generated from patients who have commercial payors (including hospital dialysis services) as their primary payor. The majority of these patients have insurance policies that pay us on terms and at rates that are generally significantly higher than Medicare rates. The payments we receive from commercial payors generate nearly all of our profit and all of our nonacute dialysis profits come from commercial payors. We continue to experience downward pressure on some of our commercial payment rates as a result of general conditions in the market, including as employers shift to less expensive options for medical services, recent and future consolidations among commercial payors, increased focus on dialysis services and other factors. In addition, many commercial payors that sell individual plans both on and off exchange have publicly announced losses in the marketplace. These payors may seek discounts on rates for marketplace plans on and off exchange. There is no guarantee that commercial payment rates will not be materially lower in the future.

We are continuously in the process of negotiating existing and potential new agreements with commercial payors who aggressively negotiate terms with us. Sometimes many significant agreements are being renegotiated at the same time. In the event that our continual negotiations result in overall commercial rate reductions in excess of overall commercial rate increases, the cumulative effect could have a material adverse effect on our business, results of operations and financial condition. Consolidations have significantly increased the negotiating leverage of commercial payors. Our negotiations with payors are also influenced by competitive pressures, and we may experience decreased contracted rates with commercial payors or experience decreases in patient volume as our negotiations with commercial payors continue. In addition to downward pressure on contracted commercial payor rates, payors have been attempting to design and implement plans to restrict access to coverage, and the duration and/or the breadth of benefits, which may result in decreased payments. In addition, payors have been attempting to impose restrictions and limitations on patient access to commercial exchange plans and non-contracted or out-of-network providers, and in some circumstances designate our centers as out-of-network providers. Rates for commercial exchange products and out-of-network providers are on average higher than rates for government products and in-network providers, respectively. In 2017, a number of commercial payors have incorporated policies into their provider manuals refusing to accept charitable premium assistance from bona fide non-profit organizations, such as the American Kidney Fund, which may impact the number of patients who are able to afford commercial exchange plans. We also believe commercial payors have or will begin to restructure their benefits to create disincentives for patients to select or remain with out-of-network providers

and to decrease payment rates for out-of-network providers. Decreases in the number of patients with commercial exchange plans, decreases in out-of-network rates and restrictions on out-of-network access, our turning away new patients in instances where we are unable to come to agreement on rates, or decreases in contracted rates could result in a significant decrease in our overall revenues derived from commercial payors. If the average rates that commercial payors pay us decline significantly, or if we see a decline in commercial patients, it would have a material adverse effect on our business, results of operations and financial condition. For additional details regarding specific risks we face regarding regulatory changes that could result in fewer patients covered under commercial plans or an increase of patients covered under more restrictive commercial plans with lower reimbursement rates, see the discussion in the risk factor under the heading "Healthcare reform could have a material adverse effect on our business, financial condition and results of operations."

If the number of patients with higher-paying commercial insurance declines, it could have a material adverse effect on our business, results of operations and financial condition.

Our revenue levels are sensitive to the percentage of our patients with higher-paying commercial insurance coverage. A patient's insurance coverage may change for a number of reasons, including changes in the patient's or a family member's employment status. Currently, for a patient covered by an employer group health plan, Medicare generally becomes the primary payor after 33 months, or earlier, if the patient's employer group health plan coverage terminates. Patients with commercial insurance frequently rely on financial assistance from charitable organizations, such as the American Kidney Fund. However, certain payors are challenging our patients' and other providers' patients' ability to utilize assistance from charitable organizations for the payment of premiums, including through litigation and other legal proceedings. Regulators have also questioned the use of charitable premium assistance for ESRD patients, including CMS, which had issued an interim final rule on charitable premium assistance in December 2016. Although CMS' interim final rule is currently subject to a preliminary injunction issued by a federal court judge, CMS or a regulatory agency may issue a new rule to challenge charitable premium assistance. If any of these challenges to kidney patients' use of premium assistance are successful or regulators impose restrictions on the use of financial assistance from such charitable organizations such that these patients are unable to obtain, or continue to receive or receive for a limited duration, such financial assistance, it could have a material adverse effect on our business, results of operations and financial condition.

When Medicare becomes the primary payor, the payment rate we receive for that patient decreases from the employer group health plan rate to the lower Medicare payment rate. The number of our patients who have government-based programs as their primary payors could increase and the percentage of our patients covered under commercial insurance plans could be negatively impacted as a result of improved mortality or declining macroeconomic conditions. To the extent there are sustained or increased job losses in the U.S., independent of whether general economic conditions improve, we could experience a decrease in the number of patients covered under commercial plans. We could also experience a further decrease in the payments we receive for services if changes to the healthcare regulatory system result in fewer patients covered under commercial plans or an increase of patients covered under more restrictive commercial plans with lower reimbursement rates. In addition, our continual negotiations with commercial payors under existing and potential new agreements could result in a decrease in the number of our patients covered by commercial plans to the extent that we cannot reach agreement with commercial payors on rates and other terms, resulting in termination or non-renewals of existing agreements and our inability to enter into new agreements. Commercial payors have taken and may continue to take steps to control the cost of and/or the eligibility for access to healthcare services, including relative to products on and off the healthcare exchanges. These efforts could impact the number of our patients who are eligible to enroll in commercial insurance plans, and remain on the plans, including plans offered through healthcare exchanges. If there is a significant reduction in the number of patients under higher-paying commercial plans relative to government-based programs that pay at lower rates, it would have a material adverse effect on our business, results of operations and financial condition.

Changes in the structure of and payment rates under the Medicare ESRD program could have a material adverse effect on our business, results of operations and financial condition.

Approximately 42% of our dialysis services revenues for the three months ended March 31, 2017 were generated from patients who have Medicare as their primary payor. For patients with Medicare coverage, all ESRD payments for dialysis treatments are made under a single bundled payment rate which provides a fixed payment rate to encompass all goods and services provided during the dialysis treatment, including pharmaceuticals that were historically separately reimbursed to the dialysis providers, such as EPO, vitamin D analogs and iron supplements, irrespective of the level of pharmaceuticals administered or additional services performed. Most lab services are also included in the bundled payment. Under the ESRD Prospective Payment System (PPS), the bundled payments to a dialysis facility may be reduced by as much as 2% based on the facility's performance in specified quality measures set annually by CMS through the ESRD Quality Incentive Program, which was established by the Medicare Improvements for Patients and Providers Act of 2008. The bundled payment rate is also adjusted for certain patient characteristics, a geographic usage index and certain other factors.

The current bundled payment system presents certain operating, clinical and financial risks, which include:

- Risk that our rates are reduced by CMS. Uncertainty about future payment rates remains a material risk to our business. Each year, CMS publishes a final rule for PPS, which phases in the reductions to the PPS base rate mandated by the American Taxpayer Relief Act of 2012 as modified by the Protecting Access to Medicare Act of 2014.
- Risk that increases in our operating costs will outpace the Medicare rate increases we receive. We expect operating costs to continue to increase due to inflationary factors, such as increases in labor and supply costs, regardless of whether there is a compensating inflation-based increase in Medicare payment rates or in payments under the bundled payment rate system.
- Risk of federal budget sequestration cuts. As a result of the Budget Control Act of 2011 and the Bipartisan Budget Act of 2015, an annual 2% reduction to Medicare payments took effect on April 1, 2013 and has been extended through 2025. These across-the-board spending cuts have affected and will continue to adversely affect our business, results of operations and financial condition.
- Risk that, if our clinical systems fail to accurately capture the data we report to CMS in connection with claims for which at least part of the government's payments to us is based on clinical performance or patient outcomes or co-morbidities, we might be over-reimbursed by the government which could subject us to certain liability. For example, CMS published a final rule that implemented a provision of the ACA, requiring providers to report and return Medicare and Medicaid overpayments within the later of (a) 60 days after the overpayment is identified, or (b) the date any corresponding cost report is due, if applicable. An overpayment impermissibly retained under this statute could subject us to liability under the FCA, exclusion, and penalties under the federal Civil Monetary Penalty statute.

For additional details regarding the risks we face for failing to adhere to our Medicare and Medicaid regulatory compliance obligations, see the risk factor below under the heading "If we fail to adhere to all of the complex government regulations that apply to our business, we could suffer severe consequences that could have a material adverse effect on our business, results of operations and financial condition."

Changes in state Medicaid or other non-Medicare government-based programs or payment rates could have a material adverse effect on our business, results of operations and financial condition.

Approximately 25% of our dialysis services revenues for the three month ended March 31, 2017 were generated from patients who have state Medicaid or other non-Medicare government-based programs, such as coverage through the Department of Veterans Affairs (VA), as their primary coverage. As state governments and other governmental organizations face increasing budgetary pressure, we may in turn face reductions in payment rates, delays in the receipt of payments, limitations on enrollee eligibility or other changes to the applicable programs. For example, certain state Medicaid programs and the VA have recently considered, proposed or implemented payment rate reductions.

The VA adopted Medicare's bundled PPS pricing methodology for any veterans receiving treatment from non-VA providers under a national contracting initiative. Since we are a non-VA provider, these reimbursements are tied to a percentage of Medicare reimbursement, and we have exposure to any dialysis reimbursement changes made by CMS. Approximately 3% of our dialysis services revenues for the three months ended March 31, 2017 were generated by the VA.

In 2013, we entered into a five-year Nationwide Dialysis Services contract with the VA which is subject to one-year renewal periods, consistent with all provider agreements with the VA under this contract. During the length of the contract, the VA has elected not to make adjustments to reimbursement percentages that are tied to a percentage of Medicare reimbursement rates. These agreements provide the VA with the right to terminate the agreements without cause on short notice. Should the VA not renew or cancel these agreements for any reason, we may cease accepting patients under this program and may be forced to close centers, which could have a material adverse effect on our business, results of operations and financial condition.

State Medicaid programs are increasingly adopting Medicare-like bundled payment systems, but sometimes these payment systems are poorly defined and are implemented without any claims processing infrastructure, or patient or facility adjusters. If these payment systems are implemented without any adjusters and claims processing changes, Medicaid payments will be substantially reduced and the costs to submit such claims may increase, which will have a negative impact on our business, results of operations and financial condition. In addition, some state Medicaid program eligibility requirements mandate that citizen enrollees in such programs provide documented proof of citizenship. If our patients cannot meet these proof of citizenship documentation requirements, they may be denied coverage under these programs, resulting in decreased patient volumes and revenue. These Medicaid payment and enrollment changes, along with similar changes to other non-

Medicare government programs could reduce the rates paid by these programs for dialysis and related services, delay the receipt of payment for services provided and further limit eligibility for coverage which could materially adversely effect our business, results of operations and financial condition.

Changes in clinical practices, payment rates or regulations impacting EPO and other pharmaceuticals could have a material adverse effect on our business, results of operations and financial condition and negatively impact our ability to care for patients.

Medicare bundles EPO into the PPS such that dosing variations do not change the amount paid to a dialysis facility. Although some Medicaid programs and other payors suggest movement towards a bundled payment system inclusive of EPO, some non-Medicare payors continue to pay for EPO separately from the treatment rate.

Additionally, evaluations on the utilization and reimbursement for ESAs, which have occurred in the past and may occur in the future, and related actions by the U.S. Congress and federal agencies, could result in further restrictions on the utilization and reimbursement for ESAs. Commercial payors have increasingly examined their administration policies for EPO and, in some cases, have modified those policies. Changes in labeling of EPO and other pharmaceuticals in a manner that alters physician practice patterns or accepted clinical practices, and/or changes in private and governmental payment criteria, including the introduction of EPO administration policies could have a material adverse effect on our business, results of operations and financial condition. Further increased utilization of EPO for patients for whom the cost of EPO is included in a bundled reimbursement rate, or further decreases in reimbursement for EPO and other pharmaceuticals that are not included in a bundled reimbursement rate, could also have a material adverse effect on our business, results of operations and financial condition.

Additionally, as a result of the current high level of scrutiny and controversy, we may be subject to increased inquiries or audits from a variety of governmental bodies or claims by third parties. Although we believe our anemia management practices and other pharmaceutical administration practices have been compliant with existing laws and regulations, increased inquiries or audits from governmental bodies or claims by third parties would require management's attention, and could result in significant legal expense. Any negative findings could result in substantial financial penalties or repayment obligations, the imposition of certain obligations on and changes to our practices and procedures as well as the attendant financial burden on us to comply with the obligations, or exclusion from future participation in the Medicare and Medicaid programs, and could have a material adverse effect on our business, results of operations and financial condition.

If we fail to comply with our Corporate Integrity Agreement, we could be subject to substantial penalties and exclusion from participation in federal healthcare programs that could have a material adverse effect on our business, results of operations and financial condition.

In October 2014, we entered into a Settlement Agreement with the United States and relator David Barbetta to resolve the then pending 2010 and 2011 U.S. Attorney physician relationship investigations and paid $406 million in settlement amounts, civil forfeiture, and interest to the United States and certain states. In connection with the resolution of these matters, and in exchange for the OIG's agreement not to exclude us from participating in the federal healthcare programs, we have entered into a five-year CIA with the OIG. The CIA (i) requires that we maintain certain elements of our compliance programs; (ii) imposes certain expanded compliance-related requirements during the term of the CIA; (iii) requires ongoing monitoring and reporting by an independent monitor, imposes certain reporting, certification, records retention and training obligations, allocates certain oversight responsibility to the Board's Compliance Committee, and necessitates the creation of a Management Compliance Committee and the retention of an independent compliance advisor to the Board; and (iv) contains certain business restrictions related to a subset of our joint venture arrangements, including our agreeing to (1) unwind 11 joint venture transactions that were created through partial divestitures to, or partial acquisitions from, nephrologists, and that cover 26 of our 2,119 clinics that existed at the time we entered into the Settlement Agreement, all of which have been completed, (2) not enter into certain types of partial divestiture joint venture transactions with nephrologists during the term of the CIA, (3) non-enforcement of certain patient-related non-solicitation restrictions, and (4) certain other restrictions. The costs associated with compliance with the CIA could be substantial and may be greater than we currently anticipate. In addition, in the event of a breach of the CIA, we could become liable for payment of certain stipulated penalties, and could be excluded from participation in federal healthcare programs. The OIG notified us that it considered us to be previously in breach of the CIA because of three implementation deficiencies. While we have remediated the deficiencies and have paid certain stipulated penalties, we cannot provide any assurances that we may not be found in breach of the CIA in the future. In general, the costs associated with compliance with the CIA, or any liability or consequences associated with a breach, could have a material adverse effect on our business, results of operations and financial condition. For our domestic dialysis business, we are required under the CIA to report to the OIG (i) probable violations of criminal, civil or administrative laws applicable to any federal health care program for which penalties or exclusions may be authorized under applicable laws and regulations; (ii) substantial overpayments of

amounts of money we have received in excess of the amounts due and payable under the federal healthcare program requirements; and (iii) employment of or contracting with individuals ineligible from participating in the federal healthcare programs (we refer to these collectively as Reportable Events). We have provided the OIG notice of Reportable Events, and we may identify and report additional events in the future. If any of our operations are found to violate government laws and regulations, we could suffer severe consequences that could have a material adverse effect on our business, results of operations, financial condition and stock price, including those consequences described under the risk factor "If we fail to adhere to all of the complex government regulations that apply to our business, we could suffer severe consequences that could have a material adverse effect on our business, results of operations and financial condition."

Delays in state Medicare and Medicaid certification or other licensing of our dialysis centers could adversely affect our business, results of operations and financial condition.

Before we can begin billing for patients treated in our outpatient dialysis centers who are enrolled in government-based programs, we are required to obtain state and federal certification for participation in the Medicare and Medicaid programs. As state agencies responsible for surveying dialysis centers on behalf of the state and Medicare program face increasing budgetary pressure, certain states are having difficulty keeping up with certifying dialysis centers in the normal course resulting in significant delays in certification. If state governments continue to have difficulty keeping up with certifying new centers in the normal course and we continue to experience significant delays in our ability to treat and bill for services provided to patients covered under government programs, it could cause us to incur write-offs of investments or accelerate the recognition of lease obligations in the event we have to close centers or our centers' operating performance deteriorates, and it could have an adverse effect on our business, results of operations and financial condition. In addition to certifications for Medicare and Medicaid, some states have licensing requirements for ESRD facilities. Delays in licensure or denials of licensure could also adversely affect our business, results of operations and financial condition.

If our joint ventures were found to violate the law, we could suffer severe consequences that would have a material adverse effect on our business, results of operations and financial condition.

As of March 31, 2017, we owned a controlling interest in numerous dialysis-related joint ventures, which represented approximately 24% of our dialysis and related lab services revenues for the three months ended March 31, 2017. In addition, we also owned noncontrolling equity investments in several other dialysis related joint ventures. We may continue to increase the number of our joint ventures. Many of our joint ventures with physicians or physician groups also have certain physician owners providing medical director services to centers we own and operate. Because our relationships with physicians are governed by the federal and state anti-kickback statutes, we have sought to structure our joint venture arrangements to satisfy as many federal safe harbor requirements as we believe are commercially reasonable. However, although our joint venture arrangements do not satisfy all of the elements of any safe harbor under the federal Anti-Kickback Statute, they are not automatically prohibited under the federal Anti-Kickback Statute but are susceptible to government scrutiny. For example, in October 2014, we entered into a Settlement Agreement with the United States and relator David Barbetta to resolve the then pending 2010 and 2011 U.S. Attorney physician relationship investigations regarding certain of our joint ventures and paid $406 million in settlement amounts, civil forfeiture, and interest to the United States and certain states. For further details, see "If we fail to comply with our Corporate Integrity Agreement, we could be subject to substantial penalties and exclusion from participation in federal healthcare programs that could have a material adverse effect on our business, results of operations and financial condition".

There are significant estimating risks associated with the amount of dialysis revenues and related refund liabilities that we recognize, and if we are unable to accurately estimate our revenues and related refund liabilities, it could impact the timing and the amount of our revenues recognition or have a material adverse effect on our business, results of operations and financial condition.

There are significant estimating risks associated with the amount of dialysis and related lab services revenues and related refund liabilities that we recognize in a reporting period. The billing and collection process is complex due to ongoing insurance coverage changes, geographic coverage differences, differing interpretations of contract coverage and other payor issues. Determining applicable primary and secondary coverage for approximately 189,400 U.S. patients at any point in time, together with the changes in patient coverage that occur each month, requires complex, resource-intensive processes. Errors in determining the correct coordination of benefits may result in refunds to payors. Revenues associated with Medicare and Medicaid programs are also subject to estimating risk related to the amounts not paid by the primary government payor that will ultimately be collectible from other government programs paying secondary coverage, the patient's commercial health plan secondary coverage or the patient. Collections, refunds and payor retractions typically continue to occur for up to three years and longer after services are provided. We generally expect our range of dialysis and related lab services revenues estimating risk to be within 1% of net revenues for the segment. If our estimates of dialysis and related lab services revenues and related

refund liabilities are materially inaccurate, it could impact the timing and the amount of our revenues recognition and have a material adverse impact on our results of operations.

Our ancillary services and strategic initiatives, including our pharmacy services and our international dialysis operations, that we invest in now or in the future may generate losses and may ultimately be unsuccessful. In the event that one or more of these activities is unsuccessful, our business, results of operations and financial condition may be negatively impacted and we may have to write off our investment and incur other exit costs.

Our ancillary services and strategic initiatives currently include pharmacy services, disease management services, vascular access services, ESRD clinical research programs, physician services, physician practice management services, direct primary care and our international dialysis operations. We expect to add additional service offerings and pursue additional strategic initiatives in the future as circumstances warrant, which could include healthcare services not related to dialysis. Many of these initiatives require or would require investments of both management and financial resources and can generate significant losses for a substantial period of time and may not become profitable. There can be no assurance that any such strategic initiative will ultimately be successful. Any significant change in market conditions, or business performance, or in the political, legislative or regulatory environment, may impact the economic viability of any of these strategic initiatives.

If any of our ancillary services or strategic initiatives, including our pharmacy services and our international dialysis operations, do not perform as planned, it could have a negative impact on our business, results of operations and financial condition, we may incur a material write-off or an impairment of our investment, including goodwill, in one or more of these activities, or we could incur significant termination costs if we were to exit a certain line of business.

If a significant number of physicians were to cease referring patients to our dialysis centers, whether due to regulatory or other reasons, it would have a material adverse effect on our business, results of operations and financial condition.

We believe that physicians prefer to have their patients treated at dialysis centers where they or other members of their practice supervise the overall care provided as medical director of the center. As a result, the primary referral source for most of our centers is often the physician or physician group providing medical director services to the center.

Our medical director contracts are for fixed periods, generally ten years, and at any given time a large number of them could be up for renewal at the same time. Medical directors have no obligation to extend their agreements with us and if we are unable to enforce noncompetition provisions contained in terminated medical director agreements, our former medical directors may choose to provide medical director services for competing providers or establish their own dialysis centers in competition with ours. Neither our current nor former medical directors have an obligation to refer their patients to our centers.

The aging of the nephrologist population and opportunities presented by our competitors may negatively impact a medical director's decision to enter into or extend his or her agreement with us. Different affiliation models in the changing healthcare environment that limit a nephrologist's choice in where he or she can refer patients, such as an increase in the number of physicians becoming employed by hospitals or a perceived decrease in the quality of service levels at our centers, may limit a nephrologist's ability or desire to refer patients to our centers or otherwise negatively impact treatment volumes.

In addition, we may take actions to restructure existing relationships or take positions in negotiating extensions of relationships to assure compliance with the federal Anti-Kickback Statute, Stark Law and other similar laws. If the terms of any existing agreement are found to violate applicable laws, we may not be successful in restructuring the relationship, which could lead to the early termination of the agreement, or cause the physician to stop referring patients to our dialysis centers. These actions, in an effort to comply with applicable laws and regulations, could negatively impact the decision of physicians to extend their medical director agreements with us or to refer their patients to us. If a significant number of physicians were to cease referring patients to our dialysis centers, it would have a material adverse effect on our business, results of operations and financial condition.

If there are shortages of skilled clinical personnel or if we experience a higher than normal turnover rate, we may experience disruptions in our business operations and increases in operating expenses.

We are experiencing increased labor costs and difficulties in hiring nurses due to a nationwide shortage of skilled clinical personnel. We compete for nurses with hospitals and other healthcare providers. This nursing shortage may limit our ability to expand our operations. In addition, changes in certification requirements or increases in the required staffing levels for skilled clinical personnel can impact our ability to maintain sufficient staff levels to the extent our teammates are not able to meet new requirements, or we experience a higher than normal turnover rate due to increased competition for qualified clinical personnel. If we are unable to hire skilled clinical personnel when needed, or if we experience a higher than normal turnover rate for our

skilled clinical personnel, our operations and treatment growth will be negatively impacted, which would adversely affect our business, results of operations and financial condition.

Our business is labor intensive and could be adversely affected if we are unable to maintain satisfactory relations with our employees or if union organizing activities result in significant increases in our operating costs or decreases in productivity.

Our business is labor intensive, and our financial and operating results are subject to variations in labor-related costs, productivity and the number of pending or potential claims against us related to labor and employment practices. If political efforts at the national or local level result in actions or proposals that increase the likelihood or success of union organizing activities at our facilities, if union efforts impact legislation or policy issues, if union organizing activities increase for other reasons, or if labor and employment claims, including the filing of class action suits, or work stoppages, wages and benefits or adverse outcomes of claims, trend upwards, our operating costs could increase and our employee relations, productivity, business, results of operations and financial condition could be adversely affected.

Complications associated with our billing and collections system could materially adversely affect our business, results of operations and financial condition.

Our billing system is critical to our billing operations. If there are defects in the billing system, we may experience difficulties in our ability to successfully bill and collect for services rendered, including a delay in collections, a reduction in the amounts collected, increased risk of retractions from and refunds to commercial and government payors, an increase in our provision for uncollectible accounts receivable and noncompliance with reimbursement regulations, any or all of which could materially adversely affect our results of operations.

Risk factors related to DMG:

DMG is subject to many of the same risks to which our dialysis business is subject.

As a participant in the healthcare industry, DMG is subject to many of the same risks as our dialysis business is, as described in the risk factors set forth above in this Part I, Item 1A, any of which could have a material adverse effect on DMG's business, results of operations and financial condition.

Under most of DMG's agreements with health plans, DMG assumes some or all of the risk that the cost of providing services will exceed its compensation.

Over 82% of DMG's revenue for the three months ended March 31, 2017 is derived from fixed per member per month (PMPM) fees paid by health plans under capitation agreements with DMG or its associated physician groups. While there are variations specific to each arrangement, DMG, through DaVita Health Plan of California, Inc. (DHPC), a subsidiary of HealthCare Partners Holdings, LLC and a restricted Knox-Keene licensed entity, and, in certain instances, DMG's associated physician groups generally contract with health plans to receive a PMPM fee for professional services and assume the financial responsibility for professional services only. In some cases, the health plans separately enter into capitation contracts with third parties (typically hospitals) who receive directly a PMPM fee and assume contractual financial responsibility for hospital services. In other cases, the health plan does not pay any portion of the PMPM fee to the hospital, but rather administers claims for hospital expenses itself. In both scenarios, DMG enters into managed care-related administrative services agreements or similar arrangements with those third parties (typically hospitals) under which DMG agrees to be responsible for utilization review, quality assurance, and other managed care-related administrative functions and claim payments. As compensation for such administrative services, DMG is entitled to receive a percentage of the amount by which the institutional capitation revenue received from health plans exceeds institutional expenses; any such risk-share amount to which DMG is entitled is recorded as medical revenues, and DMG is also responsible for a percentage of any short-fall in the event that institutional expenses exceed institutional revenues. To the extent that members require more care than is anticipated, aggregate fixed PMPM amounts, or capitation payments, may be insufficient to cover the costs associated with treatment. If medical expenses exceed estimates, except in very limited circumstances, DMG will not be able to increase the PMPM fee received under these risk agreements during their then-current terms and could, directly or indirectly through its contracts with its associated physician groups, suffer losses with respect to such agreements.

Changes in DMG's or its associated physician groups' anticipated ratio of medical expense to revenue can significantly impact DMG's financial results. Accordingly, the failure to adequately predict and control medical expenses and to make reasonable estimates and maintain adequate accruals for incurred but not reported claims, could have a material adverse effect on DMG's business, results of operations and financial condition.

Historically, DMG's and its associated physician groups' medical expenses as a percentage of revenue have fluctuated. Factors that may cause medical expenses to exceed estimates include:

- the health status of members;
- higher than expected utilization of new or existing healthcare services or technologies;
- an increase in the cost of healthcare services and supplies, including pharmaceuticals, whether as a result of inflation or otherwise;
- changes to mandated benefits or other changes in healthcare laws, regulations and practices;
- periodic renegotiation of provider contracts with specialist physicians, hospitals and ancillary providers;
- periodic renegotiation of contracts with DMG's affiliated primary care physicians and specialists;
- changes in the demographics of the participating members and medical trends;
- contractual or claims disputes with providers, hospitals or other service providers within a health plan's network;
- the occurrence of catastrophes, major epidemics or acts of terrorism; and
- the reduction of health plan premiums.

Risk-sharing arrangements that DMG and its associated physician groups have with health plans and hospitals could result in their costs exceeding the corresponding revenues, which could reduce or eliminate any shared risk profitability.

Most of the agreements between health plans and DMG and its associated physician groups contain risk-sharing arrangements under which the physician groups can earn additional compensation from the health plans by coordinating the provision of quality, cost-effective healthcare to members. However, such arrangements may require the physician group to assume a portion of any loss sustained from these arrangements, thereby reducing DMG's net income. Under these risk-sharing arrangements, DMG and its associated physician groups are responsible for a portion of the cost of hospital services or other services that are not capitated. The terms of the particular risk-sharing arrangement allocate responsibility to the respective parties when the cost of services exceeds the related revenue, which results in a deficit, or permit the parties to share in any surplus amounts when actual costs are less than the related revenue. The amount of non-capitated medical and hospital costs in any period could be affected by factors beyond the control of DMG, such as changes in treatment protocols, new technologies, longer lengths of stay by the patient and inflation. Certain of DMG's agreements with health plans stipulate that risk-sharing pool deficit amounts are carried forward to offset any future years' surplus amounts DMG would otherwise be entitled to receive. DMG accrues for any such risk-sharing deficits. To the extent that such non-capitated medical and hospital costs are higher than anticipated, revenue may not be sufficient to cover the risk-sharing deficits the health plans and DMG are responsible for, which could have a material adverse effect on DMG's business, results of operations and financial condition.

Renegotiation, renewal or termination of capitation agreements with health plans could have a material adverse effect on DMG's business, results operations and financial condition.

Under most of DMG's and its associated physician groups' capitation agreements with health plans, the health plan is generally permitted to modify the benefit and risk obligations and compensation rights from time to time during the terms of the agreements. If a health plan exercises its right to amend its benefit and risk obligations and compensation rights, DMG and its associated physician groups are generally allowed a period of time to object to such amendment. If DMG or its associated physician group so objects, under some of the risk agreements, the relevant health plan may terminate the applicable agreement upon 90 to 180 days written notice. If DMG or its associated physician groups enter into capitation contracts or other risk sharing arrangements with unfavorable economic terms, or a capitation contract is amended to include unfavorable terms, DMG could, directly or indirectly through its contracts with its associated physician groups, suffer losses with respect to such contract. Since DMG does not negotiate with CMS or any health plan regarding the benefits to be provided under their Medicare Advantage plans, DMG often has just a few months to familiarize itself with each new annual package of benefits it is expected to offer. Depending on the health plan at issue and the amount of revenue associated with the health plan's risk agreement, the renegotiated terms or termination could have a material adverse effect on DMG's business, results of operations and financial condition.

Laws regulating the corporate practice of medicine could restrict the manner in which DMG is permitted to conduct its business, and the failure to comply with such laws could subject DMG to penalties or require a restructuring of DMG.

Some states have laws that prohibit business entities, such as DMG, from practicing medicine, employing physicians to practice medicine, exercising control over medical decisions by physicians (also known collectively as the corporate practice of

medicine) or engaging in certain arrangements, such as fee-splitting, with physicians. In some states these prohibitions are expressly stated in a statute or regulation, while in other states the prohibition is a matter of judicial or regulatory interpretation. Of the states in which DMG currently operates, California, Colorado, Nevada and Washington generally prohibit the corporate practice of medicine, and other states may as well.

In California, Colorado, Nevada and Washington, DMG operates by maintaining long-term contracts with its associated physician groups which are each owned and operated by physicians and which employ or contract with additional physicians to provide physician services. Under these arrangements, DMG provides management services and, receives a management fee for providing non-medical management services; however, DMG does not represent that it offers medical services, and does not exercise influence or control over the practice of medicine by the physicians or the associated physician groups.

In addition to the above management arrangements, DMG has certain contractual rights relating to the orderly transfer of equity interests in certain of its associated California, Colorado, Nevada and Washington physician groups through succession agreements and other arrangements with their physician equity holders. However, such equity interests cannot be transferred to or held by DMG or by any non-professional organization. Accordingly, neither DMG nor DMG's subsidiaries directly own any equity interests in any physician groups in California, Colorado, Nevada and Washington. In the event that any of these associated physician groups fail to comply with the management arrangement or any management arrangement is terminated and/or DMG is unable to enforce its contractual rights over the orderly transfer of equity interests in its associated physician groups, such events could have a material adverse effect on DMG's business, results of operations and financial condition.

It is possible that a state regulatory agency or a court could determine that DMG's agreements with physician equity holders of certain managed California, Colorado, Nevada and Washington associated physician groups as described above, either independently or coupled with the management services agreements with such associated physician groups, are in violation of the corporate practice of medicine doctrine. As a result, these arrangements could be deemed invalid, potentially resulting in a loss of revenues and an adverse effect on results of operations derived from such associated physician groups. Such a determination could force a restructuring of DMG's management arrangements with associated physician groups in California, Colorado, Nevada and/or Washington, which might include revisions of the management services agreements, including a modification of the management fee and/or establishing an alternative structure that would permit DMG to contract with a physician network without violating the corporate practice of medicine prohibition. There can be no assurance that such a restructuring would be feasible, or that it could be accomplished within a reasonable time frame without a material adverse effect on DMG's business, results of operations and financial condition. In December 2013, DHPC obtained a restricted Knox-Keene license in California, which permits DHPC to contract with health plans in California to accept global risk without violating the corporate practice of medicine prohibition. However, DMG and DMG's Colorado, Nevada and Washington associated physician groups, as well as those physician equity holders of associated physician groups who are subject to succession agreements with DMG, could be subject to criminal or civil penalties or an injunction for practicing medicine without a license or aiding and abetting the unlicensed practice of medicine.

If DMG's agreements or arrangements with any physician equity holder(s) of associated physicians, physician groups or IPAs are deemed invalid under state law, including laws against the corporate practice of medicine, or federal law, or are terminated as a result of changes in state law, or if there is a change in accounting standards by the Financial Accounting Standards Board (FASB) or the interpretation thereof affecting consolidation of entities, it could have a material adverse effect on DMG's consolidation of total revenues derived from such associated physician groups.

DMG's financial statements are consolidated in accordance with applicable accounting standards and include the accounts of its majority-owned subsidiaries and certain non-owned DMG-associated and managed physician groups. Such consolidation for accounting and/or tax purposes does not, is not intended to, and should not be deemed to, imply or provide to DMG any control over the medical or clinical affairs of such physician groups. In the event of a change in accounting standards promulgated by FASB or in interpretation of its standards, or if there is an adverse determination by a regulatory agency or a court, or a change in state or federal law relating to the ability to maintain present agreements or arrangements with such physician groups, DMG may not be permitted to continue to consolidate the total revenues of such organizations. A change in accounting for consolidation with respect to DMG's present agreement or arrangements would diminish DMG's reported revenues but would not be expected to materially and adversely affect its reported results of operations, while regulatory or legal rulings or changes in law interfering with DMG's ability to maintain its present agreements or arrangements could materially diminish both revenues and results of operations.

If DHPC is not able to satisfy financial solvency or other regulatory requirements, we could become subject to sanctions and its license to do business in California could be limited, suspended or terminated, which could have a material adverse effect on DMG's business, results of operations and financial condition.

Knox-Keene requires healthcare service plans operating in California to comply with financial solvency and other requirements overseen by the California Department of Managed HealthCare (DMHC). Under Knox-Keene, DHPC is required to, among other things:

- Maintain, at all times, a minimum tangible net equity (TNE);
- Submit periodic financial solvency reports to the DMHC containing various data regarding performance and financial solvency;
- Comply with extensive regulatory requirements; and
- Submit to periodic regulatory audits and reviews concerning DHPC operations and compliance with Knox-Keene.

In the event that DHPC is not in compliance with the provisions of Knox-Keene, we could be subject to sanctions, or limitations on, or suspension of its license to do business in California, which could have a material adverse effect on DMG's business, results of operations and financial condition.

If DMG's associated physician group is not able to satisfy the California DMHC's financial solvency requirements, DMG's associated physician group could become subject to sanctions and DMG's ability to do business in California could be limited or terminated, which could have a material adverse effect on DMG's business, results of operations and financial condition.

The California DMHC has instituted financial solvency regulations to monitor the financial solvency of capitated physician groups. Under these regulations, DMG's associated physician group is required to, among other things:

- Maintain, at all times, a minimum cash-to-claims ratio (where cash-to-claims ratio means the organization's cash, marketable securities and certain qualified receivables, divided by the organization's total unpaid claims liability). The regulation currently requires a cash-to-claims ratio of 0.75.
- Submit periodic reports to the California DMHC containing various data and attestations regarding performance and financial solvency, including incurred but not reported calculations and documentation, and attestations as to whether or not the organization was in compliance with Knox-Keene requirements related to claims payment timeliness, had maintained positive TNE (i.e., at least $1.00) and had maintained positive working capital (i.e., at least $1.00).

In the event that DMG's associated physician group is not in compliance with any of the above criteria, DMG's associated physician group could be subject to sanctions, or limitations on, or removal of, its ability to do business in California, which could have a material adverse effect on DMG's business, results of operations and financial condition.

Reductions in Medicare Advantage health plan reimbursement rates stemming from recent healthcare reforms and any future related regulations could have a material adverse effect on DMG's business, results of operations and financial condition.

A significant portion of DMG's revenue is directly or indirectly derived from the monthly premium payments paid by CMS to health plans for medical services provided to Medicare Advantage enrollees. As a result, DMG's results of operations are, in part, dependent on government funding levels for Medicare Advantage programs. Any changes that limit or reduce Medicare Advantage reimbursement levels, such as reductions in or limitations of reimbursement amounts or rates under programs, reductions in funding of programs, expansion of benefits without adequate funding, elimination of coverage for certain benefits, or elimination of coverage for certain individuals or treatments under programs, could have a material adverse effect on DMG's business, results of operations and financial condition.

Each year, CMS issues a final rule to establish the Medicare Advantage benchmark payment rates for the following calendar year. Any reduction to Medicare Advantage rates to DMG that is greater compared to the industry average rate may have material adverse effect on DMG's business, results of operations and financial condition. The final impact of the Medicare Advantage rates can vary from any estimate we may have and may be further impacted by the relative growth of DMG's Medicare Advantage patient volumes across markets as well as by the benefit plan designs submitted. It is possible that we may underestimate the impact of the Medicare Advantage rates on our business, which could have a material adverse effect on DMG's business, results of operations and financial condition.

We have taken impairment charges against the goodwill of three of our DMG reporting units in the fourth quarter of 2015 and the first and second quarters of 2016 based on continuing developments at our DMG reporting units, including the Medicare Advantage final benchmark rates for 2017 announced on April 4, 2016, further changes in our expectations concerning future government reimbursement rates and our expected ability to mitigate them, as well as medical cost and utilization trends, underperformance of certain at-risk units in recent quarters and other market conditions. We may also need to take additional goodwill impairment charges against earnings in a future period, depending on the impact of continuing changes on the value of our DMG reporting units. A goodwill impairment occurs when the carrying amount of a reporting unit's goodwill is in excess of its implied fair value, and the amount of such non-cash charge, if any, could be significant. In estimating the fair value of our DMG reporting units, we update our forecasts for our at-risk DMG reporting units to reflect the expected future cash flows that we believe market participants would use in determining fair values of our DMG reporting units if they were to acquire these businesses. We and our independent advisors also use certain estimates and key assumptions in determining the estimate of these fair values, including applicable market multiples, discount and long-term growth rates, market data and future reimbursement rates. Our estimates of the fair value of our DMG reporting units could differ from the actual values that a market participant would pay for these reporting units.

DMG's Medicare Advantage revenues may continue to be volatile in the future, which could have a material adverse impact on DMG's business, results of operations and financial condition

The Health Reform Acts, enacted in 2010, contain a number of provisions that negatively impact Medicare Advantage plans, each of which could have a material adverse effect on DMG's business, results of operations and financial condition. These provisions include the following:

- Medicare Advantage benchmarks for 2011 were frozen at 2010 levels. From 2012 through 2016, Medicare Advantage benchmark rates were phased down from prior levels. The new benchmarks will be fully phased-in in 2017 and will range between 95% and 115% of the Medicare FFS costs, depending on a plan's geographic area. If our costs escalate faster than can be absorbed by the level of revenues implied by these benchmark rates, then it could have a material adverse effect on DMG's business and results of operations.
- Rebates received by Medicare Advantage plans that were reduced, with larger reductions for plans failing to receive certain quality ratings.
- The Secretary of the Department of Health and Human Services (HHS) has been granted the explicit authority to deny Medicare Advantage plan bids that propose significant increases in cost sharing or decreases in benefits. If the bids submitted by plans contracted with DMG are denied, this could have a material adverse effect on DMG's business and results of operations.
- Medicare Advantage plans with medical loss ratios below 85% are required to pay a rebate to the Secretary of HHS. The rebate amount is the total revenue under the contract year multiplied by the difference between 85% and the plan's actual medical loss ratio. The Secretary of HHS will halt enrollment in any plan failing to meet this ratio for three consecutive years, and terminate any plan failing to meet the ratio for five consecutive years. If a DMG-contracting Medicare Advantage plan experiences a limitation on enrollment or is otherwise terminated from the Medicare Advantage program, it could have a material adverse effect on DMG's business and results of operations.
- Prescription drug plans are required to provide coverage of certain drug categories on a list developed by the Secretary of HHS, which could increase the cost of providing care to Medicare Advantage enrollees, and thereby reduce DMG's revenues and earnings. The Medicare Part D premium amount subsidized for high-income beneficiaries has been reduced, which could lower the number of Medicare Advantage enrollees, which would have a negative impact on DMG's business and results of operations.
- CMS increased coding intensity adjustments for Medicare Advantage plans beginning in 2014 and continuing through 2018, which reduces CMS payments to Medicare Advantage plans, which in turn will likely reduce the amounts payable to DMG and its associated physicians, physician groups, and IPAs under its capitation agreements.

However, the 2016 Presidential and Congressional elections have caused the future state of the Health Reform Acts to be unclear. While specific changes and their timing are not yet apparent, enacted reforms and future legislative changes could have a material adverse effect on DMG's business, results of operations and financial condition.

There is also uncertainty regarding both Medicare Advantage payment rates and beneficiary enrollment, which, if reduced, would reduce DMG's overall revenues and net income. For example, although the Congressional Budget Office (CBO) predicted in 2010 that Medicare Advantage participation would drop substantially by 2020, the CBO has predicted that enrollment in Medicare Advantage (and other contracts covering Medicare Parts A and B) could reach 31 million by 2027. Although Medicare Advantage enrollment increased by approximately 5.6 million, or by 50%, between the enactment of the

ACA in 2010 and 2015, there can be no assurance that this trend will continue. Further, fluctuation in Medicare Advantage payment rates are evidenced by CMS's annual announcement of the expected average change in revenue from the prior year: for 2017, CMS announced an average increase of 0.85%; and for 2018, 0.45%. Uncertainty over Medicare Advantage enrollment and payment rates present a continuing risk to DMG's business.

Medicare Advantage enrollment continues to be highly concentrated among a few payors, both nationally and in local markets. In 2017, in 439 counties in 26 states, only one company will offer Medicare Advantage plans- an indicator that those markets may lack competition. Consolidation among Medicare Advantage plans, or the Medicare program's failure to attract additional plans to participate in the Medicare Advantage program, could have a material adverse effect on DMG's business, results of operations and financial condition.

DMG's operations are dependent on competing health plans and, at times, a health plan's and DMG's economic interests may diverge.

For the three months ended March 31, 2017, 67% of DMG's consolidated capitated medical revenues were earned through contracts with three health plans.

DMG expects that, going forward, substantially all of its revenue will continue to be derived from its contracts with health plans. Each health plan may immediately terminate any of DMG's contracts and/or any individual credentialed physician upon the occurrence of certain events. They may also amend the material terms of the contracts under certain circumstances. Failure to maintain the contracts on favorable terms, for any reason, would materially and adversely affect DMG's results of operations and financial condition. A material decline in the number of members could also have a material adverse effect on DMG's results of operations.

Notwithstanding each health plan's and DMG's current shared interest in providing service to DMG's members who are enrolled in the subject health plans, the health plans may have different and, at times, opposing economic interests from those of DMG. The health plans provide a wide range of health insurance services across a wide range of geographic regions, utilizing a vast network of providers. As a result, they and DMG may have different views regarding the proper pricing of services and/or the proper pricing of the various service providers in their provider networks, the cost of which DMG bears to the extent that the services of such service providers are utilized. These health plans may also have different views than DMG regarding the efforts and expenditures that they, DMG, and/or other service providers should make to achieve and/or maintain various quality ratings. In addition, several health plans have acquired or announced their intent to acquire provider organizations. If health plans with which DMG contracts acquire a significant number of provider organizations, they may not continue to contract with DMG or contract on less favorable terms or seek to prevent DMG from acquiring or entering into arrangements with certain providers. Similarly, as a result of changes in laws, regulations, consumer preferences, or other factors, the health plans may find it in their best interest to provide health insurance services pursuant to another payment or reimbursement structure. In the event DMG's interests diverge from the interests of the health plans, DMG may have limited recourse or alternative options in light of its dependence on these health plans. There can be no assurances that DMG will continue to find it mutually beneficial to work with these health plans. As a result of various restrictive provisions that appear in some of the managed care agreements with health plans, DMG may at times have limitations on its ability to cancel an agreement with a particular health plan and immediately thereafter contract with a competing health plan with respect to the same service area.

DMG and its associated physicians, physician groups and IPAs and other physicians may be required to continue providing services following termination or renegotiation of certain agreements with health plans.

There are circumstances under federal and state law pursuant to which DMG and its associated physician groups, IPAs and other physicians could be obligated to continue to provide medical services to DMG members in their care following a termination of their applicable risk agreement with health plans and termination of the receipt of payments thereunder. In certain cases, this obligation could require the physician group or IPA to provide care to such member following the bankruptcy or insolvency of a health plan. Accordingly, the obligations to provide medical services to DMG members (and the associated costs) may not terminate at the time the applicable agreement with the health plan terminates, and DMG may not be able to recover its cost of providing those services from the health plan, which could have a material adverse effect on DMG's business, results of operations and financial condition.

DMG operates primarily in California, Florida, Nevada, New Mexico, Washington and Colorado and may not be able to successfully establish a presence in new geographic regions.

DMG derives substantially all of its revenue from operations in California, Florida, Nevada, New Mexico, Washington and Colorado (which we refer to as the Existing Geographic Regions). As a result, DMG's exposure to many of the risks described herein is not mitigated by a greater diversification of geographic focus. Furthermore, due to the concentration of DMG's operations in the Existing Geographic Regions, it may be adversely affected by economic conditions, natural disasters (such as earthquakes or hurricanes), or acts of war or terrorism that disproportionately affect the Existing Geographic Regions as compared to other states and geographic markets.

To expand the operations of its network outside of the Existing Geographic Regions, DMG must devote resources to identify and explore perceived opportunities. Thereafter, DMG must, among other things, recruit and retain qualified personnel, develop new offices, establish potential new relationships with one or more health plans, and establish new relationships with physicians and other healthcare providers. The ability to establish such new relationships may be significantly inhibited by competition for such relationships and personnel in the healthcare marketplace in the targeted new geographic regions. Additionally, DMG may face the risk that a substantial portion of the patients served in a new geographic area may be enrolled in a Medicare FFS program and will not desire to transition to a Medicare Advantage program, such as those offered through the health plans that DMG serves, or they may enroll with other health plans with whom DMG does not contract to receive services, which could reduce substantially DMG's perceived opportunity in such geographic area. In addition, if DMG were to seek to expand outside of the Existing Geographic Regions, DMG would be required to comply with laws and regulations of states that may differ from the ones in which it currently operates, and could face competitors with greater knowledge of such local markets. DMG anticipates that any geographic expansion may require it to make a substantial investment of management time, capital and/or other resources. There can be no assurance that DMG will be able to establish profitable operations or relationships in any new geographic markets.

Reductions in the quality ratings of the health plans DMG serves could have a material adverse effect on its business, results of operations and financial condition.

As a result of the 2010 Health Reform Acts, the level of reimbursement each health plan receives from CMS is dependent, in part, upon the quality rating of the Medicare plan. Such ratings impact the percentage of any cost savings rebate and any bonuses earned by such health plan. Since a significant portion of DMG's revenue is expected to be calculated as a percentage of CMS reimbursements received by these health plans with respect to DMG members, reductions in the quality ratings of a health plan that DMG serves could have a material adverse effect on its business, results of operations and financial condition.

Given each health plan's control of its plans and the many other providers that serve such plans, DMG believes that it will have limited ability to influence the overall quality rating of any such plan. In addition, CMS has begun terminating plans that have had a rating of less than three stars for three consecutive years, whereas Medicare Advantage plans with five stars are permitted to conduct enrollment throughout almost the entire year. Accordingly, since low quality ratings can potentially lead to the termination of a plan that DMG serves, DMG may not be able to prevent the potential termination of a contracting plan or a shift of patients to other plans based upon quality issues which could, in turn, have a material adverse effect on DMG's business, results of operations and financial condition.

DMG's records and submissions to a health plan may contain inaccurate or unsupportable information regarding risk adjustment scores of members, which could cause DMG to overstate or understate its revenue and subject it to various penalties.

DMG, on behalf of itself and its associated physicians, physician groups and IPAs, submits to health plans claims and encounter data that support the Medicare Risk Adjustment Factor (RAF) scores attributable to members. These RAF scores determine, in part, the revenue to which the health plans and, in turn, DMG is entitled for the provision of medical care to such members. The data submitted to CMS by each health plan is based, in part, on medical charts and diagnosis codes prepared and submitted by DMG. Each health plan generally relies on DMG and its employed or affiliated physicians to appropriately document and support such RAF data in DMG's medical records. Each health plan also relies on DMG and its employed or affiliated physicians to appropriately code claims for medical services provided to members. Erroneous claims and erroneous encounter records and submissions could result in inaccurate PMPM fee revenue and risk adjustment payments, which may be subject to correction or retroactive adjustment in later periods. This corrected or adjusted information may be reflected in financial statements for periods subsequent to the period in which the revenue was recorded. DMG might also need to refund a portion of the revenue that it received, which refund, depending on its magnitude, could damage its relationship with the

applicable health plan and could have a material adverse effect on DMG's business, results of operations and financial condition.

In June 2015, we received a subpoena from the OIG requesting information relating to our and our subsidiaries' (including DMG's and its subsidiary JSA's) provision of services to Medicare Advantage plans and related patient diagnosis coding and risk adjustment submissions and payments. See "Item 1. Legal Proceedings" in Part II of this report and Note 10 to the condensed consolidated financial statements included in this report for further details.

Additionally, CMS audits Medicare Advantage plans for documentation to support RAF-related payments for members chosen at random. The Medicare Advantage plans ask providers to submit the underlying documentation for members that they serve. It is possible that claims associated with members with higher RAF scores could be subject to more scrutiny in a CMS or plan audit. There is a possibility that a Medicare Advantage plan may seek repayment from DMG should CMS make any payment adjustments to the Medicare Advantage plan as a result of its audits. The plans also may hold DMG liable for any penalties owed to CMS for inaccurate or unsupportable RAF scores provided by DMG. In addition, DMG could be liable for penalties to the government under the FCA that range from $5,500 to $11,000 (adjusted for inflation) for each false claim, plus up to three times the amount of damages caused by each false claim, which can be as much as the amounts received directly or indirectly from the government for each such false claim. On February 3, 2017, the DOJ issued a final rule announcing adjustments to FCA penalties, under which the per claim penalty range increases from $10,957 to $21,916 for penalties assessed after February 3, 2017, so long as the underlying conduct occurred after November 2, 2015.

CMS has indicated that payment adjustments will not be limited to RAF scores for the specific Medicare Advantage enrollees for which errors are found but may also be extrapolated to the entire Medicare Advantage plan subject to a particular CMS contract. CMS has described its audit process as plan-year specific and stated that it will not extrapolate audit results for plan years prior to 2011. Because CMS has not stated otherwise, there is a risk that payment adjustments made as a result of one plan year's audit would be extrapolated to prior plan years after 2011.

There can be no assurance that a health plan will not be randomly selected or targeted for review by CMS or that the outcome of such a review will not result in a material adjustment in DMG's revenue and profitability, even if the information DMG submitted to the plan is accurate and supportable.

Separately, as described in further detail in "Item 1. Legal Proceedings" in Part II of this report and Note 10 to the condensed consolidated financial statements included in this report, on March 13, 2015, JSA, a subsidiary of DMG, received a subpoena from the OIG that relates, in part, to risk adjustment practices and data.

A failure to accurately estimate incurred but not reported medical expense could adversely affect DMG's results of operations.

Patient care costs include estimates of future medical claims that have been incurred by the patient but for which the provider has not yet billed DMG. These claim estimates are made utilizing actuarial methods and are continually evaluated and adjusted by management, based upon DMG's historical claims experience and other factors, including an independent assessment by a nationally recognized actuarial firm. Adjustments, if necessary, are made to medical claims expense and capitated revenues when the assumptions used to determine DMG's claims liability changes and when actual claim costs are ultimately determined.

Due to the inherent uncertainties associated with the factors used in these estimates and changes in the patterns and rates of medical utilization, materially different amounts could be reported in DMG's financial statements for a particular period under different conditions or using different, but still reasonable, assumptions. It is possible that DMG's estimates of this type of claim may be inadequate in the future. In such event, DMG's results of operations could be adversely impacted. Further, the inability to estimate these claims accurately may also affect DMG's ability to take timely corrective actions, further exacerbating the extent of any adverse effect on DMG's results of operations.

DMG faces certain competitive threats which could reduce DMG's profitability and increase competition for patients.

DMG faces certain competitive threats based on certain features of the Medicare programs, including the following:

- As a result of the direct and indirect impacts of the Health Reform Acts, many Medicare beneficiaries may decide that an original Medicare FFS program is more attractive than a Medicare Advantage plan. As a result, enrollment in the health plans DMG serves may decrease.

- Managed care companies offer alternative products such as regional preferred provider organizations (PPOs) and private FFS plans. Medicare PPOs and private FFS plans allow their patients more flexibility in selecting physicians than Medicare Advantage health plans, which typically require patients to coordinate care with a primary care physician. The Medicare Prescription Drug, Improvement, and Modernization Act of 2003 has encouraged the creation of regional PPOs through various incentives, including certain risk corridors, or cost reimbursement provisions, a stabilization fund for incentive payments, and special payments to hospitals not otherwise contracted with a Medicare Advantage plan that treat regional plan enrollees. The formation of regional Medicare PPOs and private FFS plans may affect DMG's relative attractiveness to existing and potential Medicare patients in their service areas.
- The payments for the local and regional Medicare Advantage plans are based on a competitive bidding process that may indirectly cause a decrease in the amount of the PMPM fee or result in an increase in benefits offered.
- The annual enrollment process and subsequent lock-in provisions of the Health Reform Acts may adversely affect DMG's level of revenue growth as it will limit the ability of a health plan to market to and enroll new Medicare beneficiaries in its established service areas outside of the annual enrollment period.
- CMS allows Medicare beneficiaries who are enrolled in a Medicare Advantage plan with a quality rating of 4.5 stars or less to enroll in a 5-star rated Medicare Advantage plan at any time during the benefit year. Therefore, DMG may face a competitive disadvantage in recruiting and retaining Medicare beneficiaries.

In addition to the competitive threats intrinsic to the Medicare programs, competition among health plans and among healthcare providers may also have a negative impact on DMG's profitability. For example, due to the large population of Medicare beneficiaries, DMG's Existing Geographic Regions have become increasingly attractive to health plans that may compete with DMG. DMG may not be able to continue to compete profitably in the healthcare industry if additional competitors enter the same market. If DMG cannot compete profitably, the ability of DMG to compete with other service providers that contract with competing health plans may be substantially impaired. Furthermore, if DMG is unable to obtain new members or experiences a loss of existing members to competitors during the open enrollment period for Medicare it could have a material adverse effect on DMG's business, results of operations and financial condition.

DMG competes directly with various regional and local companies that provide similar services in DMG's Existing Geographic Regions. DMG's competitors vary in size and scope and in terms of products and services offered. DMG believes that some of its competitors and potential competitors may be significantly larger than DMG and have greater financial, sales, marketing and other resources. Furthermore, it is DMG's belief that some of its competitors may make strategic acquisitions or establish cooperative relationships among themselves.

A disruption in DMG's healthcare provider networks could have a material adverse effect on DMG's operations and profitability.

In any particular service area, healthcare providers or provider networks could refuse to contract with DMG, demand higher payments, or take other actions that could result in higher healthcare costs, disruption of benefits to DMG's members, or difficulty in meeting applicable regulatory or accreditation requirements. In some service areas, healthcare providers or provider networks may have significant market positions. If healthcare providers or provider networks refuse to contract with DMG, use their market position to negotiate favorable contracts, or place DMG at a competitive disadvantage, then DMG's ability to market or to be profitable in those service areas could be adversely affected. DMG's provider networks could also be disrupted by the financial insolvency of a large provider group. Any disruption in DMG's provider networks could result in a loss of members or higher healthcare costs.

DMG's revenues and profits could be diminished if DMG fails to retain and attract the services of key primary care physicians.

Key primary care physicians with large patient enrollment could retire, become disabled, terminate their provider contracts, get lured away by a competing independent physician association or medical group, or otherwise become unable or unwilling to continue practicing medicine or contracting with DMG or its associated physicians, physician groups or IPAs. In addition, DMG's associated physicians, physician groups and IPAs could view the business model as unfavorable or unattractive to such providers, which could cause such associated physicians, physician groups or IPAs to terminate their relationships with DMG. Moreover, given limitations relating to the enforcement of post-termination noncompetition covenants in California, it would be difficult to restrict a primary care physician from competing with DMG's associated physicians, physician groups or IPAs. As a result, members who have been served by such physicians could choose to enroll with competitors' physician organizations or could seek medical care elsewhere, which could reduce DMG's revenues and profits.

Moreover, DMG may not be able to attract new physicians to replace the services of terminating physicians or to service its growing membership.

Participation in ACO programs is subject to federal regulation, supervision, and evolving regulatory developments that may result in financial liability.

The Health Reform Acts established the Medicare Shared Savings Program (MSSP) for ACOs, which took effect in January 2012. Under the MSSP, eligible organizations are accountable for the quality, cost and overall care of Medicare beneficiaries assigned to an ACO and may be eligible to share in any savings below a specified benchmark amount. The Secretary of HHS is also authorized, but not required, to use capitation payment models with ACOs. DMG has formed an MSSP ACO through a subsidiary, which operates in California, Florida, and Nevada and is evaluating whether to participate in more ACOs in the future. The continued development and expansion of ACOs will have an uncertain impact on DMG's revenue and profitability. We also are participating as a dialysis provider in Arizona, Florida, New Jersey, and Pennsylvania for the Innovation Center's CEC Model.

The ACO programs are relatively new and therefore operational and regulatory guidance is limited. It is possible that the operations of DMG's subsidiary ACO may not fully comply with current or future regulations and guidelines applicable to ACOs, may not achieve quality targets or cost savings, or may not attract or retain sufficient physicians or patients to allow DMG to meet its objectives. Additionally, poor performance could put the DMG ACO at financial risk with a potential obligation to CMS. Traditionally, other than FFS billing by the medical clinics and healthcare facilities operated by DMG, DMG has not directly contracted with CMS and has not operated any health plans or provider sponsored networks. Therefore, DMG may not have the necessary experience, systems or compliance to successfully achieve a positive return on its investment in the ACO or to avoid financial or regulatory liability. DMG believes that its historical experience with fully delegated managed care will be applicable to operation of its subsidiary ACO, but there can be no such assurance.

California hospitals may terminate their agreements with HealthCare Partners Affiliates Medical Group and DaVita Health Plan of California, Inc. (formerly HealthCare Partners Plan, Inc., and, together with HealthCare Partners Affiliates Medical Group, AMG) or reduce the fees they pay to DMG.

In California, AMG maintains significant hospital arrangements designed to facilitate the provision of coordinated hospital care with those services provided to members by AMG and its associated physicians, physician groups and IPAs. Through contractual arrangements with certain key hospitals, AMG provides utilization review, quality assurance and other management services related to the provision of patient care services to members by the contracted hospitals and downstream hospital contractors. In the event that any one of these key hospital agreements is amended in a financially unfavorable manner or is otherwise terminated, such events could have a material adverse effect on DMG's business, results of operations and financial condition.

DMG's professional liability and other insurance coverage may not be adequate to cover DMG's potential liabilities.

DMG maintains primary professional liability insurance and other insurance coverage through California Medical Group Insurance Company, Risk Retention Group, an Arizona corporation in which DMG is the majority owner, and through excess coverage contracted through third-party insurers. DMG believes such insurance is adequate based on its review of what it believes to be all applicable factors, including industry standards. Nonetheless, potential liabilities may not be covered by insurance, insurers may dispute coverage or may be unable to meet their obligations, the amount of insurance coverage and/or related reserves may be inadequate, or the amount of any DMG self-insured retention may be substantial. There can be no assurances that DMG will be able to obtain insurance coverage in the future, or that insurance will continue to be available on a cost-effective basis, if at all. Moreover, even if claims brought against DMG are unsuccessful or without merit, DMG would have to defend itself against such claims. The defense of any such actions may be time-consuming and costly and may distract DMG management's attention. As a result, DMG may incur significant expenses and may be unable to effectively operate its business.

Changes in the rates or methods of third-party reimbursements may materially adversely affect DMG business, results of operations and financial condition.

Any negative changes in governmental capitation or FFS rates or methods of reimbursement for the services DMG provides could have a material adverse effect on DMG's business, results of operations and financial condition. Since governmental healthcare programs generally reimburse on a fee schedule basis rather than on a charge-related basis, DMG generally cannot increase its revenues from these programs by increasing the amount it charges for its services. Moreover, if DMG's costs increase, DMG may not be able to recover its increased costs from these programs. Government and private

payors have taken and may continue to take steps to control the cost, eligibility for, use, and delivery of healthcare services due to budgetary constraints, and cost containment pressures as well as other financial issues. DMG believes that these trends in cost containment will continue. These cost containment measures, and other market changes in non-governmental insurance plans have generally restricted DMG's ability to recover, or shift to non-governmental payors, any increased costs that DMG experiences. DMG's business, results of operations and financial condition may be materially adversely affected by these cost containment measures, and other market changes.

DMG's business model depends on numerous complex management information systems and any failure to successfully maintain these systems or implement new systems could materially harm DMG's operations and result in potential violations of healthcare laws and regulations.

DMG depends on a complex, specialized, and integrated management information system and standardized procedures for operational and financial information, as well as for DMG's billing operations. DMG may experience unanticipated delays, complications or expenses in implementing, integrating, and operating these integrated systems. Moreover, DMG may be unable to enhance its existing management information system or implement new management information systems where necessary. DMG's management information system may require modifications, improvements or replacements that may require both substantial expenditures as well as interruptions in operations. DMG's ability to implement and operate its integrated systems is subject to the availability of information technology and skilled personnel to assist DMG in creating and maintaining these systems.

DMG's failure to successfully implement and maintain all of its systems could have a material adverse effect on its business, financial condition and results of operations. For example, DMG's failure to successfully operate its billing systems could lead to potential violations of healthcare laws and regulations. If DMG is unable to handle its claims volume, or if DMG is unable to pay claims timely, DMG may become subject to a health plan's corrective action plan or de-delegation until the problem is corrected, and/or termination of the health plan's agreement with DMG. This could have a material adverse effect on DMG's operations and profitability. In addition, if DMG's claims processing system is unable to process claims accurately, the data DMG uses for its incurred but not reported (IBNR) estimates could be incomplete and DMG's ability to accurately estimate claims liabilities and establish adequate reserves could be adversely affected. Finally, if DMG's management information systems are unable to function in compliance with applicable state or federal rules and regulations, including medical information confidentiality laws such as HIPAA, possible penalties and fines due to this lack of compliance could have a material adverse effect on DMG's financial condition, and results of operations.

DMG may be impacted by eligibility changes to government and private insurance programs.

Due to potential decreased availability of healthcare through private employers, the number of patients who are uninsured or participate in governmental programs may increase. The Health Reform Acts have increased the participation of individuals in the Medicaid program in states that elected to participate in the expanded Medicaid coverage. A shift in payor mix from managed care and other private payors to government payors as well as an increase in the number of uninsured patients may result in a reduction in the rates of reimbursement to DMG or an increase in uncollectible receivables or uncompensated care, with a corresponding decrease in net revenue. Changes in the eligibility requirements for governmental programs such as the Medicaid program under the Health Reform Acts and state decisions on whether to participate in the expansion of such programs also could increase the number of patients who participate in such programs and the number of uninsured patients. Even for those patients who remain in private insurance plans, changes to those plans could increase patient financial responsibility, resulting in a greater risk of uncollectible receivables. These factors and events could have a material adverse effect on DMG's business, results of operations and financial condition.

Negative publicity regarding the managed healthcare industry generally or DMG in particular could adversely affect DMG's results of operations or business.

Negative publicity regarding the managed healthcare industry generally, the Medicare Advantage program or DMG in particular, may result in increased regulation and legislative review of industry practices that further increase DMG's costs of doing business and adversely affect DMG's results of operations or business by:

- requiring DMG to change its products and services;
- increasing the regulatory, including compliance, burdens under which DMG operates, which, in turn, may negatively impact the manner in which DMG provides services and increase DMG's costs of providing services;
- adversely affecting DMG's ability to market its products or services through the imposition of further regulatory restrictions regarding the manner in which plans and providers market to Medicare Advantage enrollees; or
- adversely affecting DMG's ability to attract and retain members.

Risk factors related to ownership of our common stock:

Provisions in our charter documents, compensation programs and Delaware law may deter a change of control that our stockholders would otherwise determine to be in their best interests.

Our charter documents include provisions that may deter hostile takeovers, delay or prevent changes of control or changes in our management, or limit the ability of our stockholders to approve transactions that they may otherwise determine to be in their best interests. These include provisions prohibiting our stockholders from acting by written consent; requiring 90 days advance notice of stockholder proposals or nominations to our Board of Directors (or 120 days for nominations made using proxy access); and granting our Board of Directors the authority to issue preferred stock and to determine the rights and preferences of the preferred stock without the need for further stockholder approval.

Most of our outstanding employee stock-based compensation awards include a provision accelerating the vesting of the awards in the event of a change of control. We also maintain a change of control protection program for our employees who do not have a significant number of stock awards, which has been in place since 2001, and which provides for cash bonuses to the employees in the event of a change of control. Based on the market price of our common stock and shares outstanding on March 31, 2017, these cash bonuses would total approximately $522 million if a change of control transaction occurred at that price and our Board of Directors did not modify this program. These change of control provisions may affect the price an acquirer would be willing to pay for our Company.

We are also subject to Section 203 of the Delaware General Corporation Law that, subject to exceptions, would prohibit us from engaging in any business combinations with any interested stockholder, as defined in that section, for a period of three years following the date on which that stockholder became an interested stockholder.

These provisions may discourage, delay or prevent an acquisition of our Company at a price that our stockholders may find attractive. These provisions could also make it more difficult for our stockholders to elect directors and take other corporate actions and could limit the price that investors might be willing to pay for shares of our common stock.

(c) Share repurchases

The following table summarizes the Company's repurchases of its common stock during the first quarter of 2017:

Period	Total number of shares purchased	Average price paid per share	Total number of shares purchased as part of publicly announced plans or programs	Approximate dollar value of shares that may yet be purchased under the plans or programs (in millions)
January 1-31, 2017	—	—	—	677.1
February 1-28, 2017	—	—	—	677.1
March 1-31, 2017	—	—	—	677.1
Total	—	—	—	

On July 13, 2016, our Board of Directors approved share repurchases in the amount of approximately $1.2 billion. These share repurchases were in addition to the approximately $259 million remaining at that time under our Board of Directors' prior share repurchase authorization announced in April 2015. We are authorized to make purchases from time to time in the open market or in privately negotiated transactions, depending upon market conditions and other considerations. As of March 31, 2017, there was approximately $677 million available under our current Board authorizations for additional share repurchases. We have not repurchased any shares from April 1, 2017 through May 2, 2017. Although these share repurchase authorizations have no expiration dates, we are subject to share repurchase limitations under the terms of the senior secured credit facilities and the indentures governing our senior notes.

Exhibit 10.1

SOURCING AND SUPPLY AGREEMENT

This Sourcing and Supply Agreement (this "Agreement") is made by and between Amgen USA Inc. ("Amgen"), a wholly-owned subsidiary of Amgen Inc., and DaVita Inc. ("Dialysis Center") to set forth the terms and conditions upon which Dialysis Center Purchasers shall purchase EPOGEN® (Epoetin alfa) and Aranesp® (darbepoetin alfa) and Amgen shall provide discounts and pay rebates to Dialysis Center on purchases of EPOGEN and Aranesp. Each of Amgen and Dialysis Center are referred to herein as a "Party" and together as the "Parties". Amgen Inc. is a party to this Agreement for the purposes set forth in Sections 4.1, 8.2, 9.4, 9.5.1, and 11.14 of this Agreement.

RECITALS

WHEREAS, Amgen is a leading innovator in the field of ESAs with expertise in the field of anemia management and the ability to manufacture and supply ESAs for the treatment of dialysis patients;

WHEREAS, Dialysis Center is a leading provider of dialysis services in the Territory with expertise in delivering state-of-the-art care to patients undergoing dialysis;

WHEREAS, Amgen and Dialysis Center are parties to that certain Sourcing and Supply Agreement No. 00053958 (formerly known as Agreement No. 920110286) effective January 1, 2012, as amended by Amendment No. 1, effective January 1, 2013, pursuant to which Amgen agreed to supply, and Dialysis Center agreed to purchase, Amgen ESAs to meet Dialysis Center Purchasers' requirements for Amgen ESAs for the treatment of dialysis patients for a seven-year term on the terms set forth therein (the "Original Agreement");

WHEREAS, Amgen and Dialysis Center wish to extend the term of the Original Agreement by four years, by terminating the Original Agreement and entering into this Agreement to set forth the terms and conditions upon which Dialysis Center Purchasers will purchase, and Amgen will supply Amgen ESAs to meet Dialysis Center Purchasers' requirements for Amgen ESAs for the treatment of dialysis patients for the six-year period commencing January 6, 2017; and

WHEREAS, the Parties wish to enter into this Agreement to set forth the terms and conditions upon which Dialysis Center Purchasers will purchase, and Amgen will supply Amgen ESAs to meet Dialysis Center Purchasers' requirements for Amgen ESAs for the treatment of dialysis patients during the Term.

NOW THEREFORE, in consideration of the foregoing recitals and of the mutual promises and covenants set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and intending to be legally bound, each Party hereby agrees as follows:

1. TERMINATION OF EXISTING AGREEMENTS

1.1. Termination of Original Agreement. The Parties hereby agree that the Original Agreement is hereby terminated in its entirety and shall be of no further force or effect as of the Term Start Date, except for provisions that by their terms survive termination under the Sourcing and Supply Agreement No. 00053958.

1.2. Termination of Aranesp Agreement . The Parties hereby agree that the Dialysis Organization Agreement No. 00104122 entered into by the Parties, effective January 1, 2015, as

amended by Amendment No. 1, effective March 30, 2016, is hereby terminated in its entirety and shall be of no further force or effect as of the Term Start Date, except for provisions that by their terms survive termination under the Dialysis Organization Agreement No. 00104122.

2. DEFINITIONS

When used with initial capitals herein, the following terms shall have the meaning ascribed to them below:

2.1. "Actual Supply Shortfall" has the meaning set forth in Section 3.4.2.

2.2. "Added Aranesp Dialysis Center Purchaser" means an Added Dialysis Center Purchaser that during the two Quarter period prior to the Added Dialysis Center Purchaser Effective Date had Aranesp utilization in its provision of Dialysis Services constituting more than [*] percent ([*]%) of its total utilization of ESAs based on the Aranesp-EPOGEN Dose Equivalency Ratio.

2.3. "Added Dialysis Center Purchaser" has the meaning set forth in Section 3.7.2.

2.4. "Added Dialysis Center Purchaser Effective Date" has the meaning set forth in Section 3.7.2.

2.5. "Added Dialysis Center Purchaser Transaction Date" means with respect to each Added Dialysis Center Purchaser: (a) in the case of a new Dialysis Center Affiliate that provides Dialysis Services, the effective date of the acquisition or establishment of the new Dialysis Center Affiliate that provides Dialysis Services; or (b) in the case of a new Managed Center, the earlier of (i) the effective date of the contract pursuant to which a dialysis facility becomes a Managed Center or (ii) the date Dialysis Center first provides services to a dialysis facility that results in such facility becoming a Managed Center, in each case after the Term Start Date.

2.6. "Administrator" has the meaning set forth in Section 9.2.1.

2.7. "Affiliate" of a given entity shall mean an entity that controls, is controlled by, or under common control with such given entity. Control shall mean direct or indirect ownership of more than [*] percent ([*]%) of the voting stock of an entity or, for non-stock entities, the direct or indirect right to more than [*] percent ([*]%) of the profits of such entity.

2.8. "Aggregate Alternative ESA Net Price" has the meaning set forth in Section 3.4.3.3.

2.9. "Alternative ESA" means an ESA that is available for use in the Territory that is not an Amgen ESA.

2.10. "Alternative Amgen ESA" has the meaning set forth in Section 3.4.3.2.

2.11. "Alternative Amgen ESA Cover" has the meaning set forth in Section 3.4.3.2.1.

2.12. "Alternative ESA Purchase Amount" has the meaning set forth in Section 3.1.4.

2.13. "Alternative ESA Purchase Event" has the meaning set forth in Section 3.1.3.

2.14. "Amgen Business Representative" has the meaning set forth in Section 5.1.

2.15. "Amgen ESA" means EPOGEN® (Epoetin alfa) and/or Aranesp® (darbepoetin alfa), as applicable.

2.16. "Amgen ESA Equivalent Quantity Shortfall" has the meaning set forth in Section 3.1.3.

2.17. "Amgen ESA Risk Evaluation Program" has the meaning set forth in Section 11.18.

2.18. "Amgen ESAs Share of Sales" shall mean Committed Unit Purchases of Amgen ESAs during the Quarter divided by the sum of Committed Unit Purchases of Amgen ESAs and Committed Unit Purchases of Alternative ESAs during such Quarter.

[redacted]
Committed Unit Purchases of Amgen ESAs ÷ Committed Unit Purchases of Amgen ESAs + Committed Unit Purchases of Alternative ESAs

2.19. "Amgen Indemnitees" has the meaning set forth in Section 9.5.2.

2.20. "Amgen Shortfall Activities" has the meaning set forth in Section 3.4.1.

2.21. "Appeal Procedures" has the meaning set forth in Section 9.2.3.

2.22. "Aranesp" means Amgen's proprietary darbepoetin alfa product that is marketed by Amgen in the Territory under the trademark Aranesp®.

2.23. "Aranesp-EPOGEN Dose Equivalency Ratio" shall be 1:270 where one mcg of Aranesp shall be deemed to be equivalent to 270 IUs of EPOGEN and 0.0037037 mcg of Aranesp shall be deemed to be equivalent to 1 IU of EPOGEN.

2.24. "Aranesp Fixed Price Rebate" means the rebate described in Section 2.2 of Exhibit A.

2.25. "Arbitration" has the meaning set forth in Section 9.2.1.

2.26. "Arbitrator" has the meaning set forth in Section 9.2.1.

2.27. "Authorized Removal Occurrence" has the meaning set forth in Section 3.7.3.

2.28. "Authorized Wholesalers" shall mean those wholesalers listed on Exhibit B, as such list may be modified pursuant to Section 3.6.

2.29. "Authorized Wholesaler List" has the meaning set forth in Section 3.6.

2.30. "Available Amgen ESA SKUs" have the meaning set forth in Section 3.3.8.

2.31. "Award" has the meaning set forth in Section 9.2.3.

2.32. "Base Invoice Discount" means the base invoice discount described in Section 1.1 of Exhibit A.

2.33. "Baseline Dose Equivalency Ratio" has the meaning set forth in Section 3.1.5.

2.34. "Best Net Aranesp Price Rebate" means the rebate described in Section 3.2 of Exhibit A.

2.35. "Best Net EPOGEN Price Rebate" means the rebate described in Section 3.3 of Exhibit A.

2.36. "Best Price" has the meaning set forth in Section 4.8.

2.37. "Business Representatives" has the meaning set forth in Section 5.1.

2.38. "Certification" has the meaning set forth in Section 6.3.

2.39. "Committed Unit Purchases of Amgen ESAs" means, for any period, the aggregate amounts in IUs of (i) EPOGEN purchased by all Dialysis Center Committed Purchasers, (ii) Aranesp (in equivalent IUs of EPOGEN using the Aranesp-EPOGEN Dose Equivalency Ratio) purchased by Added Aranesp Dialysis Center Purchasers that are Dialysis Center Committed Purchasers, and (iii) Aranesp (in equivalent IUs of EPOGEN using the Aranesp-EPOGEN Dose Equivalency Ratio) purchased by Dialysis Center Committed Purchasers

[*] percent ([*]%) [*] (the "[*]"), during such period for use in providing Dialysis Services, net of product returns and adjustments, which aggregate IUs data have been independently confirmed by Amgen through the Relevant Information. Any purchases of Amgen ESAs as a result of either notice of the Amgen ESA Equivalent Quantity Shortfall under Section 3.1.4 or notice of Forecast Shortfall under Section 3.3.4 shall not be considered to be Committed Unit Purchase of Amgen ESAs.

2.40. "Committed Unit Purchases of Alternative ESAs" means, for any period, the aggregate amounts in IUs of (i) all Alternative ESAs [*] by any Dialysis Center Committed Purchaser for treatment of anemia in patients receiving Dialysis Services at any Dialysis Center Committed Purchaser from any source during such period, (provided, that any Alternative ESA provided to a Dialysis Center Committed Purchaser at no or nominal cost from any source shall be considered a purchase), adjusted to be an equivalent dose of EPOGEN (in IUs) based on the Alternative ESA's FDA approved package insert (if the dose conversion ratio is clearly set forth therein) or otherwise as reasonably determined pursuant to Section 3.1.5, (ii) Aranesp (in equivalent IUs of EPOGEN using the Aranesp-EPOGEN Dose Equivalency Ratio) purchased by Dialysis Center Committed Purchasers [*] net of product returns and adjustments, which aggregate IUs data have been independently confirmed by Amgen through the Relevant Information.

2.41. "Compensation Data" has the meaning set forth in Section 7.1.

2.42. "Confidential Information" has the meaning set forth in Section 11.14.

2.43. "Data" means the data set forth on Schedule 1 provided by Dialysis Center to Amgen pursuant to the terms and conditions of Section 6.

2.44. "Debarred Party" has the meaning set forth in Section 10.2.2.

2.45. "Designated Affiliates" shall mean any Affiliate of Dialysis Center listed on Exhibit C, as such list may be modified pursuant to Section 3.7.1.

2.46. "Designated Affiliates List" has the meaning set forth in Section 3.7.1.

2.47. "Dialysis Center Business Representative" has the meaning set forth in Section 5.1.

2.48. "Dialysis Center Committed Purchasers" has the meaning set forth in Section 3.7.5.

2.49. "Dialysis Center Committed Purchasers List" has the meaning set forth in Section 3.7.5.

2.50. "Dialysis Center Indemnitees" has the meaning set forth in Section 9.5.1.

2.51. "Dialysis Center Purchasers" shall mean Dialysis Center, the Designated Affiliates, and the Managed Centers. Dialysis Center Purchasers include Added Dialysis Center Purchasers from and after the Added Dialysis Center Purchaser Effective Date.

2.52. "Dialysis Services" means services related to the provision of renal dialysis, including hemodialysis, peritoneal dialysis, nocturnal dialysis, and home hemodialysis in the Territory during the Term. For avoidance of doubt, "Dialysis Services" does not include the treatment of pre-dialysis chronic kidney disease.

2.53. "Disclosing Party" has the meaning set forth in Section 11.14.

2.54. "Discounts" means all rebates and discounts set forth on Exhibit A that may be earned by the Dialysis Center Purchasers pursuant to the terms and conditions set forth in this Agreement, which shall be earned, calculated and vested as provided in Exhibit A.

2.55. "Disputes" has the meaning set forth in Section 9.1.

2.56. "Dose Equivalency Ratio" shall mean the ratio setting forth the IUs of an Alternative ESA that is equivalent to one (1) IU of EPOGEN based on its measured biological activity or effect as set forth in Section 3.1.5.

2.57. "Economic Interest" shall mean any [*] any entity that has [*] including, without limitation, any such [*] derived from a binding agreement related to (i) [*], or (ii) [*]; provided, however, it shall not be considered to be an Economic Interest [*] (A) Dialysis Center's Affiliate, DaVita Rx, LLC [*] in the ordinary course of its pharmacy operations, (B) Dialysis Center's Affiliate, DaVita Clinical Research, Inc. [*] in the ordinary course of its clinical operations [*], (C) Dialysis Center develops internal clinical protocols [*] by Dialysis Center Purchasers [*], or (D) Dialysis Center's Affiliate, DaVita Medical Group [*] in the ordinary course of its medical operations, *if*, [*] (A), (B), (C) or (D) is [*] has an [*] interest [*].

2.58. "EPOGEN" means Amgen's proprietary Epoetin alfa product that is marketed by Amgen in the Territory under the trademark EPOGEN®.

2.59. "EPOGEN Fixed Price Rebate" means the rebate described in Section 2.3 of Exhibit A.

2.60. "ESAs" shall mean agents that stimulate erythropoiesis including, but not limited to, [*].

2.61. "FDA" has the meaning set forth in Section 8.3.

2.62. "FDA Website" has the meaning set forth in Section 11.18.

2.63. "Firm" has the meaning set forth in Section 4.3.2.

2.64. "Forecast Shortfall" has the meaning set forth in Section 3.3.4.

2.65. "Forecast Shortfall Amount" has the meaning set forth in Section 3.3.4.

2.66. "Force Majeure Event" has the meaning set forth in Section 11.8.

2.67. "Governmental Authority" shall mean in respect of any individual or entity, any government administrative agency, commission or other governmental authority, body or instrumentality, or any federal, state, or local governmental regulatory body having legal jurisdiction over that individual or entity.

2.68. "Hearing" has the meaning set forth in Section 9.2.3.

2.69. "[*]" shall mean [*].

2.70. "HIPAA" shall mean the Health Insurance Portability and Accountability Act of 1996 and its implementing regulations, each as may be amended.

2.71. "IMS" means IMS Health Incorporated, a Delaware corporation and its Affiliates.

2.72. "[*]" shall mean any [*] (i) [*] (ii) Dialysis Center, any Dialysis Center Purchaser or any Affiliate of Dialysis Center [*] (whether directly or through one or more intermediaries) [*] in the provision of Dialysis Services.

2.73. "Indemnified Party" has the meaning set forth in Section 9.6.1.

2.74. "Indemnifying Party" has the meaning set forth in Section 9.6.1.

2.75. "Individually Identifiable Health Information" shall have the meaning specified in HIPAA.

2.76. "Initial Dose Equivalency Ratio" has the meaning set forth in Section 3.1.5.

2.77. "IU" means an international unit of measurement for EPOGEN, Aranesp (in equivalent IUs of EPOGEN using the Aranesp-EPOGEN Dose Equivalency Ratio) or an Alternative ESA (in equivalent IUs of EPOGEN using the applicable Dose Equivalency Ratio).

2.78. "Law" means, individually and collectively, any and all applicable laws, ordinances, rules, regulations, directives, administrative circulars, guidances and other pronouncements having the effect of law of any Governmental Authority.

2.79. "Liquidated Damages" has the meaning set forth in Section 10.3.

2.80. "Managed Center" shall mean a dialysis facility that is not an Affiliate of Dialysis Center but for which Dialysis Center or an Affiliate of Dialysis Center provides management services or administrative services in which it controls the selection or procurement of ESAs.

2.81. "Managed Centers List" has the meaning set forth in Section 3.7.1.

2.82. "Material Label Change" means a material amendment, change, revision, and/or modification to the Chronic Kidney Disease section of the Boxed Warning of the US prescribing information for an Amgen ESA as it relates to dialysis use.

2.83. "[*]" has the meaning set forth in [*].

2.84. "Minimum Forecast Commitment" has the meaning set forth in Section 3.3.3.

2.85. "Mircera" means the methoxy polyethylene glycol-epoetin beta product that is marketed under the trademark Mircera®.

2.86. "Non-Disclosing Party" has the meaning set forth in Section 11.14.

2.87. "Notice of Added Dialysis Center Purchaser" has the meaning set forth in Section 3.7.2.

2.88. "Objection Notice" has the meaning set forth in Section 4.3.1.

2.89. "Party" and "Parties" have the meaning set forth in the preamble hereto.

2.90. "Permitted Excluded Group" has the meaning set forth in Section 6.6.

2.91. "Permitted Percentage Variances" has the meaning set forth in Section 3.3.5.

2.92. "Permitted Variance Period" has the meaning set forth in Section 3.3.5.

2.93. "Purchase Commitment" has the meaning set forth in Section 3.1.1.

2.94. "Purchase Commitment Percentage" shall be [*] percent ([*]%) [*] percent ([*]%) [*] percent ([*]%) [*].

2.95. "Qualified Gross Purchases of Amgen ESAs" shall mean the amount of Amgen ESAs purchased by Dialysis Center Purchasers during the Term from an Authorized Wholesaler (or from Amgen pursuant to Section 3.6) for use in providing Dialysis Services, and confirmed by Amgen through sales tracking data including, without limitation, chargeback data from wholesalers. Qualified Gross Purchases of Amgen ESAs shall be calculated using the WAC in effect at the time of the relevant purchase, net of product returns and adjustments.

2.96. "Quarter" shall mean each calendar quarter during the Term (*i.e.*, January 1 through March 31, April 1 through June 30, July 1 through September 30, and/or October 1 through December 31, as applicable).

2.97. "Recall" has the meaning set forth in Section 11.19.

2.98. "Relevant Information" means the Data, all sales tracking data, including, without limitation, chargeback data from wholesalers, Self-Reported Data, Compensation Data, and applicable Third Party reporting agency data.

2.99. "Research Study" has the meaning set forth in Section 6.6.

2.100. "Rolling Forecast" has the meaning set forth in Section 3.3.1.

2.101. "Rolling Forecasts" has the meaning set forth in Section 3.3.1.

2.102. "Rules" has the meaning set forth in Section 9.2.1.

2.103. "Self-Reported Data" means all units of each ESA (including, but not limited to [*]), [*] by any Dialysis Center Purchaser for treatment of anemia in patients receiving Dialysis Services in any Dialysis Center Purchaser and the number of such patients who received each such ESA and such other related data as may be specified on Exhibit SR-1.

2.104. "Shortfall Amgen ESA" has the meaning set forth in Section 3.4.3.2.

2.105. "Significant Supply Shortfall" has the meaning set forth in Section 3.4.4.

2.106. "Study Patient" has the meaning set forth in Section 6.6.

2.107. "Supply Commitment" has the meaning set forth in Section 3.1.2.

2.108. "Term" means the period commencing on the Term Start Date and ending on the Term End Date.

2.109. "Term End Date" shall mean December 31, 2022.

2.110. "Term Start Date" shall mean January 6, 2017.

2.111. "Termination Date" means the date upon which this Agreement shall have been terminated in accordance with the terms and conditions of this Agreement pursuant to Section 10.2.

2.112. "Territory" means the United States, and its territories and possessions, including Puerto Rico.

2.113. "Third Party" means any individual or entity other than a Party or an Affiliate of a Party (or, in the case of Dialysis Center, a Managed Center).

2.114. "Third Party Claim(s)" has the meaning set forth in Section 9.5.1.

2.115. "[*]" has the meaning set forth in [*].

2.116. "WAC" shall mean the list price for EPOGEN or Aranesp, as applicable, to wholesalers as established by Amgen in its sole discretion from time to time, not including prompt pay or other discounts, rebates, or reductions in price.

2.117. "Wind-Down Period" has the meaning set forth in Section 3.3.2.

2.118. "Wind-Down Price" has the meaning set forth in Section 3.3.2.

3. PURCHASE AND SUPPLY COMMITMENTS

3.1. Purchase and Supply Commitments.

3.1.1. Dialysis Center Purchase Commitment. Subject to the terms and conditions of this Agreement, the Dialysis Center Committed Purchasers in aggregate shall purchase from Amgen through one or more Authorized Wholesalers (or from Amgen pursuant to Section 3.6) those quantities of Amgen ESAs that are needed to meet an Amgen ESAs Share of Sales at least equal to the applicable Purchase Commitment Percentage during each Quarter of the Term (the "Purchase Commitment"). For purposes of clarity, the Purchase Commitment shall be measured in aggregate across all Dialysis Center Committed Purchasers.

3.1.1.1. The Parties acknowledge that it is their intent that the purchase and/or use of a [*] is not an arm's length purchaser of a pharmaceutical product in the ordinary course of providing Dialysis Services. If either Party believes that the application of the terms of this Agreement results [*] that is not consistent with this intent, then such Party may refer the matter to Arbitration for a determination of whether [*] based on the Parties' intent.

3.1.2. Amgen Supply Commitment. Subject to the terms and conditions of this Agreement, Amgen shall ensure that during each Quarter of the Term [*] percent ([*]%) of the Minimum Forecast Commitment for each such Quarter is available for purchase by the Dialysis Center Purchasers from one or more Authorized Wholesalers or from Amgen pursuant to Section 3.6 (the "Supply Commitment"). Subject to Section 3.2.2 and Section 3.3.6, Amgen acknowledges and agrees that nothing in this Agreement shall prohibit any Dialysis Center Committed Purchaser from purchasing an amount of Amgen ESAs necessary to satisfy the Purchase Commitment in a particular Quarter regardless of whether such Amgen ESAs are actually administered by the Dialysis Center Committed Purchasers to their patients for the provision of Dialysis Services during such Quarter.

3.1.2.1. [*] dialysis centers [*] and as a result, Amgen develops [*] percent ([*]%) [*] Committed Unit Purchases of Amgen ESAs during the prior Quarter which is reasonably likely to remain through the remaining Term of the Agreement (the "[*]"), the Parties shall meet in good faith to determine the [*] for purchase by Dialysis Center Purchasers in accordance with the Discounts set forth in Exhibit A.

3.1.3. Alternative ESA Purchase Event. If in any Quarter the Dialysis Center Committed Purchasers do not meet the Purchase Commitment (an "Alternative ESA Purchase Event"), then within thirty (30) days of the end of any such applicable Quarter, Dialysis Center shall provide notice to Amgen of such Alternative ESA Purchase Event and the Committed Unit Purchases of Alternative ESAs in such Quarter. If Dialysis Center provides such notice pursuant to this Section 3.1.3, or if Amgen, through the use of Relevant Information reasonably determines that there has been an Alternative ESA Purchase Event, then Amgen shall, within forty-five (45) days of Amgen's receipt of the Self-Reported Data pursuant to Section 7.2, deliver to Dialysis Center a notice that sets forth the "Amgen ESA Equivalent Quantity Shortfall," which shall be equal to the (1) difference between the applicable Purchase Commitment Percentage less Amgen ESA Share of Sales (if positive), multiplied by (2) the sum of Committed Unit Purchases of Amgen ESAs and Committed Unit Purchases of Alternative ESAs (in equivalent IUs of EPOGEN using the applicable Dose Equivalency Ratios).

3.1.3.1. In the event Dialysis Center has a reasonable basis to believe that any Amgen ESA Equivalent Quantity Shortfall calculation or determination made by Amgen is inaccurate or incomplete in any material respect, Dialysis Center shall provide an Objection Notice to Amgen within thirty (30) days of the notice of the Amgen ESA Equivalent Quantity Shortfall and the Parties shall follow the Audit Process set forth in Section 4.3 to resolve any dispute regarding the Amgen ESA Equivalent Quantity Shortfall.

3.1.4. Alternative ESA Purchase Amount. Within ninety (90) days of receipt by Dialysis Center of notice from Amgen of the Amgen ESA Equivalent Quantity Shortfall pursuant to Section 3.1.3 above, Dialysis Center shall make a binding purchase order from one or more Authorized Wholesalers (or from Amgen pursuant to Section 3.6), of Amgen ESAs in applicable Available Amgen ESA SKUs equal to the Amgen ESA Equivalent Quantity Shortfall and reasonably commensurate with those Amgen ESA SKUs included in the Minimum Forecast Commitment for the Quarter in which the Amgen ESA Equivalent Quantity Shortfall occurred, subject to the [*] in the Quarter in which such purchase order is completed. Such purchase shall be eligible for the Discounts applicable during the Quarter in which the Alternative ESA Purchase Event occurred and shall be excluded from consideration as part of the Committed Unit Purchases of Amgen ESAs during the Quarter in which such purchase occurred. Dialysis Center shall promptly provide Amgen notice of the completion of such purchase order along with a copy of the invoice for such purchase order. In the event that Dialysis Center fails timely to complete such purchase order, Dialysis Center shall pay to Amgen within one hundred and five (105) days of receipt of the notice of the Amgen ESA Equivalent Quantity Shortfall pursuant to Section 3.1.3 above an amount equal to (a) the Amgen ESA Equivalent Quantity Shortfall multiplied by (b) WAC less the Discounts per IU of EPOGEN earned by Dialysis Center Committed Purchasers during the Quarter in which the Alternative ESA Purchase Event occurred (the "Alternative ESA Purchase Amount"). At Amgen's option, any Alternative ESA Purchase Amount not so paid by Dialysis Center that is not the subject of an Objection Notice pursuant to Section 3.1.3.1 above may be offset in whole or in part against any Discounts earned by the Dialysis Center Purchasers in the applicable Quarter or any subsequent Quarter.

3.1.5. Dose Equivalency Ratio. The Parties agree that for purposes of this Agreement the "Dose Equivalency Ratio" between (i) EPOGEN and Mircera is 223:1 such that 223 IUs of EPOGEN shall be considered equivalent to 1 mcg of Mircera, and (ii) the Dose Equivalency Ratio between EPOGEN and any biosimilar of EPOGEN is 1:1.10 such that 1.10 IUs of such biosimilar of EPOGEN shall be considered equivalent to 1 IU of EPOGEN. If a Party, in its reasonable discretion, feels that the Dialysis Center Committed Purchasers potentially may not meet the Purchase Commitment due to purchases of Alternative ESAs by the Dialysis Center Committed Purchasers in a Quarter for which the Dose Equivalency Ratio is not specified above, then Amgen and Dialysis Center shall mutually agree upon the appropriate methodology to be used to determine the dose (in IUs) of such Alternative ESA that was used by the Dialysis Center Committed Purchasers' patients during the applicable measurement period that is equivalent to a dose (in IUs and/or mcg) of the applicable Amgen ESA that was used by the Dialysis Center Committed Purchasers patients' during the applicable measurement period and Dialysis Center shall reasonably cooperate with Amgen and provide any other reasonable data, including units of ESAs utilized during the applicable measurement period, necessary to complete the determination. If Dialysis Center and Amgen are unable to agree upon the methodology to be used to determine the dose (in IUs) of such Alternative ESA, the Parties shall appoint a mutually agreeable

Third Party to determine the methodology to be used, with the costs of such Third Party to be borne equally by the Parties. The initial Dose Equivalency Ratio for any such Alternative ESA as determined by either the Parties or the Third Party appointed by the Parties, as applicable, pursuant to this Section 3.1.5 (the "Initial Dose Equivalency Ratio") shall only apply to the Quarter immediately preceding the Initial Dose Equivalency Ratio. The determination of the Dose Equivalency Ratio for each such particular Alternative ESA shall be recalculated for each of the first three (3) Quarters after the Initial Dose Equivalency Ratio for such Alternative ESA and the calculation of the Dose Equivalency Ratio for such Alternative ESA after each Quarter during such three (3) Quarters period shall only apply to the immediately preceding Quarter after each such recalculation. The Dose Equivalency Ratio for such Alternative ESA for all periods after such three (3) Quarter period shall be the Dose Equivalency Ratio determined as of the end of the third Quarter after the Initial Dose Equivalency Ratio for such Alternative ESA (the "Baseline Dose Equivalency Ratio"); provided, either Party may, no more frequently than once per calendar year, request a recalculation of the Baseline Dose Equivalency Ratio, which recalculation shall be applied prospectively, if such Party reasonably believes that the Baseline Dose Equivalency Ratio has materially changed over time, in which event the requesting Party shall bear the costs of any Third Party appointed by the Parties in connection therewith.

3.2. Eligible Purchases.

3.2.1. Purchases from Authorized Wholesaler. Only purchases of Amgen ESAs made by a Dialysis Center Purchaser from an Authorized Wholesaler or Amgen pursuant to Section 3.6 shall be eligible to receive the Discounts provided under this Agreement.

3.2.2. Own Use. The Dialysis Center Purchasers shall purchase Amgen ESAs under this Agreement solely for their own use in providing Dialysis Services, and only purchases made by Dialysis Center Purchasers for such use shall be eligible for the Discounts provided under this Agreement and shall be considered Committed Unit Purchases of Amgen ESAs. Dialysis Center on behalf of itself and each other Dialysis Center Purchaser covenants that none of them shall seek to procure any of the Discounts available under this Agreement for any purchases of Amgen ESAs not for its or their use in providing Dialysis Services, and Dialysis Center shall promptly notify Amgen in the event Amgen shall have provided any Dialysis Center Purchaser with any Discounts hereunder for any Amgen ESAs that were not used by them for the provision of Dialysis Services.

3.3. Quantity Forecasts and Minimum Forecast Commitment.

3.3.1. *Rolling Forecast*. Each Quarter during the Term, Dialysis Center shall submit in writing to Amgen a rolling twelve (12) month good faith forecast setting forth on a month-by-month basis the aggregate quantities in IUs of EPOGEN and a rolling eighteen (18) month good faith forecast setting forth on a month-by-month basis the aggregate quantities in mcg of Aranesp, each such forecast by Available Amgen ESA SKU required for all Dialysis Center Purchasers for each month in the forecast period, starting with an initial twelve (12) month forecast for EPOGEN beginning as of January 1, 2017 to December 31, 2017 which shall be the existing forecast for such period pursuant to the Original Agreement and an initial eighteen (18) month forecast for Aranesp beginning as of January 1, 2017 to June 31, 2018 which shall be delivered to Amgen within thirty (30) days of the Term Start Date (each, a "Rolling Forecast" and collectively the "Rolling Forecasts"). With the exception of the initial Rolling Forecast, Dialysis Center shall submit each Rolling Forecast by no later

than the first day of the last month of each Quarter during the Term (e.g., by March 1, 2017 Dialysis Center shall submit a Rolling Forecast for the twelve (12) month period from April 2017 through March 2018 for EPOGEN and the eighteen (18) month period from April 2017 through September 2018 for Aranesp). If Dialysis Center has not timely delivered a Rolling Forecast as provided above, the Rolling Forecast previously in effect shall remain in effect for the periods covered thereby. The purpose of this Section 3.3.1 is to allow Amgen adequate time to adjust its manufacturing planning and operations to properly reflect the anticipated mix of Available Amgen ESA SKUs.

3.3.2. Wind-Down Period. The final Rolling Forecast shall reflect Dialysis Center Purchasers' Amgen ESA requirements for the twelve (12) month period after the Term End Date (the "Wind-Down Period"). During the Wind-Down Period, Dialysis Center shall continue to submit Rolling Forecasts to Amgen and such Rolling Forecasts shall be subject to the Permitted Percentage Variance set forth below. During the Wind-Down Period, (i) Dialysis Center shall be obligated to purchase the Minimum Forecast Commitment of Amgen ESAs in accordance with the Discount terms set forth in Exhibit A, [*] (the "Wind-Down Price") and (ii) Amgen shall be obligated to supply the Minimum Forecast Commitment of Amgen ESAs at the Wind-Down Price. In no event shall the Purchase Commitment or the Supply Commitment apply during the Wind-Down Period.

3.3.3. Minimum Forecast Commitment. Without reducing or limiting the Purchase Commitment set forth in Section 3.1.1, the forecasted quantities of each Available Amgen ESA SKU for months 1-3 of each Rolling Forecast shall constitute the Dialysis Center Purchasers' aggregate minimum purchase commitment of IUs of EPOGEN and/or mcg of Aranesp by Available Amgen ESA SKU for such Quarter (the "Minimum Forecast Commitment"). Any forecasted quantity of (i) Available Amgen ESA SKUs that constitutes less than one and five-tenths of a percent (1.5%) of the forecasted quantities of total Amgen ESAs for that Quarter and (ii) any Available Amgen ESA SKUs of Aranesp if the aggregate quantity of mcg of Aranesp constitutes less than five percent (5%) of the forecasted quantities of total Amgen ESAs for that Quarter shall be excluded from the Minimum Forecast Commitment and shall not be subject to the Supply Commitment.

3.3.4. Forecast Shortfall. If the Dialysis Center Purchasers purchase an aggregate quantity in IUs or mcg of Amgen ESAs by Available Amgen ESA SKU during any Quarter that is less than the Minimum Forecast Commitment for any such Quarter (the quantity of any such difference, the "Forecast Shortfall"), then within forty-five (45) days of the end of such Quarter, Amgen shall notify Dialysis Center of the Forecast Shortfall in writing. In the event Dialysis Center has a reasonable basis to believe that any Forecast Shortfall calculation or determination made by Amgen is inaccurate or incomplete in any material respect, Dialysis Center shall provide Amgen an Objection Notice within thirty (30) days of the notice of Forecast Shortfall and follow the Audit Process set forth in Section 4.3 to resolve any dispute regarding the Forecast Shortfall. Within ninety (90) days of receipt by Dialysis Center of the notice of the Forecast Shortfall from Amgen, Dialysis Center shall make a binding purchase order from one or more Authorized Wholesalers (or from Amgen pursuant to Section 3.6), of Amgen ESAs in applicable Available Amgen ESA SKUs equal to the Forecast Shortfall and reasonably commensurate with those Amgen ESA SKUs included in the Minimum Forecast Commitment for the Quarter in which the Forecast Shortfall occurred, subject to the [*] in the Quarter in which such purchase order is completed. Such purchase shall be eligible for the Discounts applicable during the Quarter in which the Forecast

Shortfall occurred and shall be excluded from consideration as part of the Committed Unit Purchases of Amgen ESAs during the Quarter in which such purchase occurred. Dialysis Center shall promptly provide Amgen notice of the completion of such purchase order along with a copy of the invoice for such purchase order. In the event that Dialysis Center fails timely to complete such purchase order, Dialysis Center shall pay to Amgen within one hundred and five (105) days of receipt of the notice from Amgen of the Forecast Shortfall an amount equal to (a) the Forecast Shortfall multiplied by (b) WAC less the Discounts per IU of EPOGEN or per mcg of Aranesp, as applicable, earned by Dialysis Center Committed Purchasers during the Quarter in which the Forecast Shortfall occurred (the "Forecast Shortfall Amount"). At Amgen's option, any Forecast Shortfall Amount not so paid by Dialysis Center that is not the subject of an Objection Notice above may be offset in whole or in part against any Discounts earned by the Dialysis Center Purchasers in the applicable Quarter or any subsequent Quarter.

3.3.5. *Forecast Variance.* Each new Rolling Forecast submitted by Dialysis Center on a Quarterly basis pursuant to Section 3.3.1 may decrease (but not increase) quantities of each Available Amgen ESA SKU for new months 1-6, and may increase or decrease quantities of each Available Amgen ESA SKU in the new months 7-12 for EPOGEN and in the new months 7-18 for Aranesp, each from the corresponding months in the immediately prior Rolling Forecast by the "Permitted Percentage Variance" in the table below. The Permitted Percentage Variance for the months of each Rolling Forecast (the "Permitted Variance Period") are as follows:

Old Months	**4-6**	**7-9**	**10-12**			
New Months	**1-3**	**4-6**	**7-9**	**10-12**		
EPOGEN: **Percentage Variance Permitted in New Forecast for New Months from Old Months (Same Calendar Months) in Prior Forecast**	[*]% (decrease only)	[*]% (decrease only)	[*]% (decrease or increase)	Initial Rolling Forecast		
Old Months	**4-6**	**7-9**	**10-12**	**13-15**	**16-18**	
New Months	**1-3**	**4-6**	**7-9**	**10-12**	**13-15**	**16-18**
Aranesp: **Percentage Variance Permitted in New Forecast for New Months from Old Months (Same Calendar Months) in Prior Rolling Forecast**	[*]% (decrease only)	[*]% (decrease only)	[*]% (decrease or increase)	[*]% (decrease or increase)	[*]% (decrease or increase)	Initial Rolling Forecast

If Dialysis Center submits a Rolling Forecast that contains a forecast that is not in compliance with the applicable Permitted Percentage Variance, Amgen shall have the right within thirty (30) days of receipt of such Rolling Forecast by written notice to Dialysis Center to either (a) accept such forecast for any month therein that is not in compliance with this Section 3.3.5; or (b) adjust such non-compliant forecasted quantity for any such month to increase or decrease the amount forecasted for such month by up to the minimum amount necessary to bring such forecasted quantity into compliance with this Section 3.3.5. Dialysis Center may, at any time for any good faith reason, request additional variances to the Permitted Percentage Variance and, in such event, the Parties shall work in good faith to accommodate such request; provided, however, that (i) in no event shall Amgen be liable for any resulting Actual Supply Shortfall and (ii) Dialysis Center shall remain liable for any Forecast Shortfall that may occur. If in any Quarter during the Term, the Dialysis Center Purchasers have a Forecast Shortfall and the Parties have determined, after good faith discussions, that such Forecast Shortfall is the necessary result of a Material Label Change, then the Dialysis Center Purchasers shall not be liable for such Forecast Shortfall.

3.3.6. Maximum Forecast Commitment Increase. Notwithstanding any other provision of this Agreement, Dialysis Center may make a written request to Amgen to purchase additional quantities of Amgen ESAs for any Quarter in excess of [*] percent ([*]%) of the Minimum Forecast Commitment (the "Maximum Forecast Commitment Increase") in accordance with the Discounts and pricing terms set forth in Exhibit A [*] percent ([*]%) [*]. Amgen shall not be obligated to supply any such request by Dialysis Center for the Maximum Forecast Commitment Increase and Amgen's inability to meet Dialysis Center's request for the Maximum Forecast Commitment Increase shall not be considered an Actual Supply Shortfall.

3.3.6.1. If the reason for the request for a Maximum Forecast Commitment Increase is that within the previous three (3) months of the request, [*] from the dialysis market and the Maximum Forecast Commitment Increase is for a quantity of Amgen ESAs [*] (such quantity less the amount of Amgen ESAs available in excess of the Maximum Forecast Commitment, "[*]"), then for each of the four (4) Quarters commencing with the Quarter in [*], (i) any Alternative ESA Purchase Amount owed from Dialysis Center to Amgen pursuant to Section 3.1.4 with respect to such [*] shall not exceed [*] per Quarter and (ii) [*] shall not give rise to Amgen's right to terminate this Agreement pursuant to Section 10.2.1.

3.3.7. *Good Faith Estimates*. Each Rolling Forecast submitted by Dialysis Center shall represent good faith estimates of the Dialysis Center Purchasers' actual anticipated purchases of Amgen ESAs for the treatment of dialysis patients in the Territory and reasonable inventory requirements for Amgen ESAs in the Territory during the relevant timeframes.

3.3.8. *Available Amgen ESA SKUs*. The Available Amgen ESA SKU Schedule attached as Schedule 3 hereto sets forth the "Available Amgen ESA SKUs" as of the Term Start Date. Amgen may add Available Amgen ESA SKUs to, or remove Available Amgen ESA SKUs (with respect to all purchasers of Amgen ESAs for free-standing dialysis clinics) from, the Available Amgen ESA SKUs Schedule upon at least six (6) months advance written notice to Dialysis Center; provided, that Amgen may not remove any Available Amgen ESA SKUs from the Available Amgen ESA SKUs Schedule that accounted for five percent (5%) or more of the Qualified Gross

Purchases of Amgen ESAs during the immediately preceding three (3) Quarters without the prior written consent of Dialysis Center, which consent may be withheld by Dialysis Center in its sole discretion, unless there is an Available Amgen ESA SKU that corresponds to the same dosage, size and potency of the deleted Available Amgen ESA SKU; and provided further, that, notwithstanding the foregoing, Amgen may immediately remove any Available Amgen ESA SKU should Amgen determine, in its sole discretion, that the removal of any such Available Amgen ESA SKU is for safety or quality or similar reasons. The Parties shall mutually agree upon (a) the first period for which any such new Available Amgen ESA SKU may be ordered by the Dialysis Center Purchasers and (b) any permitted adjustments to the Amgen ESA SKU mix contained in Dialysis Center's then applicable Rolling Forecast to reflect any changes in the Available Amgen ESA SKUs or as otherwise may be required due to any production shortfall applicable to all Amgen ESA customers.

3.4. Supply Commitment Shortfalls.

3.4.1. Amgen Shortfall Activities. Dialysis Center shall promptly notify Amgen and the Amgen Business Representative if the Authorized Wholesalers do not have sufficient quantities of (i) EPOGEN in the aggregate to meet firm purchase orders from the Dialysis Center Purchasers that are within the quantity of EPOGEN that constitutes the Minimum Forecast Commitment for that month or (ii) Aranesp in the aggregate to meet firm purchase orders from the Dialysis Center Purchasers that are within the quantity of Aranesp that constitutes the Minimum Forecast Commitment for that month, setting forth in such notice the aggregate amount of each such Amgen ESA that the Authorized Wholesalers are unable to supply. Within seven (7) business days after receipt of such notice from Dialysis Center, Amgen shall use commercially reasonable efforts to (i) deliver to the Authorized Wholesalers additional amounts of Amgen ESAs, (ii) direct Dialysis Center to one or more Authorized Wholesalers or other wholesalers that have stock of Amgen ESAs and/or (iii) make other arrangements with Dialysis Center to provide shipment of Amgen ESAs to Dialysis Center (the "Amgen Shortfall Activities").

3.4.2. An "Actual Supply Shortfall" shall mean, after taking into account Amgen ESAs identified or made available through Amgen Shortfall Activities, there is not available a quantity of (i) EPOGEN that is part of the Minimum Forecast Commitment for a particular month and constitutes [*] percent ([*]%) or more of the aggregate quantities in IUs (calculated using the Aranesp-EPOGEN Dose Equivalency Ratio) of Amgen ESAs that form the Minimum Forecast Commitment for such month or (ii) Aranesp that is part of the Minimum Forecast Commitment for a particular month and constitutes [*] percent ([*]%) or more of the aggregate quantities in IUs (calculated using the Aranesp-EPOGEN Dose Equivalency Ratio) of Amgen ESAs that form the Minimum Forecast Commitment for such month.

3.4.3. Supply Disruption Notice. To the extent permitted by Law and Amgen's internal quality and compliance policies and procedures, Amgen shall provide Dialysis Center with written notice of anticipated supply disruptions for Amgen ESAs that would impact the Minimum Forecast Commitment.

3.4.3.1. Non-Discrimination and Priority. Subject to any existing obligations that Amgen or any Affiliate of Amgen may have, Amgen shall give Dialysis Center Purchasers' orders first priority among dialysis center purchasers when allocating available Amgen ESAs during an Actual Supply Shortfall.

3.4.3.2. Amgen ESA Cover Purchases. If there is limited availability of an Amgen ESA during an Actual Supply Shortfall (the "Shortfall Amgen ESA") and another Amgen ESA (the "Alternative Amgen ESA") is available, then Dialysis Center Purchaser shall purchase the Alternative Amgen ESA, pursuant to the following process:

3.4.3.2.1. Within fifteen (15) days of notice from Dialysis Center of an Actual Supply Shortfall, Amgen will send Dialysis Center Purchasers written notice of the quantities (in mcg or IUs as the case may be) of the Alternative Amgen ESA available ("Alternative Amgen ESA Cover"). The Parties will meet and negotiate in good faith to set the date by which Dialysis Center Purchasers (as determined by Dialysis Center in its sole discretion) will convert to ordering the Alternative Amgen ESA Cover, which shall be as soon as reasonably practicable.

3.4.3.2.2. When the Actual Supply Shortfall ends, Dialysis Center may, in its sole discretion, either (i) continue to purchase Alternative Amgen ESA Cover for the converted Dialysis Center Purchasers or (ii) resume purchasing the Shortfall Amgen ESA for such Dialysis Center Purchasers.

3.4.3.2.3. For all purchases of Aranesp that constitute Alternative Amgen ESA Cover Purchases by Dialysis Center Purchasers and for the remainder of the Term, (i) the [*] shall not apply to such volumes of Aranesp purchased by Dialysis Center Purchasers, and (ii) the price for Aranesp as the Alternative Amgen ESA Cover shall be equal to the EPOGEN price available under Exhibit A converted using the Aranesp-EPOGEN Dose Equivalency Ratio.

3.4.3.3. Alternative ESA Cover Purchases. If Amgen is unable to supply an Alternative Amgen ESA in accordance with Section 3.4.3.2 above, Dialysis Center shall use good faith efforts to procure any Alternative ESAs from a Third Party at the lowest commercially reasonable price. Dialysis Center shall deliver to Amgen a statement setting forth the aggregate net purchase price (*i.e.*, the aggregate list price less all applicable discounts, rebates, chargebacks and other price adjustments) actually paid by the Dialysis Center Purchasers to any such Third Party for that quantity of Alternative ESAs purchased by such Dialysis Center Purchasers during the Quarter in which the Actual Supply Shortfall occurs solely as a substitute for the Actual Supply Shortfall (the "Aggregate Alternative ESA Net Price"); provided, that, should Dialysis Center be subject to any confidentiality restrictions that Dialysis Center may have with any Third Party from which it procured Alternative ESAs, then the Parties agree to send such Aggregate Alternative ESA Net Price to the Firm to be verified. Amgen shall pay to Dialysis Center an amount of cash equal to the difference, if any, between (a) the Aggregate Alternative ESA Net Price and (b) the product of (i) (1) WAC in effect for the applicable Quarter of the Actual Supply Shortfall less (2) the Discounts per IU or mcg, as applicable, of Available Amgen ESA SKU earned by the Dialysis Center Purchasers in such Quarter, multiplied by (ii) the amount of the Actual Supply Shortfall.

3.4.4. A "Significant Supply Shortfall" shall mean there has been an Actual Supply Shortfall of Amgen ESAs in a Quarter equal to or greater than [*] percent ([*]%) of the aggregate quantities in IUs (calculated using the Aranesp-EPOGEN Dose Equivalency Ratio) of Amgen ESAs that constitute the Minimum Forecast Commitment for such Quarter.

3.4.5. Purchase Commitment Reduction/Suspension and Remedies. For any Quarter that is part of an Actual Supply Shortfall, the Purchase Commitment for the applicable Quarter shall be reduced by the amount of the Actual Supply Shortfall less the Alternative Amgen ESA Cover and shall remain so reduced for a period of sixty (60) days after completion of the Actual Supply Shortfall. Each time there is a Significant Supply Shortfall for [*] then, [*] percent ([*]%) commencing with the Quarter immediately following such second Quarter in which there is a Significant Supply Shortfall. The foregoing shall be the sole remedy for any Actual Supply Shortfall or any Significant Supply Shortfalls except as set forth below.

3.4.5.1. If there is a Significant Supply Shortfall for [*] during which Alternative Amgen ESAs and/or Alternative ESAs are available, Dialysis Center shall not be required to comply with the dispute resolution requirements set forth in Section 9.1 and may proceed directly to Arbitration pursuant to Section 9.2, and in addition, may exercise any and all rights and remedies provided for in this Agreement or that may be allowed at law or in equity, including, without limitation, requests for specific performance; provided, that Dialysis Center may not terminate the Agreement, unless such termination is permitted pursuant to an Award of the Arbitrator.

3.4.5.2. If there is (i) a Significant Supply Shortfall for [*] or (ii) an Actual Supply Shortfall of Amgen ESAs [*] percent ([*]%) of the aggregate quantities in IUs (calculated using the Aranesp-EPOGEN Dose Equivalency Ratio) of Amgen ESAs that constitute the Minimum Forecast Commitment for [*] during which (i) or (ii), [*] Dialysis Center shall not be required to comply with the dispute resolution requirements set forth in Section 9.1 and may proceed directly to Arbitration pursuant to Section 9.2, and in addition, may exercise any and all rights and remedies provided for in this Agreement or that may be allowed at law or in equity, including, without limitation, requests for specific performance; provided, that Dialysis Center may not terminate the Agreement, unless such termination is permitted pursuant to an Award of the Arbitrator.

3.4.6. Response to Actual Supply Shortfall. Amgen shall work in good faith to address and end any Actual Supply Shortfall as soon as possible and will use commercially reasonable efforts to make available additional manufacturing capacity.

3.5. WAC. The Dialysis Center Purchasers shall purchase Amgen ESAs from an Authorized Wholesaler (or from Amgen pursuant to Section 3.6) at the then-prevailing WAC (subject to any wholesaler markup, discount, services fees or other charges), and any Discounts shall be applied in accordance with the schedules and terms set forth in Exhibit A and this Agreement. Amgen reserves the right to change WAC at any time, by any amount, without notice. Subsequent to any WAC changes, Amgen shall promptly notify Dialysis Center.

3.6. Authorized Wholesalers. Prior to the Term Start Date, Dialysis Center shall select one or more Authorized Wholesalers from the Authorized Wholesaler list prepared by Amgen and set forth on Exhibit B (as such list may be amended from time to time as provided in this Agreement, the "Authorized Wholesaler List"), and only such selected Authorized

Wholesalers shall be Authorized Wholesalers for purposes of this Agreement. From and after the Term Start Date, Dialysis Center shall have the right to change its selection of Authorized Wholesalers from the Authorized Wholesaler List with ninety (90) days prior written notice to Amgen. Dialysis Center may request Amgen to add wholesalers to the Authorized Wholesaler List, and Amgen, at its sole discretion, shall have the right to determine whether to approve of such addition to the Authorized Wholesaler List. Amgen shall have the right to add or remove wholesalers from the Authorized Wholesaler List set forth on Exhibit B in the exercise of its commercially reasonable discretion by ninety (90) days prior written notice to Dialysis Center, provided, that, for any removal, (a) Amgen removes such Authorized Wholesaler with respect to providing Amgen ESAs to all purchasers of Amgen ESAs for free standing dialysis clinics, or (b) such Authorized Wholesaler requests Amgen to remove it as an Authorized Wholesaler for Dialysis Center Purchasers. In the event of any removal of an Authorized Wholesaler from the Authorized Wholesaler List by Amgen, Amgen shall work with Dialysis Center to transition the Dialysis Center Purchasers' purchases of Amgen ESAs to an alternative Authorized Wholesaler, and if no alternative Authorized Wholesaler exists at such time, the Parties shall use reasonable efforts to establish a direct purchasing relationship in any interim period between the removal of the removed Authorized Wholesaler and the initiation of purchases from a new Authorized Wholesaler, if no Authorized Wholesaler exists at such time. Any such direct purchasing relationship shall be subject to credit qualification and the approval by Amgen of an application for direct ship account. If the Dialysis Center Purchasers purchase Amgen ESAs directly from Amgen as contemplated in this Section 3.6, all purchases of Amgen ESAs made from Amgen by such Dialysis Center Purchasers shall be deemed Qualified Gross Purchases of Amgen ESAs and eligible for the Discounts.

3.7. Dialysis Center Purchasers

3.7.1. Designated Affiliates and Managed Centers. Only the Designated Affiliates listed on Exhibit C (as such list may be amended from time to time as provided in this Agreement, the "Designated Affiliates List") and the Managed Centers set forth on Exhibit D (as such list may be amended from time to time as provided in this Agreement, the "Managed Centers List") shall be Dialysis Center Purchasers for purposes of this Agreement. Dialysis Center shall promptly update and maintain the accuracy of the Designated Affiliates List and the Managed Centers List throughout the Term, but in no event later than thirty (30) days after the addition or removal of a Dialysis Center Purchaser pursuant to Section 3.7.2 or 3.7.3 below. Dialysis Center shall not acquire, divest, restructure, reorganize or reclassify its Affiliates or Managed Centers, or request any addition or removal of any Dialysis Center Purchaser, with the purpose or intent in whole or in part to avoid or eliminate its obligations or commitments, or the obligations and commitments of each of the Dialysis Center Purchasers set forth in this Agreement.

3.7.2. Addition of Dialysis Center Purchasers. After the Term Start Date, subject to the terms and conditions of this Agreement, all new Affiliates that provide Dialysis Services and Managed Centers in the Territory shall be added to this Agreement and become Dialysis Center Purchasers. Dialysis Center shall provide written notice to Amgen of each new Affiliate that provides Dialysis Services and Managed Center in the Territory (each a "Notice of Added Dialysis Center Purchaser"), which notice shall include the proposed Added Dialysis Center Purchaser Transaction Date, plus any additional information regarding the proposed Dialysis Center Purchaser that Amgen shall reasonably request. Subject to the terms and conditions of Section 3.1.1 with respect to the Purchase Commitment, the Designated Affiliates List and the Managed Centers List shall be amended to include such Affiliates that provide

Dialysis Services or Managed Centers effective as of (i) thirty (30) days from the date of Amgen's receipt of a Notice of Added Dialysis Center Purchaser or (ii) the applicable Added Dialysis Center Purchaser Transaction Date if such Added Dialysis Center Purchaser Transaction Date is later than thirty (30) days after the Notice of Added Dialysis Center Purchaser (each such effective date, the "Added Dialysis Center Purchaser Effective Date", and each of the Affiliates that provide Dialysis Services and Managed Centers added by such amendments, an "Added Dialysis Center Purchaser"). The Designated Affiliates List and the Managed Centers List shall be amended without further action required of the Parties to reflect additions made in accordance with this Section 3.7.2.

3.7.3. Removal of Dialysis Center Purchasers. (A) Dialysis Center may remove Designated Affiliates from the Designated Affiliates List and Managed Centers from the Managed Center List only (i) upon the written consent of Amgen, which consent shall not be unreasonably withheld, conditioned, and/or delayed or (ii) upon thirty (30) days prior written notice to Amgen in the event such removal is a result of a (a) sale of all or substantially all of the assets or equity interests of a Designated Affiliate to a Third Party, whether by reorganization, merger, sales of assets, or sale of equity interests, (b) permanent closure of a Designated Affiliate facility or (c) termination of the relevant management agreement for a Managed Center that has ceased its management relationship with Dialysis Center and/or any Affiliate of Dialysis Center (each of the events described in this clause (ii), an "Authorized Removal Occurrence"). Dialysis Center shall provide Amgen written notice describing the nature of any requested removal, including the anticipated effective date of any Authorized Removal Occurrence, and such removal shall be effective thirty (30) days after Amgen has provided Dialysis Center with written consent to such removal or such earlier period as may be agreed to by Amgen or, in the event of an Authorized Removal Occurrence, the effective date of the Authorized Removal Occurrence.

(B) Amgen shall also have the right to remove any Designated Affiliates from the Designated Affiliates List and any Managed Centers from the Managed Centers List upon ninety (90) days (or such shorter /period as may be required by Law or any Governmental Authority) written notice to Dialysis Center (a) that such removal is required by order of a court or Governmental Authority or (b) in instances in which Amgen determines, in its reasonable discretion, that such removal is required (i) to comply with Law, based on the advice of counsel and subject to Section 3.7.5.1, or (ii) as a result of any such Designated Affiliate's or Managed Center's negligence or willful misconduct in the use or administration of Amgen ESAs.

(C) The Designated Affiliates List and the Managed Centers List shall be amended without further action required of the Parties to reflect removals made in accordance with this Section 3.7.3.

3.7.4. Adjustments to Rolling Forecast. Following the addition or removal of an Affiliate that provides Dialysis Services to or from the Designated Affiliates List or a Managed Center to or from the Managed Centers List, the Parties shall mutually agree in good faith to implement any reasonable and necessary adjustments to the Rolling Forecast to account for such addition or removal of an Affiliate that provides Dialysis Services to or from the Designated Affiliates List or a Managed Center to or from the Managed Centers List; provided, that unless otherwise agreed to by the Parties pursuant to Section 3.3.5, Amgen shall have no obligation under Section 3.4 for an Actual Supply Shortfall in the event that any increase to the quantities of each

Available Amgen ESA SKU set forth in such adjusted Rolling Forecast is in excess of the applicable Permitted Percentage Variances.

3.7.5. Dialysis Center Committed Purchasers List. The Dialysis Center Purchasers as of the Term Start Date shall constitute the initial list of "Dialysis Center Committed Purchasers" as listed on Exhibit E (as such list may be amended from time to time as provided in this Agreement, the "Dialysis Center Committed Purchasers List"). Each new Affiliate that provides Dialysis Services and Managed Center shall automatically be added to the Dialysis Center Committed Purchasers List as of the ninetieth (90th) day after the Added Dialysis Center Purchaser Transaction Date. Notwithstanding the foregoing sentence, if, during the two Quarter period prior to the Added Dialysis Center Purchaser Effective Date, such Added Dialysis Center Purchaser had utilization of Alternative ESAs in its provision of Dialysis Services constituting more than [*] percent ([*]%) of its total utilization of ESAs based on the Dose Equivalency Ratios, then such Added Dialysis Center Purchaser shall not be a Dialysis Center Committed Purchaser until the date that is twelve months following the Added Dialysis Center Committed Purchaser Transaction Date. Any Dialysis Center Purchaser removed from the Designated Affiliates List or the Managed Center List in accordance with Section 3.7.3 shall automatically be removed from the Dialysis Center Committed Purchaser List and shall not be subject to the Purchase Commitment as of the effective date of such removal from the Designated Affiliates List or the Managed Center List.

3.7.5.1. In accordance with Section 3.7.3(B)(b)(i), based on the advice of counsel, Amgen shall have the right in its reasonable discretion to add or remove any Dialysis Center Purchasers from the Dialysis Center Committed Purchasers List upon at least ninety (90) days' written notice to Dialysis Center, effective as of the first day of the Quarter after the expiration of the ninety (90) day notice period; provided, that Amgen shall work together with Dialysis Center to mutually agree as to the specific Dialysis Center Purchasers that will be added or removed and, in the event the Parties are unable to agree in a reasonable time, Amgen shall add or remove specific Dialysis Center Purchasers designated by Dialysis Center that typically purchase an aggregate volume of ESAs as specified by Amgen and that are not disproportionate in their use of Alternative ESAs compared to all Dialysis Center Purchasers. For avoidance of doubt, any Dialysis Center Committed Purchaser that is removed from the Dialysis Center Committed Purchasers List but remains on the Designated Affiliates List or the Managed Center List shall still be considered a Dialysis Center Purchaser such that such Dialysis Center Committed Purchaser removed from the Dialysis Center Committed Purchasers List in accordance with this Section 3.7.5.1 shall not be subject to the Purchase Commitment but shall continue to receive Discounts under this Agreement. Once a Dialysis Center Purchaser is removed from the Dialysis Center Committed Purchasers List, Amgen shall provide Dialysis Center with ninety (90) days' notice if it intends to add such Dialysis Center Purchaser back on to the Dialysis Center Committed Purchaser List.

3.7.6. Access to Dialysis Center Facilities. Amgen and its employees and/or agents shall have access during normal business hours to the Dialysis Center Purchasers' facilities subject to Amgen and its employees' and/or agents' full compliance with all of Dialysis Center's applicable policies and procedures regarding visitors and any updates thereto that will be in effect during the Term are and will be available for viewing by Amgen and its employees and/or agents during the Term at http://www.davita.com/about/vendor-policies. Amgen covenants and agrees that neither it nor any of its employees

and/or agents shall have the right to access to any Individually Identifiable Health Information while accessing any of the Dialysis Center Purchasers' facilities.

1.

3.7.6.1. Amgen represents and warrants to Dialysis Center that during the Term of this Agreement, neither Amgen, nor any of its agents or representatives, including, without limitation, Amgen's commercial representatives, [*] in the Territory for Amgen ESAs for Dialysis Services [*]. In the event that Dialysis Center has a reasonable basis to believe that Amgen has not complied with its obligations under this Section 3.7.7.1, Dialysis Center shall [*].

4. DISCOUNTS

4.1. Earning, Calculating, Payment and Vesting of Discounts. All Discounts will be earned, calculated and vested as set forth in Exhibit A. For purposes of calculating the Discounts hereunder, Qualified Gross Purchases of Amgen ESAs by any Dialysis Center Purchaser shall be deemed to be made on the date of invoice by an Authorized Wholesaler or Amgen pursuant to Section 3.6 to any such Dialysis Center Purchaser. The Discounts (other than the Base Invoice Discounts) shall be paid in arrears by electronic funds transfer using information provided to Amgen by Dialysis Center as necessary to enable payment. Amgen Inc. hereby guarantees Amgen's obligations to pay all Discounts earned by Dialysis Center hereunder.

4.2. Verification and Audit. Discounts (including any qualification criteria for any Discounts) specified herein and/or any other amounts paid by one Party to the other Party pursuant to this Agreement are subject to verification and audit of the relevant purchase and other data (including the Data, the Self-Reported Data and the Compensation Data), as reasonably necessary to calculate any amounts payable hereunder. Dialysis Center Purchasers shall maintain their books and records in accordance with U.S. generally accepted accounting principles, consistently applied.

4.3. Audit Process.

4.3.1. Objection Notice. To the extent either Amgen or Dialysis Center, in its reasonable discretion, determines that it is necessary to verify and confirm the calculation of: (a) any Discount described in this Agreement in order to audit and assure compliance with the terms of this Agreement and/or (b) any other calculation or amount that one Party must pay to the other Party under this Agreement, the requesting Party shall provide written notice of same to the other Party (an "Objection Notice") setting forth in detail any and all items of disagreement related to such computation, statement, and/or amount that must be paid by one Party to the other Party.

4.3.2. Determination by the Firm. Amgen and Dialysis Center shall jointly engage (at the requesting Party's sole cost and expense, subject to any reimbursement by the other Party as set forth below) and refer the items in dispute to a nationally recognized firm of independent, certified public accountants as to which Amgen and Dialysis Center mutually agree (the "Firm"), to resolve any disagreements. Amgen and Dialysis Center will direct the Firm to render a written determination within twenty (20) days of its retention, and Amgen and Dialysis Center and their respective employees and/or agents will cooperate with the Firm during its engagement. The Firm shall keep strictly confidential all data reviewed and

information learned or obtained in connection with resolving any Objection Notice and shall report to the requesting Party only the conclusion of its review without the disclosure of any Confidential Information. All reports of the Firm shall be made available to both Parties simultaneously, promptly upon completion, and shall be deemed to conclusively and definitively resolve the related Objection Notice, which shall be reimbursed (if applicable) in accordance with this Section 4.3.2. Any such audit shall be conducted during normal business hours, upon reasonable advance notice, and so as not to unreasonably interfere with the business of Amgen and/or any of the Dialysis Center Purchasers.

4.4. Audit Results and Payment. In the event any such audit is requested by Amgen and shows that Dialysis Center Purchasers have submitted incorrect information resulting in Dialysis Center receiving in excess of one hundred five percent (105%) of the amount to which it was entitled in any Quarter, Dialysis Center shall reimburse Amgen for the reasonable costs of such audit; otherwise, Amgen shall be responsible for the costs of such audit. In the event any such audit is requested by Dialysis Center and shows that Dialysis Center Purchasers have submitted correct information but have been underpaid by more than five percent (5%) of the amount to which they were entitled in any Quarter, Amgen shall reimburse Dialysis Center for the reasonable costs of such audit; otherwise, Dialysis Center shall be responsible for the costs of such audit. The determination of the Firm will be conclusive and binding upon Amgen and Dialysis Center. Following any audit that shows any over or underpayment hereunder, the relevant Party shall, within sixty (60) days, make payment to the other Party for the difference between the amount paid hereunder and the amount actually payable hereunder based upon the results of such audit.

4.5. Adjustments for Changes. In accordance with Section 3.7.2 and/or 3.7.3 above, in the event of an addition to or deletion from the Designated Affiliates List of an Affiliate that provides Dialysis Services or a Managed Center's addition to or deletion from the Managed Centers List during any Quarter of the Term, Amgen shall adjust Qualified Gross Purchases of Amgen ESAs to account for such addition to or deletion from the Designated Affiliates List of an Affiliate that provides Dialysis Services or a Managed Center's addition to or deletion from the Managed Centers List by, as applicable, adding or deleting such Designated Affiliates' or Managed Centers', as applicable, purchases to or from the relevant Quarter or comparison Quarter (or portion thereof).

4.6. Treatment of Discounts and Rebates.

4.6.1. Dialysis Center Reporting and Disclosure of Discounts. Dialysis Center agrees that Dialysis Center Purchasers shall properly disclose and account for all Discounts earned hereunder, in whatever form, in compliance with all applicable federal, state, and local Laws, including §1128B(b) of the Social Security Act, as amended and its implementing regulations. Dialysis Center agrees that, if required by such statutes or regulations, it (together with its Designated Affiliates) shall and it shall cause its Managed Centers to (i) claim the benefit of such Discount received in the fiscal year in which such Discount was earned or the year after, (ii) fully and accurately report the value of such Discount in any cost reports filed under Title XVIII or Title XIX of the Social Security Act, as amended or a state or local health care program, and (iii) provide, upon request by the U.S. Department of Health and Human Services or a state or local agency or any other federally funded state health care program, the information furnished to Dialysis Center Purchasers by Amgen concerning the amount or value of such Discount.

4.6.2. Amgen Reporting of Discounts. In order to assist Dialysis Center's compliance with its obligations as set forth in Section 4.6.1 above, Amgen agrees that it will fully and

accurately report all Discounts on the invoices or statements submitted to Dialysis Center and use reasonable efforts to inform Dialysis Center of its obligations to report all such Discounts to the extent specified by 42 C.F.R § 1001.952(h)(2)(ii)(A) or where the value of a Discount is not known at the time of sale, Amgen shall fully and accurately report the existence of the Discount program on the invoices or statements submitted to Dialysis Center and use reasonable efforts to inform Dialysis Center of its obligations to report all such Discounts to the extent specified by 42 C.F.R § 1001.952(h)(2)(ii)(B), and when the value of the Discounts become known, provide Dialysis Center with documentation of the calculation of the Discount identifying the specific goods or services purchased to which the Discount will be applied, in accordance with Section 4.7 below.

4.7. Discount Reports. Within ninety (90) days of the end of each Quarter, Amgen shall provide to Dialysis Center a statement of the Discounts earned hereunder with the itemization of Amgen ESA purchases made in a particular Quarter, broken down for each Dialysis Center Purchaser and any other information that Dialysis Center may reasonably request that is reasonably available to Amgen and necessary for Dialysis Center to obtain in order to comply with its obligations hereunder. Dialysis Center agrees that it will provide such information to its Dialysis Center Purchasers in a timely manner in order to allow such Dialysis Center Purchasers to meet their reporting and other obligations hereunder and under applicable Law.

4.8. Best Price Limitation. At any time following the repeal, enactment or modification of any Law, policy, program memorandum, or the interpretation thereof, including a decision by the Centers for Medicare & Medicaid Services, that affects the definition of "Best Price" (which, for purposes of this Agreement, shall mean the price reported in Amgen's Best Price Submission under Title XIX of the Social Security Act) or the methodology by which Best Price must be calculated, Amgen shall have the right, in its sole discretion, to determine the extent to which any potential price concession to any Third Party due to such repeal, enactment, modification or decision may impact Amgen's Best Price calculation under this Agreement alone or in combination with any other price concessions in other agreements with Dialysis Center or any Third Party. In the event that Amgen determines reasonably and in good faith that the then-existing price concessions under this Agreement establishes or would establish a new "Best Price," Amgen shall have the right, in its sole discretion, upon the later of (a) the effective date of such repeal, enactment, modification or decision, or (b) notice to Dialysis Center, to modify the Discounts offered under this Agreement prospectively, and shall promptly notify Dialysis Center of the new amount; provided, that the new amount as adjusted by Amgen shall result in price concessions available to Dialysis Center which would equal the Best Price prior to the effective date of such repeal, enactment, modification or decision, calculated using the modified definition or methodology by which Best Price is to be calculated.

5. GOVERNANCE

5.1. Business Representatives. The "Business Representatives" shall be comprised of: (i) in the case of Amgen, Amgen's General Manager of the Inflammation / Nephrology Business Unit (the "Amgen Business Representative"); and (ii) in the case of Dialysis Center, the Chief Operating Officer of DaVita Inc. (the "Dialysis Center Business Representative"). Each Business Representative shall be entitled to appoint designees who have been identified to the other Business Representative in writing and have equivalent authority to the Party's Business Representative or have been expressly given all requisite authority by the Party's Business Representative.

5.2. Responsibilities of Business Representatives. The Business Representatives shall be responsible for overseeing the Parties' activities and conduct under this Agreement generally, and for ensuring an appropriate level of oversight. The Business Representatives shall meet in person, via teleconference or videoconference at such times as may be deemed necessary by the Parties.

6. PATIENT AND PRODUCT DATA

6.1. Data Submission. Subject to the provisions of this Section 6 and the validity of a Certification as described in Section 6.3, in order to qualify to receive Discounts under this Agreement as set forth in Exhibit A, Dialysis Center shall deliver to Amgen (or to a data collection vendor specified by Amgen) the Data set forth in Schedule I from a minimum of eighty-seven percent (87%) of all Dialysis Center Purchasers in the aggregate, provided, however, that if such eighty-seven percent (87%) threshold is not met in any month due to the inclusion of *de novo* facilities that have not yet treated patients and/or inactive facilities, Amgen shall exclude any such facilities identified by Amgen and Dialysis Center from such month when determining whether or not Dialysis Center has met the data submission requirement set forth in this Section 6.1. Dialysis Center shall submit Data to Amgen, on a monthly basis by the last day of the following calendar month (or the next business day if such last day is not a business day) and such submission of Data via Schedule I shall be substantially complete and accurate as set forth in Section 8.5. If Amgen determines that any Dialysis Center Purchaser is consistently not submitting the required Data, Amgen and Dialysis Center will work collaboratively in resolving such inconsistencies. Amgen will use commercially reasonable efforts to notify Dialysis Center in writing, no later than fifteen (15) business days after the receipt and acceptance by Amgen of the Data of the identity of all Dialysis Center Purchasers, if any, which have failed to meet the Data submission requirements for that month. If Dialysis Center reasonably determines, based on the advice of counsel, that it is prohibited by law or Governmental Authority from providing certain Data to Amgen, Dialysis Center shall have no obligation under this Agreement to provide such Data to Amgen.

6.2. Data Submission Format. Subject to the validity of a Certification as described below, Dialysis Center Purchasers must provide to Amgen on a calendar monthly basis by the last day of the following calendar month (or the next business day if such last day is not a business day) the Data in a machine readable format acceptable to Amgen (Excel; or text file that is tab delimited, comma delimited, colon delimited or space delimited including a line of column headers identifying the column contents and units, if applicable). The Data files shall contain record counts for each file contained in the data submission; provided, however, that Dialysis Center shall be required to submit such test results only for those dialysis patients whose test results are actually determined by laboratories owned and operated by Dialysis Center. To the extent Amgen requests that Dialysis Center deliver Data to a data collection vendor, Amgen agrees to cause any such data collection vendor to adhere to and be bound by a substantially similar confidentiality obligation as is applicable to Amgen under this Agreement, and Amgen shall be liable for any failure by any such data collection vendor to act in accordance with such requirements.

6.3. HIPAA Compliance. Neither Party has the intent that Dialysis Center will provide Amgen (or any specified data collection vendor) any Data in violation of HIPAA. Accordingly, the Parties shall engage an appropriately qualified statistician, reasonably acceptable to each Party, who meets the requirements set forth in 45 C.F.R. § 164.514(b)(1) to review the Data and deliver a written certification that shall conclude that, subject to any conditions, requirements or assumptions set forth therein, each delivery of Data pursuant to this Agreement will meet the standards for "de-identification" under HIPAA (the "Certification").

In connection with the Certification, the Parties agree to use their commercially reasonable efforts to facilitate the completion and delivery of such Certification to each Party in an expedited manner. Notwithstanding anything in this Agreement to the contrary, in order to assure compliance, as determined by either Party in its reasonable discretion, with any existing Law relating to patient privacy of medical records, or at any time following the enactment of any Law relating to patient privacy of medical records that in any manner reforms, modifies, alters, restricts, or otherwise affects any of the Data received or to be received in connection with any of the Discounts contemplated under this Agreement, either Party may, upon thirty (30) days' prior written notice, seek to amend this Agreement with respect to the affected Discount. Dialysis Center and Amgen shall meet and in good faith mutually agree to modify this Agreement to accommodate any such change in the Law, with the intent to, if possible, retain the essential terms of this Section 6 and the affected Discount and pricing structure of this Agreement.

6.4. Case Identifier. Dialysis Center shall consistently use a unique alpha-numeric code (which shall not be derived from Individually Identifiable Health Information) as a "case identifier" to track the care rendered to each individual patient over time, and such case identifier shall be included in the Data provided to Amgen. The key or list matching patient identities to their unique case identifiers shall not be provided to Amgen.

6.5. Data Use. Amgen and its Affiliates shall have the right to use Data (a) to support verification of the services under this Agreement, (b) for its sponsored research and analysis, development of marketing materials, running internal trending analyses, overall analyses of how to improve treatment of patients on dialysis and creating tools by its marketing personnel, (c) in the aggregate for publications as part of a larger data set incorporating comparable clinical data received from other dialysis providers in the Territory and provided that no portion of such data shall be attributed to Dialysis Center or its Affiliates, and (d) for purposes of verifying the Dialysis Center Purchasers' performance under this Agreement and the calculation of amounts payable hereunder, including verifying the Dialysis Center Purchasers' Purchase Commitment performance under this Agreement and calculating or determining the Dialysis Center Purchasers' eligibility to receive any Discount. Notwithstanding the foregoing, without Dialysis Center's prior written consent (such consent not to be unreasonably conditioned, withheld or delayed): Amgen and its Affiliates shall not (i) disclose to Third Parties the Data provided by Dialysis Center hereunder except (1) in any publication referenced in clause (c) above, (2) pursuant to public health activities, (3) to agents of Amgen bound by obligations of confidentiality no less restrictive than those contained in Section 11.14 or (4) to other Third Parties as required by Law or regulation as determined by Amgen based on the advice of counsel; or (ii) sell or resell any such data or derivative works thereof to any Third Party.

6.6. Clinical Research Studies. Dialysis Center and Amgen acknowledge that Dialysis Center, either directly or through DaVita Clinical Research, Inc., an Affiliate of Dialysis Center, may from time to time be engaged in research studies in which patients of the Dialysis Center Purchasers, may serve as clinical trial subjects (a "Research Study"). Notwithstanding any obligation of Dialysis Center in this Agreement to the contrary, including any requirement in Section 6.1, Dialysis Center shall not be required to submit Data for any patients of the Dialysis Center Purchasers that are participating in a Research Study (a "Study Patient"), but shall continue without limitation to be eligible for, and if earned receive, all Discounts granted pursuant to this Agreement, so long as (i) Dialysis Center notifies Amgen of the aggregate number of Study Patients whose Data will not be delivered by Dialysis Center to Amgen as otherwise required by this Agreement as a result of such patient being a Study Patient, and (ii) the aggregate number of Study Patients whose Data is excluded by Dialysis Center does not exceed the Permitted Excluded Group. For purposes of the foregoing,

"Permitted Excluded Group" means four percent (4%) of the aggregate number of persons receiving treatment from the Dialysis Center Purchasers in any calendar month.

7. OTHER DATA

7.1. Compensation Data. Dialysis Center agrees that it shall provide the data, with respect to Amgen ESAs, set forth on Schedule 2 attached hereto (the "Compensation Data") to Amgen in the electronic format set forth on Schedule 2 on a calendar monthly basis no later than the fourteenth (14th) day of the following calendar month following the month for which such Compensation Data is being provided. Amgen acknowledges, agrees and covenants that it shall only use the Compensation Data for sales force targeting and compensation. Dialysis Center and Amgen acknowledge and agree that the Compensation Data does not include and shall never include any Individually Identifiable Health Information of any patient of Dialysis Center Purchasers. Notwithstanding the foregoing, Amgen acknowledges and agrees that Dialysis Center shall only be required to deliver the Compensation Data to Amgen for as long as EPOGEN or Aranesp is dispensed through DaVita Rx, LLC. Amgen shall indemnify, defend and hold harmless Dialysis Center from and against any and all loss, damage and/or expense (including reasonable attorney's fees) that it may suffer as a result of claims, demands, actions, proceedings, liabilities, costs or judgments, or threats thereof arising out Dialysis Center's supply of the Compensation Data to Amgen.

7.2. Self-Reported Data. Dialysis Center, on behalf of the Dialysis Center Purchasers, acknowledges, covenants and agrees that it shall submit full and complete Self-Reported Data for each Quarter to Amgen within forty-five (45) days of the end of each such Quarter through a Data Submission Form attached here to as Exhibit SR-1. Exhibit SR-1 is subject to modification by mutual written agreement of the Parties. Dialysis Center on behalf of the Dialysis Center Purchasers shall submit Exhibit SR-1 in an Excel file format electronically by e-mail to Dialysissdata@amgen.com or in such other manner as may be specified by Amgen through written notification to Dialysis Center.

8. WARRANTIES, REPRESENTATIONS AND COVENANTS

8.1. Power and Authority. Each Party represents and warrants to the other that this Agreement: (a) has been duly authorized, executed, and delivered by it, (b) constitutes a valid, legal, and binding agreement enforceable against it in accordance with the terms contained herein, and (c) does not and shall not conflict with or violate any of its other contractual obligations, expressed or implied, to which it is a party or by which it may be bound.

8.2. Compliance with Law and Regulation. Amgen and Amgen Inc. shall, and Dialysis Center shall, comply with all applicable Laws related to the performance of their respective obligations under this Agreement. Each Party represents and warrants that (which representations and warranties shall be ongoing representations and warranties during the Term): (i) it is not currently named on any of the following lists: (A) HHS/OIG List of Excluded Individuals/Entities, (B) GSA List of Parties Excluded from Federal Programs, or (C) OFAC "SDN and Blocked Individuals" and (ii) it shall promptly notify the other Party in the event it becomes named on any of the following lists: (x) HHS/OIG List of Excluded Individuals/Entities, (y) GSA List of Parties Excluded from Federal Programs, or (z) OFAC "SDN and Blocked Individuals".

8.3. Product. Amgen covenants and agrees that Amgen ESAs are not and will not be adulterated or misbranded within the meaning of the Federal Food, Drug and Cosmetic Act, as amended, or within the meaning of any applicable Law, or is or will be a product which may not be introduced in to interstate commerce. Amgen warrants that an Amgen ESA purchased pursuant to this Agreement (a) is manufactured, and up to the time of its receipt by Authorized

Wholesalers is handled, stored, and transported in accordance with all applicable Laws, and meet all specifications for effectiveness and reliability as required by the United States Food and Drug Administration (the "FDA"), and (b) when used in accordance with the directions in its labeling, is fit for the purposes and indications described in its labeling. Amgen warrants that the use of Amgen ESAs by Dialysis Center Purchasers shall not infringe upon any ownership rights of any other individual or entity or upon any patent, copyright, trademark or other intellectual property or proprietary right or trade secret of any individual or entity. Amgen agrees that as soon as practicable, it will notify Dialysis Center of any material defect in any Amgen ESA delivered to any Dialysis Center Purchasers in accordance with applicable Law.

8.4. [*]. Dialysis Center represents and warrants to Amgen that: (a) as of the Term State Date, neither Dialysis Center, nor Designated Affiliates, nor any Affiliate of Dialysis Center [*] (b) prior to [*], neither Dialysis Center, nor Designated Affiliates, nor any Affiliate of Dialysis Center [*] , and (c) [*] in whole or in part in order to [*] with the intent to circumvent its Purchase Commitment obligations under this Agreement. In the event that Amgen has a reasonable basis to believe that Dialysis Center has not complied with its obligations under this Section 8.4, Amgen shall follow the Arbitration process set forth in Section 9.2.

8.5. Data. Dialysis Center represents and warrants to Amgen that: (a) the Data, the Compensation Data, and the Self-Reported Data that the Dialysis Center Purchasers deliver to Amgen pursuant to Section 6 and Section 7 shall be: (i) prepared and delivered in accordance with the provisions of Section 6 and Section 7 and (ii) as complete and accurate as is reasonably obtainable in view of the Dialysis Center Purchasers' customary method of compilation and the nature and accuracy of the Dialysis Center Purchasers' resources; (b) the Dialysis Center Purchasers shall not knowingly and intentionally misrepresent or omit any of the Data, the Compensation Data, and/or the Self-Reported Data provided by the Dialysis Center Purchasers to Amgen; and (c) Dialysis Center shall promptly notify Amgen in the event it has actual knowledge that any of the Data, the Compensation Data, and/or the Self-Reported Data is not complete and/or accurate.

8.6. Designated Affiliates List and Managed Centers List. Dialysis Center represents and warrants that the Designated Affiliates List and the Managed Centers List, as each of them is attached to this Agreement as of the Term Start Date (and as of any subsequent date that such lists are updated in accordance with the terms hereof) are complete and accurate lists of all Affiliates of Dialysis Center and Managed Centers of Dialysis Center providing Dialysis Services in the Territory as of the Term Start Date (and as of each such subsequent date).

8.7. Adverse Claims. Each Party represents and warrants to the other Party that, as of the execution of this Agreement, such Party has no actual knowledge of any legal claim or right to be asserted against the other Party or its Affiliates related to the negotiation or execution of this Agreement.

8.8. NO OTHER WARRANTIES. OTHER THAN THE WARRANTIES EXPRESSLY SET FORTH IN THIS AGREEMENT, NEITHER PARTY MAKES, AND EACH PARTY EXPRESSLY DISCLAIMS, ALL OTHER WARRANTIES, STATUTORY, EXPRESS, AND/OR IMPLIED, INCLUDING THOSE OF MERCHANTABILITY AND/OR FITNESS FOR A PARTICULAR PURPOSE. EACH PARTY HEREBY EXPRESSLY WAIVES ANY AND ALL OTHER WARRANTIES, STATUTORY, EXPRESS, AND/OR IMPLIED, INCLUDING THOSE OF MERCHANTABILITY AND/OR FITNESS FOR A PARTICULAR PURPOSE.

9. DISPUTE RESOLUTION, INSURANCE and INDEMNITY

9.1. Escalation of Disputes to Business Representatives. The Parties recognize that claims, disputes or controversies arising out of or relating to this Agreement ("Disputes") may occur from time to time. It is the objective of the Parties to establish procedures to facilitate the resolution of Disputes arising under this Agreement in an expedient manner by mutual cooperation and, if possible, without resort to litigation.

In the event of any Dispute, and prior to either Party (a) commencing any action in a court of law or under any Governmental Authority, or (b) taking any action to terminate this Agreement as provided in Section 10, the Parties shall first undertake that the employees of each Party with relevant expertise and authority with respect to a Dispute shall meet to discuss such Dispute within five (5) business days of a Party receiving notice of a Dispute (except in the case where delay in resolving any such Dispute would be materially prejudicial to a Party, in which case the Dispute will be referred directly to the Business Representatives). In the event the Parties are unable to resolve any such Dispute within thirty (30) business days of the initial meeting between the Parties, it shall be referred to the Business Representatives, who shall negotiate with one another in good faith to reach a good faith resolution of the Dispute; provided, that the Parties shall use commercially reasonable efforts to expedite the resolution of any Disputes which by their nature need to be made quickly by the Business Representatives. In the event the Dispute cannot be resolved by the Business Representatives within fifteen (15) business days of the initial meeting between the Business Representatives or such other period of time as is mutually agreed to by the Parties, then, upon the written demand of either Party, the Dispute shall be subject to arbitration, as provided in Section 9.2. Pending resolution of any Dispute, both Parties will continue their performance under this Agreement. If there is a Dispute relating to any amount owed by either Party to the other Party, the undisputed portion of such amount shall be paid to the other Party in accordance with the terms hereof, and the Parties shall first attempt to resolve the disputed balance in accordance with this Section 9.1.

9.2. Arbitration.

9.2.1. Claims. Subject to Section 9.3 below, any Dispute that is not resolved under Section 9.1 within thirty (30) days after a Party's initial written request for resolution, shall be resolved by final and binding arbitration administered by JAMS (the "Administrator") in accordance with its Comprehensive Arbitration Rules and Procedures (the "Rules"), except to the extent any such Rule conflicts with the express provisions of this Section 9.2 ("Arbitration"). (Capitalized terms in this Section 9.2 used but not otherwise defined in this Agreement shall have the meanings provided in the Rules.) For Disputes valued at less than Five Million Dollars ($5,000,000 USD), the Arbitration shall be conducted by one (1) neutral arbitrator ("Arbitrator") selected in accordance with the Rules, provided, that such Arbitrator shall not be a current or former employee or director, or a current stockholder, of either Party or any of their respective Affiliates. For Disputes valued at or more than Five Million Dollars ($5,000,000 USD), the Arbitration shall be conducted by a panel of three (3) neutral Arbitrators selected in accordance with the Rules, provided, that any such Arbitrator shall not be a current or former employee or director, or a current stockholder, of either Party or any of their respective Affiliates. The Arbitration shall be held in Los Angeles, California.

9.2.2. Discovery. Within forty-five (45) days after selection of the Arbitrator(s), the Arbitrator(s) shall conduct the Preliminary Conference. In addressing any of the subjects within the scope of the Preliminary Conference, the Arbitrator(s) shall take into account both the needs of the Parties for an understanding of any legitimate issue

raised in the Arbitration and the desirability of making discovery efficient and cost-effective. In that regard, the Parties agree to the application of the E-Discovery procedures set forth in Rule 16.2(c) of JAMS' Expedited Procedures; provided, that the Parties agree that the time limitations identified in Rule 16.2 of JAMS' Expedited Procedures shall not be binding and the Arbitrator(s) shall set time limitations for discovery and depositions that are reasonable and necessary in light of the issues and matters raised in the Preliminary Conference. In no event shall the time limitations set by the Arbitrator(s) for discovery and depositions be shorter than the time periods for discovery and depositions that are set forth in Rule 16.2 of JAMS' Expedited Procedures.

9.2.3. Hearing; Decision. The hearing ("Hearing") shall commence within a reasonable time after the discovery cutoff. The Arbitrator(s) shall require that each Party submit concise written statements of position and shall permit the submission of rebuttal statements, subject to reasonable limitations on the length of such statements to be established by the Arbitrator(s). The Arbitrator(s) shall also permit the submission of expert reports. The Arbitrator(s) shall render the award ("Award") within thirty (30) days after the Arbitrator(s) declares the Hearing closed, and the Award shall include a written statement describing the essential findings and conclusions on which the Award is based, including the calculation of any damages awarded. The Arbitrator(s) will, in rendering his, her or their decision, apply the substantive law of the State of California, without giving effect to its principles of conflicts of law, and without giving effect to any rules or laws relating to arbitration. The Award rendered by the Arbitrator(s) shall be final, binding and non-appealable, and judgment may be entered upon it in any court of competent jurisdiction. However, the Parties agree that the JAMS Optional Arbitration Appeal Procedures ("Appeal Procedures") shall apply to the Arbitration, at the request by either Party in accordance with such Appeal Procedures. If a Party appeals the Award rendered by the Arbitrator(s), the Award issued by the Appeal Panel (as defined in such Appeal Procedures) shall be final, binding and non-appealable, and judgment may be entered upon it in any court of competent jurisdiction.

9.2.4. Costs. Each Party shall bear its own attorney's fees, costs, and disbursements arising out of the Arbitration, and shall pay an equal share of the fees and costs of the Arbitrator(s); provided, however, the Arbitrator(s) shall be authorized to determine whether a Party is the prevailing party, and if so, to award to that prevailing party reimbursement for any or all of its reasonable attorneys' fees, costs and disbursements (including, for example, expert witness fees and expenses, photocopy charges, travel expenses, etc.), and/or the fees and costs of the Administrator and the Arbitrator(s).

9.2.5. Confidentiality. Each Party acknowledges and agrees that: (a) any discovery pursuant to this Section 9.2, (b) the Hearing, (c) any and all documents exchanged or delivered in connection with the Hearing, settlement negotiations, and/or settlement terms, including the statements of position, rebuttal statements, and expert reports, (d) settlement negotiations and/or settlement terms, and (e) the Award shall be treated as Confidential Information and subject to the terms and conditions of Section 11.14.

9.3. Court Actions. Nothing contained in this Agreement shall deny either Party the right to seek injunctive or other equitable relief from a court of competent jurisdiction in the context of a bona fide emergency or prospective irreparable harm, and such an action may be filed and maintained notwithstanding any ongoing discussions between the Parties or any ongoing arbitration proceeding.

9.4. Insurance. Each Party shall secure and maintain in full force and effect throughout the Term (and following termination, to the extent necessary to cover any claims arising from

this Agreement) commercial general liability insurance and product liability (in the case of Amgen only) which include contractual liability with limits of no less than five million dollars ($5,000,000.00 USD); professional liability insurance (in the case of Dialysis Center only) with limits of no less than five million dollars ($5,000,000.00 USD), and workers' compensation with statutory limits. Any limits on each of a Party's insurance coverage shall not be construed to create any limit on such Party's liability with respect to its obligations under this Agreement or otherwise. Each of the Parties shall have the right to satisfy its obligations under this Section 9.4 through self-insurance. Amgen Inc. hereby guarantees the performance of Amgen's obligations as set forth in this Section 9.4.

9.5. Indemnity.

9.5.1. By Amgen. Amgen agrees to indemnify, defend, and hold Dialysis Center, its officers, directors, agents and employees (collectively, the "Dialysis Center Indemnitees") harmless from and against any and all loss, damage and/or expense (including reasonable attorney's fees) that they may suffer as a result of Third Party claims, demands, actions, proceedings, liabilities, costs or judgments, or threats thereof ("Third Party Claim(s)") arising out of (i) any defect in the design and/or manufacture of any Amgen ESA or the storage and/or transportation of any Amgen ESA in Amgen's possession, including claims for property damage, loss of life, and/or bodily injury; and/or (ii) the breach by Amgen or Amgen Inc. of any of their respective warranties, representations, and/or covenants contained in this Agreement. Notwithstanding anything to the contrary contained herein, Amgen and Amgen Inc. shall not have any obligation to defend, indemnify, and/or hold the Dialysis Center Indemnitees harmless from any Third Party Claims arising out of the negligent acts and/or omissions and/or willful misconduct of the Dialysis Center Indemnitees. This indemnification shall survive the termination or expiration of this Agreement. Amgen Inc. hereby guarantees the performance of Amgen's obligations as set forth in this Section 9.5.1.

9.5.2. By Dialysis Center. Dialysis Center agrees to indemnify, defend, and hold Amgen, its officers, directors, agents and employees (collectively, the "Amgen Indemnitees") harmless from and against any and all Third Party Claims arising out of (i) any Dialysis Center Purchasers' administration of any Amgen ESA purchased under this Agreement to its patients; (ii) any Dialysis Center Purchasers' failure to store and/or transport any Amgen ESA in its possession in accordance with any applicable Law and/or labeling information; and/or (iii) the breach by Dialysis Center of any of its warranties, representations, and/or covenants contained in this Agreement. For purposes of the foregoing, the "administration" of an Amgen ESA by Dialysis Center shall mean the dispensing and handling by Dialysis Center and its employees of an Amgen ESA and the actual administration of an Amgen ESA to patients by Dialysis Center and its employees, but shall exclude physician prescriptions of Amgen ESAs to patients. Notwithstanding anything to the contrary contained herein, Dialysis Center shall not have any obligation to defend, indemnify, and/or hold the Amgen Indemnitees harmless from any Third Party Claims arising out of the negligent acts and/or omissions and/or willful misconduct of the Amgen Indemnitees. This indemnification shall survive the termination or expiration of this Agreement.

9.6. Procedure for Third Party Claims.

9.6.1. Notice. The Party receiving indemnification hereunder (the "Indemnified Party") shall give the Party providing indemnification hereunder (the "Indemnifying Party") written notice within fifteen (15) business days after the Indemnified Party receives notice of any Third Party Claim, subject to indemnification hereunder upon which such Indemnified Party intends to base a request for indemnification under Section 9.5.1

or Section 9.5.2. Failure to give any such notice shall not constitute a waiver of any right to indemnification or reduce in any way the indemnification available hereunder, except and only to the extent that as a result of such failure the Indemnifying Party demonstrates that it was directly and materially damaged as a result of such failure to give timely notice.

9.6.2. Control of Defense. The Indemnifying Party, at its expense, shall assume control of the defense and resolution of each Third Party Claim using legal counsel reasonably approved by the Indemnified Party and shall keep the Indemnified Party fully and timely informed of the progress of such defense and resolution. With respect to each Third Party Claim, the Indemnified Party shall have the right to retain independent legal counsel at its cost and monitor such Third Party Claim's defense and resolution. In such a case, the Indemnifying Party and its legal counsel shall fully cooperate with the Indemnified Party and its legal counsel in providing such information as the Indemnified Party may reasonably request. Notwithstanding this Section 9.6.2, the Indemnifying Party shall not be entitled to control, but may participate in, and the Indemnified Party shall be entitled to have sole control over and select counsel to conduct, the defense or settlement of each Third Party Claim that: (i) seeks a temporary restraining order, a preliminary or permanent injunction, and/or specific performance against the Indemnified Party, (ii) involves criminal allegations against the Indemnified Party, (iii) if unsuccessful, would set a precedent that would materially interfere with and/or have a material adverse effect on the business and/or financial condition of the Indemnified Party, and/or (iv) imposes liability on the part of the Indemnified Party for which the Indemnified Party is not entitled to indemnification hereunder. In such an event, the Indemnifying Party will still have all of its obligations hereunder with respect to any such affected Third Party Claims; provided, that the Indemnified Party will not settle any such affected Third Party Claims without the prior written consent of the Indemnifying Party, which consent will not be unreasonably withheld, conditioned, and/or delayed by the Indemnifying Party.

9.6.3. Representation. If both the Indemnifying Party and the Indemnified Party are named parties in any Third Party Claim and representation of both Parties by the same legal counsel would be inappropriate due to the actual or potential differing interests between them, then the Indemnified Party, at the Indemnifying Party's expense, shall have the right to be represented by separate counsel of the Indemnified Party's choosing.

9.6.4. Resolution. The Indemnifying Party shall not settle, compromise or resolve any Third Party Claim without the written consent of the Indemnified Party; provided that, the Indemnifying Party may, without such consent, enter into any such judgment, settlement, compromise or resolution that relates solely to the payment of money damages, involves a full release of the Indemnified Party and does not result in any admission of any fault of the Indemnified Party with respect to such Third Party Claim.

9.6.5. Payment. Any final judgment entered or settlement agreed upon in the manner provided in this Section 9.6, as applicable, shall be binding upon the Indemnifying Party and shall conclusively be deemed to be an obligation with respect to which the Indemnified Party is entitled to prompt indemnification hereunder, if applicable. Payment of all amounts owing by the Indemnifying Party under this Section 9.6, as applicable, shall be made promptly upon a final settlement between the Indemnifying Party and the Indemnified Party or upon a final adjudication determined by the

Arbitrator(s) that an indemnification obligation is owed by the Indemnifying Party to the Indemnified Party.

10. TERM AND TERMINATION

10.1. Term. This Agreement shall come into effect as of the Term Start Date and shall expire on the earlier of the Term End Date, or the Termination Date.

10.2. Termination for Cause. This Agreement will continue for its full six-year term ending on the Term End Date unless sooner terminated in accordance with the exclusive provisions set forth below in Section 10.2.1, Section 10.2.2 and Section 10.2.3 or as contemplated by Sections 3.4.5.1 or 3.4.5.2. For the avoidance of doubt, other than termination for fraud or bad faith in the course of performance of this Agreement, this Section 10.2 precludes termination on any other basis whatsoever, including but not limited to, any common law right to termination or rescission for a material breach not identified in this Section 10.2. Amgen or Dialysis Center may terminate this Agreement only in the event of the following:

10.2.1. *Breach of Purchase Commitment*. The Parties acknowledge and agree that the Purchase Commitment is the principal value expected to be received by Amgen under this Agreement and it is the essential inducement for Amgen to enter into this Agreement, pursuant to which it has agreed, among other things, (a) to provide the Dialysis Center Purchasers for the duration of the Term the economic benefits of the Discounts provided for herein, (b) to make the Supply Commitment, which requires that Amgen commit facilities to the manufacture of EPOGEN at the expense of other Amgen uses and allocate significant resources to maintain its manufacturing capabilities and capacity at a commensurate level, (c) to assume the business risks and financial liability in respect of the representations, warranties and covenants made by it hereunder and (d) to forego potential other commercial opportunities in respect of its nephrology business. Except as set forth in Section 3.3.6.1, in the event that the Dialysis Center Committed Purchasers do not meet an Amgen ESAs Share of Sales of (i) at least [*] percent ([*]%) [*] during the Term with respect to which the Dialysis Center is required to pay the Alternative ESA Purchase Amount with respect to each of [*] during the Term, or (ii) at least [*] percent ([*]%) [*], then Amgen shall be entitled to terminate this Agreement immediately upon written notice to Dialysis Center and, notwithstanding any other provision of this Agreement, thereupon either receive the "Liquidated Damages" defined below or exercise such other rights and remedies as may be allowed at law or in equity under applicable Law.

10.2.2. *Termination for Exclusion from Federal Health Care Program*. Either Amgen or Dialysis Center may immediately terminate this Agreement upon written notice to the other Party in the event there is change in the other Party's status which excludes it from participation in any "Federal health care program" (as defined under 42 U.S.C. § 1320a-7b(f)) (a "Debarred Party"), provided, that no Party shall have the right to terminate this Agreement pursuant to this Section 10.2.2 if the Debarred Party can complete its obligations through, or otherwise transfer its obligations to, an Affiliate as permitted by applicable Law.

10.2.3. *Termination for Payment Failure*. Either Party may terminate this Agreement in the event the other Party fails to make payment of any undisputed amount due hereunder in excess of [*] following thirty (30) days' written notice from the Party (which termination shall be automatically effective at the end of such thirty (30) day period should such undisputed amount remain unpaid).

10.3. Liquidated Damages. The Parties acknowledge that Amgen's actual damages in the event of a termination by Amgen, pursuant to Section 10.2.1 or Section 10.2.2, would be difficult to ascertain, and that the payment of the Liquidated Damages represents the best estimate of the amount of such damages by the Parties at this time. The Parties further expressly acknowledge and agree that the Liquidated Damages are intended not as a penalty, but as full liquidated damages, in the event of Amgen's termination of this Agreement pursuant to Section 10.2.1 or Section 10.2.2 and as compensation for Amgen's losses and other expenses associated with this Agreement.

For purposes of this Agreement, "Liquidated Damages" means, in addition to any amounts owed to Amgen under this Agreement, including for breach of the Purchase Commitment under Section 3.1.1, an amount in cash equal to [*] percent ([*]%) of the net present value of Amgen's projected cash flows for each remaining Quarter (including any fractional Quarters) in the Term, with such cash flows equal to A – B, grown Quarterly at a six percent (6%) annual rate and discounted on a Quarterly basis, at a rate equal to the average annual increase in WAC for EPOGEN on an IU basis or Aranesp on a mcg basis for all calendar years during the Term prior to the related NPV calculation, where:

A = The average Gross Purchases of Amgen ESAs for the three (3) most recent Quarters prior to the Termination Date in which Dialysis Center satisfied the Purchase Commitment in full (or, if less than three (3) such Quarters exist, then "A" shall equal the average of the sum of (i) Qualified Gross Purchases of Amgen ESAs plus (ii) the Alternative ESA Purchase Amount, for the three (3) most recent Quarters prior to the Termination Date); and

B = The average aggregate Discounts (other than the Aranesp Fixed Price Rebate, EPOGEN Fixed Price Rebate, the Best Net Aranesp Price Rebate, and the Best Net EPOGEN Price Rebate) earned by Dialysis Center Purchasers during the three (3) most recent Quarters prior to the Termination Date, regardless of whether Dialysis Center satisfied the Purchase Commitment in such Quarters.

10.4. Effect of Termination. Upon any termination or expiration of this Agreement, (a) any earned and vested Discounts shall be paid in accordance with the terms set forth in Exhibit A, (b) any Alternative ESA Purchase Amounts shall be paid pursuant to Section 3.1.4, (c) any payments by Amgen owing to Dialysis Center under Section 3.4.3.3 shall be paid, (d) any payment by Dialysis Center owing to Amgen under Section 3.3.4 shall be paid and (e) as applicable, the Liquidated Damages pursuant to Section 10.3 shall be paid. All Discounts available to Dialysis Center in the particular Quarter in which such termination occurs shall be paid to Dialysis Center based on an achievement of the eligibility and vesting requirements set forth in Exhibit A.

10.5. Survival. Any provision that, either expressly or by its nature is intended to survive this Agreement, shall survive any expiration or termination of this Agreement, including Sections 2, 3.3.2, 4, 8, 9, 10, and 11.

11. MISCELLANEOUS

11.1. Amendment. Except as expressly set forth herein, no amendment of this Agreement shall be effective unless expressed in a writing signed by a duly authorized representative of each Party.

11.2. Assignment. Neither Party shall have the right to assign or otherwise transfer this Agreement, or any of its rights and obligations hereunder, in whole or in part, without the other Party's prior written consent, and any attempted assignment or transfer without such

consent shall be void; provided, however, that Amgen may assign or otherwise transfer this Agreement and its rights and obligations hereunder along with all or substantially all of its business relating to this Agreement to any of its Affiliates that is not in the business of providing Dialysis Services in the Territory and Dialysis Center may assign or transfer this Agreement and its rights and obligations hereunder along with all or substantially all of its business relating to this Agreement to any of its Affiliates that is not in the business of manufacturing or supplying ESAs or any product that could be used as a substitute for ESAs in the Territory. Notwithstanding the foregoing, each Party shall be obligated to assign and transfer this Agreement, without any required consent, to any Person to whom either such Party has transferred all or substantially all of its business relating to this Agreement, and the Parties agree that they shall take all reasonable and necessary actions in respect thereof including the execution and delivery of all appropriate instruments to effectuate such assignment and transfer of this Agreement; provided, that any assignment and transfer of this Agreement by Amgen to any Person, a substantial portion of whose business consists of providing Dialysis Services in the Territory, shall require the prior written consent of Dialysis Center, which consent may be withheld by Dialysis Center in its sole and absolute discretion. This Agreement and the provisions hereof shall be binding upon, and inure to the benefit of, the Parties' permitted successors and assigns. Upon an assignment or transfer of this Agreement to an Affiliate pursuant to this Section 11.2, each Party shall remain liable under this Agreement for the duration of the Term.

11.3. Modification of Law. If at any time following the Term Start Date, the enactment or modification of any Law occurs and, as a result, either Party's performance of its obligations under this Agreement would not comply with such Law, either Party may, upon notice to the other Party, recommend an amendment to modify this Agreement to address those provisions of the Agreement that may not comply with such Law. The Parties agree to use their commercially reasonable efforts to modify this Agreement as necessary to bring it into compliance with the Law if that can be done while retaining, in all material respects, the essential rights and benefits of each Party under this Agreement, including the Purchase Commitment, the Supply Commitment, the collection, exchange and use of the Data and the ability for Dialysis Center Purchasers to earn the Discounts that the Dialysis Center Purchasers are eligible to receive hereunder. Promptly following the delivery of such notice describing the Law at issue and the proposed modifications to bring this Agreement into compliance with such Law, Dialysis Center and Amgen shall meet and in good faith seek to mutually agree to amend this Agreement to accommodate any such Law in accordance with this Section 11.3.

11.4. Conflicting Provisions. To the extent that any provisions of Amgen's general or customary policies and procedures or any terms of any purchase order conflict with or are in addition to the terms of this Agreement or any Exhibit or Schedule attached hereto, the terms of this Agreement and its Exhibits and Schedules shall govern.

11.5. Construction. This Agreement shall be deemed to have been jointly drafted by the Parties, and no rule of strict construction shall apply against either Party. As used herein, the word "including" shall mean "including, without limitation."

11.6. Counterparts; Facsimile/PDF Signatures. This Agreement may be executed in one or more counterparts, each of which shall be considered an original. The Parties agree that facsimile or PDF transmission of original signatures shall constitute and be accepted as original signatures.

11.7. Currency. All amounts herein are set forth in United States Dollars.

11.8. Force Majeure. Neither Party will be liable for delays in performance or nonperformance of this Agreement or any covenant contained herein if such delay or nonperformance is a result of acts of God, acts of civil or military authority, acts of any Governmental Authority, civil disobedience or commotion, epidemics, war, terrorist acts, failure or default of public utilities, destruction of production facilities or materials by fire, earthquake, storm or like catastrophe, or any other similar catastrophic events beyond the reasonable control and without the fault or negligence of a Party (all of the foregoing, a "Force Majeure Event"). Force Majeure Events shall not adversely affect Dialysis Center's eligibility for any Discounts.

11.9. Further Assurances. Each Party shall perform all further acts reasonably requested by the other to effectuate the purposes of this Agreement, including obtaining the Certifications under Section 6 or obtaining purchase data necessary from third parties to calculate any amounts payable pursuant to Exhibit A.

11.10. Governing Law. This Agreement shall be governed by the laws of the State of California (without regard to its conflict of law rules) and, except as otherwise set forth in this Agreement, the Parties submit to the jurisdiction of the California courts, both state and federal.

11.11. Merger/No Reliance. This Agreement, together with the Schedules, and the Exhibits constitutes the entire agreement, written or oral, of the Parties as of the Term Start Date concerning the subject matter hereof. The Parties acknowledge that, in making the determination to enter into this Agreement or otherwise, they have not relied, in whole or in part, on any promise, information, understanding, guarantees, discussions, representation, or warranty, expressed or implied, not contained specifically in this Agreement.

11.12. No Partnership. The relationship between Amgen and Dialysis Center is that of independent contractors, and not a partnership or an agency, franchise or other relationship. Neither Party shall have the authority to bind the other.

11.13. Notices. Any notice or other communication required or permitted hereunder (excluding purchase orders) shall be in writing and shall be deemed given or made five (5) days after deposit in the United States mail with proper postage for first-class registered or certified mail prepaid, return receipt requested, or when delivered personally or by facsimile (as shown by concurrent written transmission confirmation and confirmed by overnight mail), or one (1) day following traceable delivery to a nationally recognized overnight delivery service with instructions for overnight delivery, in each case addressed to the address set forth below, or at such designated address that either Party shall have furnished to the other in accordance with this Section 11.13:

11.14. Confidentiality. "Confidential Information" means any and all information provided by one Party and/or any of its Affiliates (including Managed Centers in the case of Dialysis Center) (the "Disclosing Party") to the other Party and/or any of its Affiliates (including Managed Centers in the case of Dialysis Center) (the "Non-Disclosing Party") which is identified in writing or orally as confidential by the Disclosing Party to the Non-Disclosing Party or given the nature of the information or circumstances surrounding its disclosure reasonably should be considered as confidential, whether in written, computerized, oral, tangible or intangible, and/or other form. Nothing in this Section 11.14 shall prohibit, Amgen from using the Data, the Compensation Data, and/or the Self-Reported Data as provided in Section 6 and Section 7.

11.14.1. Confidentiality Covenants. Except to the extent expressly authorized by this Agreement or otherwise agreed in writing by the Parties, the Non-Disclosing Party agrees that for the Term, and for a period of five (5) years following the Term, the Non-Disclosing Party will keep confidential and not publish or otherwise disclose to any Third Party or use for any purpose, other than in accordance with this Agreement, any Confidential Information, provided, however, that the Non-Disclosing Party may disclose any such Confidential Information to its directors, officers, employees, agents, consultants and advisors as necessary for the Non-Disclosing Party to carry out its rights and obligations under this Agreement on the condition that such directors, officers, employees, agents, consultants and advisors are bound by confidentiality provisions at least as restrictive as those contained in this Agreement. The confidentiality provisions contained in this Section 11.14 shall not apply to the extent that it can be established by the Non-Disclosing Party by competent proof that such Confidential Information:

(a) was generally available to the public or otherwise part of the public domain at the time of its disclosure to the Non-Disclosing Party by the Disclosing Party; or

(b) became generally available to the public or otherwise part of the public domain after its disclosure to the Non-Disclosing Party by the Disclosing Party and other than through any act or omission of the Non-Disclosing Party in breach of this Agreement; or

(c) was independently discovered or developed by the Non-Disclosing Party without the use of or reference to the Confidential Information belonging to the Disclosing Party.

11.14.2. Retention and Destruction of Confidential Information. At any time upon the written request of the Disclosing Party the Non-Disclosing Party shall promptly return to the Disclosing Party or destroy all Confidential Information. Notwithstanding the return or destruction of the Confidential Information to the Disclosing Party or such other party as designated by the Disclosing Party to the Non-Disclosing Party, the Non-Disclosing Party covenants and agrees that it will continue to abide by its obligations hereunder with respect to any and all Confidential Information.

11.14.3. Disclosures Required By Law. In the event that the Non-Disclosing Party and/or any of its directors, officers, employees, agents, consultants and advisors that have received any Confidential Information is required by Law (e.g., by oral questions, interrogatories, request for information or documents, subpoena, civil investigative demand, or similar process) to disclose any Confidential Information, the Non-Disclosing Party agrees to (and shall cause each of its directors, officers, employees, agents, consultants and advisors that have received any Confidential Information to) provide the Disclosing Party with immediate written notice of any such disclosure of Confidential Information that is required by Law in order to provide the Disclosing Party with an opportunity to seek a protective order or other similar order with respect to such Confidential Information. If disclosure of any Confidential Information is required by Law, the Non-Disclosing Party will (and will cause each of its directors, officers, employees, agents, consultants and advisors that have received any Confidential Information to) furnish only that portion of the Confidential Information which it is legally obligated to disclose by Law and consistent with the terms of any protective order or other similar order obtained by the Disclosing Party with respect to such Confidential Information required to be disclosed by Law.

11.14.4. Public Announcements; Authorized Disclosure. Neither Party shall make a public announcement or other public disclosure concerning this Agreement without the consent of the other Party, except that either Party may make such announcement or disclosure if it is required by applicable Law, reasonably necessary for any filings with any Governmental Authority or pursuant to the rules of any securities exchange or interdealer quotation system; provided, that the disclosing Party shall give reasonable prior advance notice of the proposed text of such announcement or disclosure to the other Party for its prior review and approval, which review and approval shall not be unreasonably conditioned, withheld or delayed. The proviso in the immediately preceding sentence shall not apply to Relevant Information included in any cost report filed under Title XVIII or Title XIX of the Social Security Act, or health care program of any Governmental Authority.

11.14.5. Confidential Terms. Notwithstanding the foregoing, each Party may disclose the terms of this Agreement in confidence under terms and conditions at least as restrictive as set forth herein on a need-to-know basis to its legal and financial advisors to the extent such disclosure shall be reasonably necessary in connection with such Party's activities as expressly permitted by this Agreement.

11.14.6. Enforcement. Each Party agrees that money damages alone would not be an adequate remedy for any breach of the terms and conditions of this Section 11.14. Therefore, in the event of a breach or threatened breach of this Section 11.14, the non-breaching Party may, in addition to other rights and remedies existing in its favor, apply to any court of competent jurisdiction for specific performance and/or injunctive and/or other relief in order to enforce and/or prevent any violation of the provisions of this Section 11.14 by the breaching Party (without proving monetary damages and/or posting a bond and/or other security).

11.15. Severability. Subject to the provisions of Section 11.3, if any one or more of the provisions of this Agreement is held to be invalid or unenforceable, the provisions shall be considered severed from this Agreement and shall not serve to invalidate any remaining provisions hereof.

11.16. Waiver. No Party shall be deemed to have waived any right hereunder, unless such waiver is expressed in a writing signed by such Party.

11.17. Open Records. To the extent required by §1861(v)(1)(I) of the Social Security Act, as amended, the Parties will allow the U.S. Department of Health and Human Services, the U.S. Comptroller General and their duly authorized representatives, access to this Agreement and all books, documents and records necessary to certify the nature and extent of costs incurred pursuant to it during the Term and for four (4) years following the last date any Amgen ESA or services are furnished under it. If Amgen carries out the duties of this Agreement through a subcontract worth $10,000 or more over a 12-month period with a related organization, the subcontract shall also contain an access clause to permit access by the U.S. Department of Health and Human Services, the U.S. Comptroller General, and their duly authorized representatives to the related organization's books and records.

11.18. Amgen's ESA Risk Evaluation and Mitigation Strategy Program. Dialysis Center and its Designated Affiliates and Managed Centers shall reasonably cooperate and comply with Amgen in Amgen's implementation of its ESA Risk Evaluation and Mitigation Strategy program as found at the FDA website: http://www.fda.gov/downloads/Drugs/DrugSafety/PostmarketDrugSafetyInformationforPatientsandProviders/UCM200105.pdf (the "FDA Website") and which may be modified from time to time by the FDA (the "Amgen ESA Risk Evaluation Program"). Dialysis Center shall refer to the FDA Website for updates to the Amgen ESA Risk Evaluation Program.

11.19. Recall. In the event the FDA initiates a mandatory recall or Amgen initiates a recall, field market withdrawal, stock recovery, or other similar action with respect to any Amgen ESA (a "Recall"), the Dialysis Center Purchasers shall cooperate with Amgen in implementing the Recall consistent with applicable Law, any industry guidance issued by the FDA, and the terms or procedures of the Recall, including reasonable cooperation with any Amgen designated Third Party vendors.

11.20. Non-Exclusive Remedies. Except as otherwise set forth herein and as set forth in the exclusive termination provision set forth in Section 10.2 and subject to the provisions of Section 9.1 and 9.2, the various rights and remedies provided in this Agreement are cumulative and in addition to any other rights and remedies the Parties may be entitled to pursue under law and equity, and the exercise of any of the rights in this Agreement will not impair the right of either Party to exercise any other right or remedy at law or equity.

1.1.1 "EPOGEN Fixed Price Rebate Percentage" shall mean, at any date of determination, an amount equal to: [(A minus B), divided by A] minus C, where (i) "A" equals EPOGEN WAC in effect at time of purchase; (ii) "B" equals EPOGEN Fixed Price, and (iii) "C" equals EPOGEN Base Invoice Discount Percentage. For example, a determination of the EPOGEN Fixed Price Rebate Percentage would be as follows:

EPOGEN Fixed Price Rebate Percentage Illustration:

[(EPOGEN WAC – EPOGEN Fixed Price) / EPOGEN WAC] – EPOGEN Base Invoice Discount Percentage

1.

1.1.2 "Qualified Gross Purchases of Aranesp" shall mean the amount of Aranesp purchased by Dialysis Center Purchasers during the Term from an Authorized Wholesaler (or from Amgen pursuant to Section 3.6) for use in providing Dialysis Services, and confirmed by Amgen through sales tracking data, including, without limitation, chargeback data from wholesalers. Qualified Gross Purchases of

Aranesp shall be calculated using the WAC in effect at the time of the relevant purchase, net of product returns and adjustments.

1.1.3 "Qualified Gross Purchases of EPOGEN" shall mean the amount of EPOGEN purchased by Dialysis Center Purchasers during the Term from an Authorized Wholesaler (or from Amgen pursuant to Section 3.6) for use in providing Dialysis Services, and confirmed by Amgen through sales tracking data, including, without limitation, chargeback data from wholesalers. Qualified Gross Purchases of EPOGEN shall be calculated using the WAC in effect at the time of the relevant purchase, net of product returns and adjustments.

1.2 Aranesp Fixed Price Rebate. Dialysis Center shall earn the Aranesp Fixed Price Rebate for each Quarter during the Term in the manner described below in this Section 2.2; provided, that, any Aranesp purchases by Dialysis Center Purchasers in a Quarter in excess of the [*] shall not be eligible for the Aranesp Fixed Price Rebate, except that any such Aranesp purchases made pursuant to Section 3.1.2.1 of the Agreement shall be eligible for the Aranesp Fixed Price Rebate.

1.2.1 Calculation of Aranesp Fixed Price Rebate. Amgen shall calculate the amount of Dialysis Center's Aranesp Fixed Price Rebate by multiplying the Qualified Gross Purchases of Aranesp during the applicable Quarter by the Aranesp Fixed Price Rebate Percentage for such Quarter.

1.2.2 Payment of Aranesp Fixed Price Rebate. Amgen will pay such Aranesp Fixed Price Rebate to Dialysis Center within ninety (90) days after the end of the corresponding Quarter.

1.2.3 Vesting of Aranesp Fixed Price Rebate. The Aranesp Fixed Price Rebate for a given Quarter shall vest on the last day of such Quarter.

1.3 EPOGEN Fixed Price Rebate. Dialysis Center shall earn the EPOGEN Fixed Price Rebate for each Quarter during the Term in the manner described below in this Section 2.3.

1.3.1 Calculation of EPOGEN Fixed Price Rebate. Amgen shall calculate the amount of Dialysis Center's EPOGEN Fixed Price Rebate by multiplying the Qualified Gross Purchases of EPOGEN during the applicable Quarter by the EPOGEN Fixed Price Rebate Percentage for such Quarter.

1.3.2 Payment of EPOGEN Fixed Price Rebate. Amgen will pay such EPOGEN Fixed Price Rebate to Dialysis Center within ninety (90) days after the end of the corresponding Quarter.

1.3.3 Vesting of EPOGEN Fixed Price Rebate. The EPOGEN Fixed Price Rebate for a given Quarter shall vest on the last day of such Quarter.

1. BEST NET PRICE REBATE

2.1 Definitions. In addition to the defined terms set forth in Section 2 of the Agreement, the following terms, as used in this Exhibit A, shall have the meaning ascribed below.

2.1.1 "Amgen Dialysis Contract" shall mean, as of any determination date, a contract between Amgen or one of its Affiliates and a Qualified Customer in effect as of such date that provides for such Qualified Customer to purchase EPOGEN or Aranesp for its own commercial use in providing Dialysis Services in the Territory.

2.1.2 "Lowest Aranesp Net Price" shall mean for each microgram of Aranesp purchased by a Dialysis Center Purchaser under this Agreement in any Quarter, the WAC in effect on the date of purchase less for such Quarter (i) the Discounts that Dialysis Center is eligible to earn under this Agreement during the applicable Quarter, including the Base Invoice Discount, and the Aranesp Fixed Price Rebate, as applicable, and (ii) any other discount, rebate or other price adjustment received by a Dialysis Center Purchaser per microgram of Aranesp which is not exempt from consideration in the calculation of Best Price as defined by the Social Security Act at section 1927(c)(1)(C), as amended, and as implemented by regulation. The Lowest Aranesp Net Price shall not take into account any reallocation of discount for purposes of any reports filed under Title XVIII or Title XIX of the Social Security Act, under any health care program of a Governmental Authority or pursuant to any other Law.

2.1.3 "Lowest EPOGEN Net Price" shall mean for each 1,000 IUs of EPOGEN purchased by a Dialysis Center Purchaser under this Agreement in any Quarter, the WAC in effect on the date of purchase less for such Quarter (i) the Discounts that Dialysis Center is eligible to earn under this Agreement during the applicable Quarter, including the Base Invoice Discount, the EPOGEN Fixed Price Rebate, as applicable, and (ii) any other discount, rebate or other price adjustment received by a Dialysis Center Purchaser per 1,000 IUs of EPOGEN which is not exempt from consideration in the calculation of Best Price as defined by the Social Security Act at section 1927(c)(1)(C), as amended, and as implemented by regulation. The Lowest EPOGEN Net Price shall not take into account any reallocation of discount for purposes of any reports filed under Title XVIII or Title XIX of the Social Security Act, under any health care program of a Governmental Authority or pursuant to any other Law.

2.1.4 "Lowest Qualified Customer Aranesp Net Price" shall mean for purposes of determining the Best Net Aranesp Price Rebate, the lowest Qualified Customer Aranesp Net Price in any Best Net Aranesp Price Event recorded from the Term Start Date through the date of such determination.

2.1.5 "Lowest Qualified Customer EPOGEN Net Price" shall mean for purposes of determining the Best Net EPOGEN Price Rebate, the lowest Qualified Customer EPOGEN Net Price in any Best Net EPOGEN Price Event recorded from the Term Start Date through the date of such determination.

2.1.6 "Qualified Customer" shall mean a (i) Third Party commercial enterprise collectively with all of its Affiliates or (ii) any dialysis facility in which a Third Party commercial enterprise and/or any of its Affiliates has an ownership interest of less than fifty percent (50%) but for which the Third Party commercial enterprise and/

or any of its Affiliates provides management services or administrative services in which it controls the selection or procurement of ESAs that, in the case of either (i) or (ii) above, (a) has entered into an Amgen Dialysis Contract and (b) is not exempt from consideration in the calculation of Best Price as defined by the Social Security Act at section 1927(c)(1)(C), as amended, and as implemented by regulation (e.g., any hospital participating in 340B Drug Pricing Program, any qualified state pharmaceutical assistance program, or any purchaser under the Federal Supply Schedule would not be a "Qualified Customer" for purposes of this Agreement).

2.1.7 "Qualified Customer Aranesp Net Price" shall mean for each microgram of Aranesp purchased by a Qualified Customer in any Quarter, whether directly as a party to an Amgen Dialysis Contract or as a member of a group purchasing organization that is a party to an Amgen Dialysis Contract, [*] percent ([*]%) [*]; provided, that if any such discounts and rebates once paid are subsequently returned, revised or withdrawn, including pursuant to any retroactive amendment of the Amgen Dialysis Contract or payment settlement (whether in such Quarter or any subsequent Quarter), the applicable "Qualified Customer Aranesp Net Price" shall be based on the discounts, rebates and chargebacks taking into full account such returns, revisions or withdrawals. The Qualified Customer Aranesp Net Price shall not take into account any reallocation of discount for purposes of any reports filed under Title XVIII or Title XIX of the Social Security Act, under any health care program of a Governmental Authority or pursuant to any other Law.

2.1.8 "Qualified Customer EPOGEN Net Price" shall mean for each 1,000 IUs of EPOGEN purchased by a Qualified Customer in any Quarter, whether directly as a party to an Amgen Dialysis Contract or as a member of a group purchasing organization that is a party to an Amgen Dialysis Contract, the lower of either (a) [*] percent ([*]%) [*], provided, that if any such discounts and rebates once paid are subsequently returned, revised or withdrawn, including pursuant to any retroactive amendment of the Amgen Dialysis Contract or payment settlement (whether in such Quarter or any subsequent Quarter), the applicable "Qualified Customer EPOGEN Net Price" shall be based on the discounts, rebates and chargebacks taking into full account such returns, revisions or withdrawals; or (b) [*]. The Qualified Customer EPOGEN Net Price shall not take into account any reallocation of discount for purposes of any reports filed under Title XVIII or Title XIX of the Social Security Act, under any health care program of a Governmental Authority or pursuant to any other Law.

2.2 Best Net Aranesp Price Rebate. Dialysis Center shall earn the Best Net Aranesp Price Rebate, if any, for each Quarter during the Term in accordance with the terms and conditions set forth in this Section 3.2, provided, that, it meets the requirements described below in Section 3.2.1 and provided further, that, any Aranesp purchases by Dialysis Center Purchasers in a Quarter in [*] shall not be eligible for the Best Net Aranesp Price Rebate, except that any such Aranesp purchase made pursuant to Section 3.1.2.1 of the Agreement shall be eligible for the Best Net Aranesp Price Rebate.

2.2.1 Eligibility for Best Net Aranesp Price Rebate. Dialysis Center shall be eligible to receive the Best Net Aranesp Price Rebate as of the date on which any Qualified Customer receives a Qualified Customer Aranesp Net Price that is lower than the Lowest Aranesp Net Price ("Best Net Aranesp Price Event") and [*], so long as the Lowest Qualified Customer Aranesp Net Price is lower than the Lowest

Aranesp Net Price, if either (a) the aggregate net sales for all Aranesp purchased by any such Qualified Customer who received a Qualified Customer Aranesp Net Price that is lower than the Lowest Aranesp Net Price during a Quarter in which the Best Net Aranesp Price Event occurred were greater than [*] percent ([*]%) of the aggregate net sales of Aranesp to all purchasers in the Territory in such Quarter or (b) the aggregate net sales for all Aranesp purchased during a Quarter by all Qualified Customers in the aggregate who received a Qualified Customer Aranesp Net Price that is lower than the Lowest Aranesp Net Price were greater than [*] percent ([*]%) of the aggregate net sales of Aranesp to all purchasers in the Territory in such Quarter. Amgen's calculation of the Best Net Aranesp Price Rebate shall not take into account any reallocation of discounts for purposes of any reports filed under Title XVIII or Title XIX of the Social Security Act, under any health care program of a Governmental Authority or pursuant to any other Law.

2.2.2 Calculation of Best Net Aranesp Price Rebate. Subject to the conditions set forth in Section 3.2.1 above, Amgen shall calculate the amount of Dialysis Center's Best Net Aranesp Price Rebate for any Quarter by subtracting the Lowest Qualified Customer Aranesp Net Price from the Lowest Aranesp Net Price for such Quarter, and if the difference is positive, multiplying such difference by the number of micrograms of Aranesp purchased by Dialysis Center Purchasers in such Quarter.

x
(Number of micrograms of Aranesp purchased by Dialysis Center Purchasers in the Quarter)]*

*If the foregoing product results in a negative number, such amount shall be deemed to equal zero

2.2.3 Payment of Best Net Aranesp Price Rebate Amount. Amgen will pay the Best Net Aranesp Price Rebate to Dialysis Center within ninety (90) days after the end of the corresponding Quarter.

2.2.4 Vesting of Best Net Aranesp Price Rebate. The Best Net Aranesp Price Rebate for a given Quarter shall vest on the last day of such Quarter.

2.3 Best Net EPOGEN Price Rebate. Dialysis Center shall earn the Best Net EPOGEN Price Rebate, if any, for each Quarter during the Term in accordance with the terms and conditions set forth in this Section 3.3, provided, that it meets the requirements described below in Section 3.3.1.

2.3.1 Eligibility for Best Net EPOGEN Price Rebate. Dialysis Center shall be eligible to receive the Best Net EPOGEN Price Rebate as of the date on which any Qualified Customer receives a Qualified Customer EPOGEN Net Price that is lower than the Lowest EPOGEN Net Price ("Best Net EPOGEN Price Event") and, [*], so long as the Lowest Qualified Customer EPOGEN Net Price is lower than the Lowest EPOGEN Net Price, if either (a) the aggregate net sales for all EPOGEN purchased by any such Qualified Customer who received a Qualified

Customer EPOGEN Net Price that is lower than the Lowest EPOGEN Net Price during a Quarter in which the Best Net EPOGEN Price Event occurs were greater than [*] percent ([*]%) of the aggregate net sales of EPOGEN to all purchasers in the Territory in such Quarter or (b) the aggregate net sales for all EPOGEN purchased during such Quarter by all Qualified Customers in the aggregate who received a Qualified Customer EPOGEN Net Price that is lower than the Lowest EPOGEN Net Price were greater than [*] percent ([*]%) of the aggregate net sales of EPOGEN to all purchasers in the Territory in such Quarter. Amgen's calculation of the Best Net EPOGEN Price Rebate shall not take into account any reallocation of discounts for purposes of any reports filed under Title XVIII or Title XIX of the Social Security Act, under any health care program of a Governmental Authority or pursuant to any other Law.

2.3.2 Calculation of Best Net EPOGEN Price Rebate. Subject to the conditions set forth in Section 3.3.1 above, Amgen, shall calculate the amount of Dialysis Center's Best Net EPOGEN Price Rebate for any Quarter by subtracting the Lowest Qualified Customer EPOGEN Net Price from the Lowest EPOGEN Net Price for such Quarter, and if the difference is positive, multiplying such difference by the number of IUs of EPOGEN purchased by Dialysis Center Purchasers in such Quarter.

2.3.3 Payment of Best Net EPOGEN Price Rebate Amount. Amgen will pay the Best Net EPOGEN Price Rebate to Dialysis Center within ninety (90) days after the end of the corresponding Quarter.

2.3.4 Vesting of Best Net EPOGEN Price Rebate. The Best Net EPOGEN Price Rebate for a given Quarter shall vest on the last day of such Quarter.

2.4 Quarterly Report. Within ninety (90) days of the end of each Quarter, Amgen shall provide Dialysis Center as part of the Discount Reports required under Section 4.7 of the Agreement, a written statement of the Best Net Aranesp Price Rebate and the Best Net EPOGEN Price Rebate Dialysis Center has earned in such Quarter, if any, consistent with the requirements set forth in Section 4.7 of the Agreement.

2.5 Audit Rights. In the event Dialysis Center has a reasonable basis to believe that any Best Net Aranesp Price Rebate or Best Net EPOGEN Price Rebate data, calculations or determinations made by Amgen are inaccurate or incomplete in any material respect, Dialysis Center, shall provide Amgen an Objection Notice within thirty (30) days of the quarterly report and follow the Audit Process set forth in Section 4.3 of the Agreement to resolve any dispute regarding the Best Net Aranesp Price Rebate or Best Net EPOGEN Price Rebate.

Exhibit 10.2

EMPLOYMENT AGREEMENT

This Employment Agreement (this "Agreement") is made effective as of April __, 2016 (the "Effective Date"), by and between DaVita HealthCare Partners Inc. ("Parent") and one of its controlled affiliates ("Employer", and collectively with Parent, "DaVita") and Kathleen A. Waters ("Employee").

In consideration of the mutual covenants and agreements hereinafter set forth and for other good and valuable consideration, the parties hereto, intending to be legally bound hereby, agree as follows:

Section 1. Employment and Duties. Employer hereby employs Employee to serve initially as Chief Legal Officer. Employee accepts such employment on the terms and conditions set forth in this Agreement. Employee shall perform the duties of Chief Legal Officer or any additional or different duties or jobs as the Employer deems appropriate. Initially, Employee shall work out of El Segundo, California, although Employee will travel to Denver, Colorado and other locations as necessary, and the work location is subject to change to suit business needs. Employee agrees to devote substantially all of her time, energy, and ability to the business of Employer on a full-time basis and shall not engage in any other business activities during the term of this Agreement, including but not limited to providing consulting services to any investment firm, such as a hedge fund, provided however, Employee may pursue normal charitable activities so long as such activities do not require a substantial amount of time and do not interfere with her ability to perform her duties. Employee agrees that she shall not serve on the board of directors, advisory board, or similar oversight body of any not-for-profit or for-profit company, entity or institution without the express written approval of the Chief Executive Officer of Parent or the Board of Directors. Employee shall at all times observe and abide by the Employer's policies and procedures as in effect from time to time.

Section 2. Compensation. In consideration of the services to be performed by Employee hereunder, Employee shall receive the following compensation and benefits:

2.1 Base Salary. Employer shall pay Employee a base salary of $540,000 per annum, less standard withholdings and authorized deductions. Employee shall be paid consistent with Employer's payroll schedule. The base salary will be reviewed from time to time. Employer, in its sole discretion, may increase the base salary as a result of any such review. Employer may not reduce Employee's base salary unless the Employee authorizes it in writing or the Employer is reducing the base salary of other similarly-situated executives by a similar percentage.

2.2 Benefits. Employee and/or her family, as the case may be, shall be eligible for participation in and shall receive all benefits under Employer's health and welfare benefit plans (including, without limitation, medical, prescription, dental, disability, and life insurance) under the same terms and conditions applicable to most executives at similar levels of compensation and responsibility.

2.3 Performance Bonus.

(a) Employee shall be eligible to receive a discretionary performance bonus (the "Bonus") between zero and $750,000, payable in a manner consistent with Employer's practices and procedures. The amount of the Bonus, if any, will be decided by the Chief Executive Officer of Parent and/or the Board of Directors or the Compensation Committee of the Board in his/her/its sole discretion.

(b) In deciding on the amount of the Annual Performance Bonus, if any, the Chief Executive Officer of Parent and/or the Board of Directors or the Compensation Committee of the Board may consider the competitive market for the services provided by employees who are performing the same or similar duties as Employee is providing Employer and who have similar background and experience.

(c) Except as set forth in Section 3.5, Employee must be employed by Employer (or an affiliate) on the date any Bonus is paid to be eligible to receive such Bonus and, if Employee is not employed by Employer on the date any Bonus is paid for any reason whatsoever, Employee shall not be entitled to receive such Bonus.

2.4 Vacation. Employee shall have vacation, subject to the approval of Employee's direct manager.

2.5 Housing Allowance. Employer shall pay Employee a housing allowance from the date Employee begins employment with Employer through 2017. Employee shall use the housing allowance for short-term lodging in Denver, Colorado during that time although Employee will still be based in El Segundo, California.

2.6 Relocation to Denver, Colorado. Employee shall relocate to Denver, Colorado promptly following her daughter's completion of high school.

2.7 Restricted Stock Units. Employer shall recommend that Parent grant Employee, pursuant to the applicable incentive award plan, an award of restricted stock units ("RSUs") with an estimated value (where value is calculated on a basis substantially similar to that used for the most recent broad-based set of long-term incentive program awards made to other similarly situated employees of DaVita) of approximately $533,000. This award shall vest 50% each on approximately the second and third anniversaries of the grant date. The terms of the RSU award will be subject to approval by the appropriate authorized body or Officer and will be set forth in a separate RSU award agreement to be signed by both Employee and Parent. That award agreement may include, among other provisions, a noncompetition agreement.

2.8 Stock Appreciation Rights. Employer shall recommend that Parent grant Employee, pursuant to the applicable incentive award plan, an award of stock-settled stock appreciation rights ("SSARs") with an estimated value of approximately $533,000, upon appropriate approval. This award shall have a five-year term and vest 50% on the second and third anniversaries of the grant date. The base price of the award shall be the closing price as reported on the New York Stock Exchange on the start date of Employee's employment, or the date the SSAR award has been formally approved by the appropriate authorized body or Officer, whichever date is later. The terms of the SSAR award will be subject to approval by the appropriate authorized body or Officer and will be set forth in a separate SSAR award agreement to be signed by both Employee and Parent. That award agreement may include, among other provisions, a noncompetition agreement.

2.9 Long-Term Incentive Award . Employer shall recommend that Parent grant Employee, pursuant to the applicable incentive award plan, a long-term performance-based cash award ("cash LTIP award") under Parent's long-term incentive program (LTIP) for its Kidney Care business of $533,000 at target, upon appropriate approval during Parent's 2016 annual grant period. This cash LTIP award will be based on a three-year performance period and shall vest 100% in April 2019. The target award amount assumes 100% achievement of specific performance criteria to be outlined in the award agreement, but the actual award amount will be less than the target award amount, and may be zero, if the identified performance criteria are not achieved at 100%. If Employee's employment ends for any reason before Employee becomes 100% vested in the cash LTIP award, Employee will forfeit the right to receive payment for any unvested portion of the award without regard to the level of achievement made against the performance metrics through such date. The cash LTIP award will be subject to formal approval by the appropriate authorized body or Officer, and the terms of such award will be set forth in a separate agreement to be signed by both Employee and Parent. That award agreement may include, among other provisions, a noncompetition agreement.

2.10 Management Share Ownership Policy. Employee shall review and understand the terms of the Management Share Ownership Policy with respect to all equity-based awards to the extent that the policy applies to Employee.

2.11 Return of Compensation or other Property Received in Connection with Director, Officer, Shareholder or Similar Position. All fees, compensation, other remuneration, dividends, distributions, or other property or financial benefit received by Employee in connection with Employee's position as a director, officer, member, shareholder, partner or any other similar position of any controlled or uncontrolled direct or indirect subsidiary or affiliate of Employer, or other contractual obligor to Employer or any of its subsidiaries or affiliates the obligations of which constitute revenue to Employer or any of its subsidiaries or affiliates and of which Employee beneficially owns or has the right to acquire, directly or indirectly, 10% or more of the equity interests or has the power to vote 10% or more of the voting interests, shall belong to Employer and shall

be immediately remitted to Employer. Notwithstanding the foregoing, this provision shall not apply to any amounts payable to, earned by, received by or otherwise due to Employee as employment compensation from Employer or any of its subsidiaries or affiliates, or any dividends or other distributions received by Employee in Employee's capacity as a stockholder of Parent.

2.12 Indemnification. Employer agrees to indemnify and defend Employee, including the payment of reasonable attorneys' fees and costs, against and in respect of any and all claims, actions, or demands, to the extent permitted by the Employer's By-laws and applicable law.

2.13 Reimbursement. Employer also agrees to reimburse Employee in accordance with Employer's reimbursement policies for travel and entertainment expenses, as well as other business-related expenses, incurred in the performance of her duties hereunder.

2.14 Changes to Benefit Plans. Employer reserves the right to modify, suspend, or discontinue any and all of its health and welfare benefit plans, practices, policies, and programs at any time without recourse by Employee so long as such action is taken generally with respect to all other similarly-situated peer executives and does not single out Employee.

2.15 Possible Recoupment of Certain Compensation. Notwithstanding any other provision in this Agreement to the contrary, Employee shall be subject to the written policies of the Board of Directors applicable to executives of the Employer, including without limitation any Board policy relating to recoupment or "claw back" of compensation, as they exist from time to time during the Employee's employment by the Employer and thereafter.

Section 3. Provisions Relating to Termination of Employment.

3.1 Employment Is At-Will. Employee's employment with Employer is "at will" and is terminable by Employer or by Employee at any time and for any reason or no reason, subject to the notice requirements set forth below.

3.2 Termination for Material Cause. Employer may terminate Employee's employment without advance notice for Material Cause (as defined below). Upon termination for Material Cause, Employee shall (i) be entitled to receive the Base Salary and benefits as set forth in Section 2.1 and Section 2.2, respectively, through the effective date of such termination and (ii) not be entitled to receive any other compensation, benefits, or payments of any kind, except as otherwise required by law or by the terms of any benefit or retirement plan or other arrangement that would, by its terms, apply.

3.3 Other Termination. Employer may terminate the employment of Employee for any reason or for no reason at any time upon at least thirty (30) days' advance written notice. If Employer terminates the employment of Employee for reasons other than for death, Material Cause, or Disability, and contingent upon Employee's execution of the Employer's standard Severance and General Release Agreement within twenty-eight days of the termination of Employee's employment,

Employee shall be entitled to the benefits set forth in the DaVita HealthCare Partners Inc. Severance Plan, pursuant to the terms and conditions of that plan as they exist at the time of the termination of Employee's employment. For purposes of this provision, Employee's employment has been terminated when Employee is no longer providing services for Employer after a specific date or the level of bona fide services that Employee would perform (as an employee or independent contractor) after a specific date would permanently decrease to no more than 20% of the average level of bona fide services performed over the immediately preceding thirty-six month period (or the full period of service if Employee was employed for less than thirty-six months).

During the period of time when Employee receives benefits under the Severance Plan, Employee agrees to (1) make herself available to answer questions and to cooperate in the transition of her duties, (2) respond to any inquiries from the compliance department, including making herself available for interview, and (3) cooperate with Employer in the prosecution and/or defense of any claim, including making herself available for any interview, appearing at depositions, and producing requested documents. Employer shall reimburse Employee for any out-of-pocket expenses she may incur.

3.4. Voluntary Resignation. Employee may resign from Employer at any time upon at least ninety (90) days' advance written notice. If Employee resigns from Employer for any reason other than Good Cause, as defined below, Employee shall (i) be entitled to receive the base salary and benefits as set forth in Section 2.1 and Section 2.2, respectively, through the effective date of such termination and (ii) not be entitled to receive any other compensation, benefits, or payments of any kind, except as otherwise required by law or by the terms of any benefit or retirement plan or other arrangement that would, by its terms, apply. In the event Employee resigns from Employer at any time, Employer shall have the right to make such resignation effective as of any date before the expiration of the required notice period.

3.5 Good Cause Resignation. If Employee resigns for Good Cause, as defined below, and contingent upon Employee's execution of the Employer's standard Severance and General Release Agreement within twenty-eight days of the termination of Employee's employment, Employee shall (i) be entitled to receive the base salary and benefits as set forth in Section 2.1 and Section 2.2 respectively, through the effective date of such resignation, (ii) be entitled to the benefits set forth in the DaVita HealthCare Partners Inc. Severance Plan, pursuant to the terms and conditions of that plan as they exist at the time of the termination of Employee's employment except for the requirement that a teammate is only eligible for severance if the teammate's employment is terminated involuntarily, but in no event shall such benefits include less than a right to receive continuation of her base salary for the twelve-month period following the termination of her employment, subject to Employer's payroll practices and procedures, (iii) if Employee's employment is terminated after April in a given year, receive a lump-sum payment equal to the Bonus paid in the year prior to the termination of Employee's employment, pro-rated for the number of months served in the year Employee's employment is terminated, to be paid on or around the time Employer normally pays performance bonuses to other senior executives so long as she has complied with the terms of all agreements relating to nonsolicitation, noncompetition, and confidentiality, and (iv) not be entitled to any other compensation, benefits, or payments of any kind, except as otherwise required by law or by the terms of any benefit or retirement plan or other arrangement that would by its terms, apply.

3.6 Disability. Upon thirty (30) days' advance notice (which notice may be given before the completion of the periods described herein), Employer may terminate Employee's employment for Disability (as defined below).

3.7 Definitions. For the purposes of this Agreement, the following terms shall have the meanings indicated:

(a) "Good Cause" shall mean the occurrence of the following events without Employee's express written consent: (i) Employer materially diminishes the scope of Employee's duties and responsibilities; (ii) Employer materially reduces Employee's base salary; or (iii) Employer requires Employee to relocate more than fifty (50) miles from El Segundo, California or Denver, Colorado. Notwithstanding the above, the occurrence of any such condition shall not constitute Good Cause unless the Employee provides notice to Employer of the existence of such condition not later than 90 days after the initial existence of such condition, and Employer shall have failed to remedy such condition within 30 days after receipt of such notice.

(b) "Disability" shall mean the inability, for a period of six (6) months, to adequately perform Employee's regular duties, with or without reasonable accommodation, due to a physical or mental illness, condition, or disability.

(c) "Material Cause" shall mean any of the following: (i) conviction of a felony or plea of no contest to a felony; (ii) any act of fraud or dishonesty in connection with the performance of her duties; (iii) repeated failure or refusal by Employee to follow policies or directives reasonably established by the Chief Executive Officer of Parent or his/her designee that goes uncorrected for a period of ten (10) consecutive days after written notice has been provided to Employee; (iv) a material breach of this Agreement; (v) any gross or willful misconduct or gross negligence by Employee in the performance of her duties; (vi) egregious conduct by Employee that brings Parent or any of its subsidiaries or affiliates into public disgrace or disrepute; (vii) an act of unlawful discrimination, including sexual harassment; (viii) a violation of the duty of loyalty or of any fiduciary duty; or (ix) exclusion or notice of exclusion of Employee from participating in any federal health care program.

3.8 Notice of Termination. Any purported termination of Employee's employment by Employer or by Employee shall be communicated by a written Notice of Termination to the other party hereto in accordance with Section 5 hereof. A "Notice of Termination" shall mean a written notice that indicates the specific termination provision in this Agreement.

3.9 Effect of Termination. Upon termination, this Agreement shall be of no further force and effect and neither party shall have any further right or obligation hereunder; provided, however, that no termination shall modify or affect the rights and obligations of the parties that have accrued prior to termination; and provided further, that the rights and obligations of the parties under Section 3, Section 4, and Section 5 shall survive termination of this Agreement.

3.10 Notwithstanding any provision herein to the contrary, in the event that any payment to be made to Employee hereunder (whether pursuant to this Section 3 or any other Section)

as a result of Employee's termination of employment is determined to constitute "deferred compensation" subject to Section 409A of the Internal Revenue Code, and Employee is a "Key Employee" under the DaVita Inc. Key Employee Policy for 409A Arrangements at the time of Employee's termination of employment, all such deferred compensation payments payable during the first six (6) months following Employee's termination of employment shall be delayed and paid in a lump sum during the seventh calendar month following the calendar month during which Employee's termination of employment occurs.

Section 4: Confidentiality, Noncompetition, Nonsolicitation and Intellectual Property Agreement. Employee, contemporaneously herewith, shall enter into a Confidentiality, Noncompetition, Nonsolicitation, and Intellectual Property Agreement, the terms of which are incorporated herein and made a part hereof as though set forth in this Agreement.

Section 5. Miscellaneous.

5.1 Entire Agreement; Amendment. This Agreement represents the entire understanding of the parties hereto with respect to the employment of Employee and supersedes all prior agreements with respect thereto. This Agreement may not be altered or amended except in writing executed by both parties hereto.

5.2 Assignment; Benefit. This Agreement is personal and may not be assigned by Employee. This Agreement may be assigned by Employer and shall inure to the benefit of and be binding upon the successors and assigns of Employer.

5.3. Applicable Law; Venue. This Agreement shall be governed by the laws of the State of Colorado without regard to the principles of conflicts of laws. Both parties agree that any action relating to this Agreement shall be brought in a state or federal court of competent jurisdiction located in the State of Colorado and both parties agree to exclusive venue in the State of Colorado.

5.4 Notice. Notices and all other communications provided for in this Agreement shall be in writing and shall be deemed to have been duly given when delivered or mailed by United States registered mail, return receipt requested, postage prepaid, addressed to Employer at its principal office and to Employee at Employee's principal residence as shown in Employer's personnel records, provided that all notices to Employer shall be directed to the attention of the Chief Executive Officer of Parent, or to such other address as either party may have furnished to the other in writing in accordance herewith, except that notice of change of address shall be effective only upon receipt.

5.5 Construction. Each party has cooperated in the drafting and preparation of this Agreement. Hence, in any construction to be made of this Agreement, the same shall not be construed against any party on the basis that the party was the drafter. The captions of this Agreement are not part of the provisions hereof and shall have no force or effect.

5.6 Execution. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. Photographic or facsimile copies of such signed counterparts may be used in lieu of the originals for any purpose.

5.7 Legal Counsel. Employee and Employer recognize that this is a legally binding contract and acknowledge and agree that they have had the opportunity to consult with legal counsel of their choice.

5.8 Waiver. The waiver by any party of a breach of any provision of this Agreement by the other shall not operate or be construed as a waiver of any other or subsequent breach of such or any provision.

5.9 Invalidity of Provision. In the event that any provision of this Agreement is determined to be illegal, invalid, or void for any reason, the remaining provisions hereof shall continue in full force and effect.

5.10 Approval by DaVita HealthCare Partners Inc. as to Form. The parties acknowledge and agree that this Agreement shall take effect and be legally binding upon the parties only upon full execution hereof by the parties and upon approval by DaVita HealthCare Partners Inc. as to the form of hereof.

IN WITNESS WHEREOF, the parties hereto have entered into this Agreement effective as of the date and year first written above.

DAVITA HEALTHCARE PARTNERS INC.
RATIO OF EARNINGS TO FIXED CHARGES

The ratio of earnings to fixed charges is computed by dividing earnings by fixed charges. Earnings for this purpose are defined as pretax income from continuing operations adjusted by adding back fixed charges expensed during the period less noncontrolling interests. Fixed charges include debt expense (interest expense and the amortization of deferred financing costs), the estimated interest component of rent expense on operating leases, and capitalized interest.
